(a) Permittee shall obtain a street occupancy permit, street cut permit, and/or ROW construction permit from the City's Department of Transportation and Infrastructure ("DOTI") Permit Operations through www.denvergov.org/dotipermits prior to commencing construction.

(b) Permittee shall be responsible for obtaining all necessary permits and shall pay all costs for installation and construction of items permitted herein.

(c) If the Permittee intends to install any underground facilities in or near a Public road, street, alley, ROW or utility easement, the Permittee shall join the Statewide Notification Association of Owners and Operators of Underground Facilities by contacting the Utility Notification Center of Colorado (Colorado 811) through <https://colorado811.org/> or at 303-232-1991, 16361 Table Mountain Pkwy, Golden, Colorado, 80403. Permittee agrees to defend, indemnify and hold the City harmless and to repair or pay for the repair of any and all damages to said water, storm, sanitary sewer facilities or other Utility Company facilities, or those damages resulting from the failure of the water, storm, sanitary sewer facilities or other Utility Company facilities to properly function because of the Encroachment(s).

(e) Permittee shall comply with all requirements of affected Utility Companies and pay for all costs of removal, relocation, replacement or rearrangement of Utility Company facilities. Existing utility facilities shall not be utilized, obstructed or disturbed.

(f) All construction in, under, on or over the Encroachment Area shall be accomplished in accordance with the Building Code and City and County of Denver Department of Transportation & Infrastructure Transportation Standards and Details for the Engineering Division.

In the future, Permittee shall also remove, replace or repair any street/alley paving, Sidewalks, and curb and gutter that become broken or damaged when, in the opinion of DOTI, the damage has been caused by the Encroachment(s) or the activity of the Permittee within the Encroachment Area. All repair work shall be accomplished without cost to the City and under the supervision of DOTI.

(k) The City reserves the right to make an inspection of the Encroachment(s) and the Encroachment Area.

1 (l) During the existence of the Encroachment(s) and the Permit, Permittee, its successors
2 and assigns, at its expense, and without cost to the City, shall procure and maintain Commercial
3 General Liability insurance policy with a limit of not less than \$1,000,000 per occurrence. All
4 coverages are to be arranged on an occurrence basis and include coverage for those hazards
5 normally identified as X.C.U. during construction. The insurance coverage required herein
6 constitutes a minimum requirement and such enumeration shall in no way be deemed to limit or
7 lessen the liability of the Permittee, its successors or assigns, under the terms of this Permit. All
8 insurance coverage required herein shall be written in a form and by a company or companies
9 approved by the Risk Manager of the City and authorized to do business in the State of Colorado. A
10 certified copy of all such insurance policies shall be filed with the Executive Director, and each such
11 policy shall contain a statement therein or endorsement thereon that it will not be canceled or

13 (30) days prior to the effective date of the cancellation or material change. The City and County of
14 Denver, its Elected and Appointed Officials, Employees and Volunteers shall be included as
15 Additional Insured.

16 (m) In addition to the requirement herein to comply with all laws, Permittee shall comply
17 with the provisions of Article IV (Prohibition of Discrimination in Employment, Housing and
18 Commercial Space, Public Accommodations, Educational Institutions and Health and Welfare
19 Services) of Chapter 28 (Human Rights) of the DRMC. The failure to comply with any such provision
20 shall be a proper basis for revocation of the Encroachment(s).

21 (n) The right to revoke the Permit at any time for any reason and require the removal of
22 the Encroachment(s) is expressly reserved to the City.

23 (o) By Permittee's use of this Permit and the Encroachment Area, Permittee agrees to the
24 following:

25 i. Permittee agrees to defend, indemnify, reimburse and hold harmless City, its
26 appointed and elected officials, agents and employees for, from and against all liabilities, claims,
27 judgments, suits or demands for damages to persons or property arising out of, resulting from, or
28 relating to this Permit and the Encroachment(s) ("Claims"). This indemnity shall be interpreted in the
29 broadest possible manner to indemnify City for any acts or omissions of Permittee or its agents either
30 passive or active, irrespective of fault, including City's negligence whether active or passive.

31 ii. Permittee's duty to defend and indemnify City shall arise at the time written notice
32 of the Claim is first provided to City regardless of whether claimant has filed suit on the Claim.
33 Permittee's duty to defend and indemnify City shall arise even if City is the only party sued by

claimant and/or claimant alleges that City's negligence or willful misconduct was the sole cause of claimant's damages.

iii. Permittee will defend any and all Claims which may be brought or threatened against City and will pay on behalf of City any expenses incurred by reason of such Claims including, but not limited to, court costs and attorney fees incurred in defending and investigating such Claims or seeking to enforce this indemnity obligation. Such payments on behalf of City shall be in addition to any other legal remedies available to City and shall not be considered City's exclusive remedy.

iv. Insurance coverage requirements specified in this Encroachment Permit shall in no way lessen or limit the liability of Permittee under the terms of this indemnification obligation. Permittee shall obtain, at its own expense, any additional insurance that it deems necessary for the City's protection.

v. This defense and indemnification obligation shall survive the expiration or termination of this Permit.

(p) Pursuant to Chapter 49 of the DRMC, DOTI is authorized to remove or to order the removal of any article, vehicle, object or thing whatsoever encroaching into any street, alley, Sidewalk, or other public way or place.

(q) No third party, person or agency, except for an authorized Special District, may place the Encroachment(s) in front of a property without written permission of the adjacent property owner.

(r) Permittee's use of the ROW for placement of the Encroachment(s) does not create a property right or ownership interest of any kind in the Encroachment Area to the Permittee.

(s) All Encroachment(s) in Amenity Zones containing existing Public Trees and/or with the potential to impact tree roots or tree canopy must be pre-approved by the Office of the City Forester (OCF), by contacting them at forestry@denvergov.org or 720-913-0651. Encroachment(s) cannot be attached to or damage any Public Tree, and any damage shall be reported to the OCF immediately for mitigation. All trenching, excavation and grading activities within the Dripline of any Public Tree must be pre-approved by the OCF. City permits are required for the planting or removal of any Public Trees and can be obtained by emailing forestry@denvergov.org.

(t) All disturbances associated with construction of the Encroachment(s) shall be managed as required by City standards for erosion control which may require standard notes or CASDP permitting depending on location and scope of project.

(u) Encroachment(s) proposed adjacent to a designated park or within a dedicated parkway shall require the City's Department of Parks and Recreation approval prior to installation.

(v) Encroachment(s) attached to a building may require building and/or zoning permits

from the City's Department of Community Planning and Development.

(w) Encroachment(s) in the regulatory floodplain shall require a SUDP and comply with Chapter 4 Floodplain Regulations of the "Storm Drainage Design and Technical Criteria", Chapter 12 Floodplain Management of the "DOTI Rules and Regulations Governing Sewerage Charges and Fees and Management of Wastewater" and the City Floodplain Ordinance in DRMC Section 56-200 through 56-206. Above ground Encroachment(s) in a Floodway require a No-Rise Certification sealed and signed by a Professional Engineer licensed in the State of Colorado. If there is any rise in Base Flood Elevations, a Conditional Letter of Map Revision (CLOMR) and LOMR will be required.

(x) Only clean soil may be brought onto an Encroachment Area. Verification of soil quality must be provided if requested. Material removed from an Encroachment Area must be properly disposed and is the responsibility of the Permittee.

Section 3. That the Permit hereby granted shall be revocable at any time that the Council of the City and County of Denver shall determine that the public convenience and necessity or the public health, safety or general welfare require such revocation, and the right to revoke the same is hereby expressly reserved to the City; provided however, at a reasonable time prior to City Council action upon such revocation or proposed revocation, opportunity shall be afforded to Permittee, its successors and assigns, to be present at a hearing to be conducted by the City Council upon such matters and thereat to present its views and opinions thereof and to present for consideration action or actions alternative to the revocation of such Permit.
