## Denver Human Services

Emergency Shelter and Services Contract for People Arriving from Southern Border

#### Why Contract for Migrant Shelter and Services?

- Challenges in being able to secure stable sites for sheltering and intake/reception.
- Volatility in census makes it difficult to adequately and timely staff the essential functions.
- Demands on multiple departments in Emergency Operations Center and Mass Care Department Operation Center not staffed for ongoing response.
- Lack of expertise serving the migrant population
- Partners have expressed a need and desire for stable, consistent locations and approach to best support people arriving in our city.

## **General Fund Contingency**

The City Charter requires that the proposed budget for the General Fund shall include no less than two percent of total estimated expenditures for unbudgeted expenditures. Fiscal Policy outlines criteria that include:

- An unexpected event such as a natural disaster or accident
- Large unappropriated payouts or personnel costs such as retirement payout or midyear salary adjustments that cannot be absorbed by agency appropriation
- Unfunded mandates as a result of legislation
- Planned one-time expenditures that advance a programmatic or financial outcome

There are two other 'reserves' to be used under natural disaster or economic downturn circumstances. Both must be replenished.

#### Human Services Fund Balance

- Projected Year-end unrestricted Fund balance: \$42.9 million
- Proposed Appropriation from DHS Fund balance: \$8.1 million
- Revised Projected year-end Fund balance: \$34.8 million

#### American Rescue Plan Act

- The 2021 Budget faced a \$190M gap
- In <u>November, 2021</u>, City Council approved allocating ARPA funds to restore reductions across the City under the Revenue Loss category.
- Each year the General Fund has absorbed a portion of the original ARPA restoration/revenue loss investment.
- As a result of the 'step down' strategy, agencies have not needed to spend all the original ARPA investment because of General Fund restoration.

#### BR 23 - 0829

- Rescinds, appropriates makes cash transfers in the amount to \$18,225,000 from General Fund Contingency, Technology Services Capital Improvement Fund, and the General Government Special Revenue Fund and authorizes appropriations to transfer cash from said funds and the Human Services Special Revenue Fund to support expenditures in the Border Crisis Response Special Revenue Fund (13809) for the migrants and asylum seekers arriving from the southern border
- The balance of \$1,900,000 will stay in revenue loss in the American Rescue Plan federal grant fund and be assigned to Denver Human Services.
- The action of 23-0829 and the \$1.9M from ARPA will provide \$20,125,000 for the vendor contract and Human Services positions

# American Rescue Plan Act in Denver

\$308 million: Total State and Local Fiscal Relief Funds allocated to Denver

- Ordinance No. 591, Series of 2021, established the American Rescue Plan Act Grant Fund, Fund No. 11011, and accepted the Coronavirus Local Fiscal Recovery Fund award agreement with the US Department of Treasury.
- This ordinance accepted the full \$308M identified in the award agreement and included provisions requiring that City Council approve spending in the fund through amendments to said Ordinance.
- Subsequent ordinances amended the original, aforementioned ordinance by authorizing allocations in the "Revenue Loss," "Recovery," "Premium Pay," and "Administration" categories, which collectively made up the first half of the ARPA award (\$154M)
- The second \$154M disbursement arrived in July of 2022 and the majority was allocated through ordinance in November of 2022, after input from the community and review by the SIAC
- There are **no additional ARPA disbursements coming to Denver**
- The \$308M must be spent by December 31, 2026 (encumbered by 2024)
