

APPLICATION

FOR ENCROACHMENTS & ENCUMBRANCES IN THE PUBLIC RIGHT-OF-WAY

An Encroachment Permit is required prior to placing privately-owned improvements ("Encroachment" or "Encumbrance") in the public Right-of-Way (ROW). Only Encroachment Permit Applications in accordance with [Rules and Regulations](#) and [Permit Entrance Requirements](#) for Encroachments in the Public Right-of-Way will be considered by the Department of Transportation & Infrastructure (DOTI). **It is the City's sole discretion whether to grant an Encroachment Permit based on any facts the City feels are relevant. Approval is not guaranteed.**

To apply, complete this application and submit together with required application materials in accordance with the [Permit Entrance Requirements](#) to DOTI.ER@denvergov.org. Please type or print clearly. If necessary, attach additional sheets to fully answer any of the following sections. Incomplete applications packages will not be accepted. Questions on this application or the process can be sent to DOTI.ER@denvergov.org.

ENCROACHMENT OWNER/ADJACENT PROPERTY OWNER:

The adjacent property owner will be the Encroachment Owner and Permittee and is the responsible party for the Encroachment in accordance with the Rules and Regulations, including all fees and annual billing.

Is this project associated with a LAND DEVELOPMENT REVIEW?

Yes ☐ No ☒ If 'Yes', provide Project Master, Site Plan and/or Concept Development Project Numbers:

Location Description: (e.g. Located on the South side of 23rd Ave, twenty (20) feet from face of curb, and ten (10) feet west of pavement on Private Drive.)

Located on the East side of Humboldt Street, 89'-0" from East 17th Avenue and Located on the North side of 17th Avenue, 11'-0" from the face of the curb, and 20'-0" from the public alley.

Description of Encroachment:

Describe the proposed encroachment, including the type, dimensions, and quantity of objects. If the space below is not enough space to describe the encroachment, attach the description as a sheet. Additionally, provide required application materials in accordance with the Permit Entrance Requirements. It is not acceptable to use "please see attached plans" or other vague descriptors.

We are proposing new heaters suspended from new post and beam steel structures above existing patio spaces in the public ROW. The steel structures are not covered and will not provide walls for the patios. The steel structures will not extend above the existing building.

Justification for Private Improvements in the Public ROW:

Private improvements should be located on private property. Only in cases where there are physical constraints that preclude the placement of private improvements on private property that an encroachment may be considered within the right-of-way. Make your case as to why this is a good use of the public right-of-way. It is not acceptable to use "you want/need it" or other vague descriptors.

The Dos Santos patio along 17th Avenue is existing and approved in Resolution No. CR 15-0171. The proposed changes include adding the area as outlined in Exhibit A and on the site plan of an existing patio space on the East side of Humboldt for White Pie to that of the resolution and allowing for the permitted use of heaters and support structure for the existing patios. These heater systems would not further interfere in the public ROW and will not extend beyond the footprint of the existing patios.

FOR ER INTERNAL USE ONLY:

ATTESTATION:

By submitting this permit application and signing below, I understand and agree to the following:

1. That I am the property owner adjacent to the Encroachment Area, or the authorized representative of a Special District, that is responsible for the placement, maintenance, repair, replacement, removal, site restoration, ownership, or is otherwise responsible for the Encroachment in accordance with the Rules & Regulations for Encroachments and Encumbrances in the Public Right-of-Way.
2. That it is the City's sole discretion to classify the Tier of an Encroachment and whether to grant an Encroachment Permit based on any facts the City feels are relevant. The issuance of an Encroachment Permit confers no rights to the Right-of-Way, the Encroachment Permit is revocable and DOTI can order the removal of the Encroachment and restoration of the Encroachment Area for any reason the City feels relevant.
3. Permittee agrees to defend, indemnify, reimburse and hold harmless the City, its appointed and elected officials, agents and employees for, from and against all liabilities, claims, judgments, suits or demands for damages to persons or property arising out of, resulting from, or relating to an Encroachment Permit and the Encroachment ("Claims"). This indemnity shall be interpreted in the broadest possible manner to indemnify City for any acts or omissions of Permittee or its subcontractors either passive or active, irrespective of fault, including City's negligence whether active or passive.
4. Permittee's duty to defend and indemnify City shall arise at the time written notice of the Claim is first provided to City regardless of whether claimant has filed suit on the Claim. Permittee's duty to defend and indemnify City shall arise even if City is the only party sued by claimant and/or claimant alleges that City's negligence or willful misconduct was the sole cause of claimant's damages.
5. Permittee will defend any and all Claims which may be brought or threatened against City and will pay on behalf of City any expenses incurred by reason of such Claims including, but not limited to, court costs and attorney fees incurred in defending and investigating such Claims or seeking to enforce this indemnity obligation. Such payments on behalf of City shall be in addition to any other legal remedies available to City and shall not be considered City's exclusive remedy.
6. Insurance coverage requirements specified in an Encroachment Permit shall in no way lessen or limit the liability of Permittee under the terms of this indemnification obligation. Permittee shall obtain, at its own expense, any additional insurance that it deems necessary for the City's protection.
7. This defense and indemnification obligation shall survive the expiration or termination of any issued Encroachment Permit.
8. Permittee is fully responsible for all costs to install, maintain, repair, replace, remove, and restore the Encroachment Area, including annual City Encroachment Permit Fees. A lien will be placed on the Permittee's property for failure to remove a revoked or abandoned Encroachment for cost incurred by CCD to remove the Encroachment and restore the Encroachment Area on behalf of the Permittee.
9. Indemnity and Insurance for Tier I and Tier II Encroachments: Pursuant to and not superseding any General Terms and Conditions, as a condition for placement of a Tier I or Tier II Encroachment, the Owner of such Tier I or Tier II Encroachment shall hold CCD harmless from all loss or damage to persons or property on account of injury arising from the construction, repair, or maintenance of the Tier I or Tier II Encroachment. Obtain and Maintain a Commercial General Liability insurance policy with limits of \$1,000,000 for each occurrence, \$1,000,000 for each personal and advertising injury claim, \$2,000,000 products and completed operations aggregate, and \$2,000,000 policy aggregate. The City and County of Denver, its Elected and Appointed Officials, Employees and Volunteers shall be included as Additional Insured.
10. Indemnity and Insurance for Tier III Encroachments: Pursuant to and not superseding any General Terms and Conditions, as a condition for placement of a Tier III Encroachment, the Owner of such Tier III Encroachment shall hold CCD harmless from all loss or damage to persons or property on account of injury arising from the construction, repair, or maintenance of the Tier III Encroachment. Obtain and Maintain a Commercial General Liability insurance policy with limits of \$1,000,000 for each occurrence, \$1,000,000 for each personal and advertising injury claim, \$2,000,000 products and completed operations aggregate, and \$5,000,000 policy aggregate. A combination of primary and excess coverage may be used to meet the aggregate limit. The City and County of Denver, its Elected and Appointed Officials, Employees and Volunteers shall be included as Additional Insured.

Comments:

- For Dos Santos at 1475 17th Avenue:

o the different documents show different square footages for the existing and proposed patio areas. Drawings need to be consistent.

o All drawings should show the zone lot line boundary. All of the proposed work appears to be in the public ROW and will be reviewed as a DOTI encroachment. If any work is to occur on the zone lot, then a separate zoning permit will also be needed.

- For 1702 N. Humboldt:

o All drawings should show the zone lot line boundary. All of the proposed work appears to be in the public ROW and will be reviewed as a DOTI encroachment. If any work is to occur on the zone lot, then a separate zoning permit will also be needed.

Comments:

The application is unclear as to if two separate areas of patio heater/overhead structures are proposed. Two separate applications

are provided (one for 17th Avenue ROW in front of Dos Santos and one along Humboldt), but only one set of plans (for 17th Avenue) were found. Additionally, the plan for 17th Avenue indicates that the existing encroaching patio will be expanding in area. The applications should be updated to clearly note that an expansion in patio area is included as part of the Tier III request.

Comments:

Owners also should be aware of the street flooding at both sites and during a major storm event the patio space in ROW will experience flooding.

Structures will not be permitted to be enclosed due to the surrounding street flooding.

Comments: Encroachment requests will need to be processed separately.

Both businesses are in high risk flood areas, with flood depths exceeding 12" in the Public ROW. It is unclear if the proposed encroachment will enclose the existing patio space. Please submit architectural drawings of the proposed space. Structural columns and beams runs the risk of the tenant enclosing the space in the future and altering the drainage patterns in these areas thus the encroachment is denied.

Reviewing Agency: Division of Real Estate Referral Review Status: Approved

Status Date: 02/17/2022
Status: Approved
Comments: From a Real Estate perspective, it's good business practice for the addresses to be confirmed. This request is being approved as the errors on the application can easily be identified as a single parcel, though they have different addresses, and the errors do not prevent identifying the intended encroachment location(s). That said, the following errors were noted:

The application for White Pie lists the Encroachment Owner/Adjacent Property Owner address as 1700 Humboldt Street. That address is also listed in the Encroachment Information section, further down on the page.

1. The address on file with the Colorado Secretary of State for The Elan Group LLC is 1475 E. 17th Ave. This should be the address shown for the Encroachment Owner/Adjacent Property Owner on the application.
2. In the Encroachment Information section, the address is shown as 1700 Humboldt Street.
 - 1700 Humboldt Street is the address for the Humboldt Kitchen and Bar
 - The address for White Pie is 1702 Humboldt Street

The application for Dos Santos shows the address as 1475 17th Street for the Encroachment Owner/Adjacent Property Owner and shows 1700 Humboldt Street as the adjacent property address in in the Encroachment Information section.

1. The address on file with the Colorado Secretary of State for The Elan Group LLC is 1475 E. 17th Ave (not 1475 17th Street). This should be the address shown for the Encroachment Owner/Adjacent Property Owner on the application.
 - Certainly a simple omission and typo, but 1475 17th Street is an actual address, located about two miles away.
2. In the Encroachment Information section, the address is shown as 1700 Humboldt Street
 - 1700 Humboldt street is the address for the Humboldt Kitchen and Bar
 - The address for Dos Santos is 1475 E. 17th Avenue
