Rezoning (Zoning Map Amendments)

Rezoning is the process of changing the zone district of a property on the zoning map.

Rezoning changes the rules for development and land use. Rezoning does not approve a specific project.

The Denver Zoning Code provides review criteria that must be met to approve a rezoning.

- **Growth Areas Strategy:**
All other areas of the city

- 10% jobs by 2040
- 20% housing by 2040

Blueprint Denver

Land Use and Built Form- Housing Policy 4: Diversity housing choice through the expansion of accessory dwelling units throughout all residential areas.

Strategy E: A citywide approach to enable ADUs is preferred. Until a holistic approach is in place, individual rezoning to enable ADUs in all residential areas, especially where proximate to transit, are appropriate. Unless there is a neighborhood plan supporting ADUs, rezonings should be small in area in order to minimize impact to the surrounding residential area.

Park Hill Neighborhood Plan

- Land Use and Zoning Goal: “Maintain the existing integrity of the residential character of Park Hill. Assure that continued growth and development in Park Hill results in a balanced and compatible mix of housing types and densities.” (p. 32).
- Land Use and Zoning Action Recommendation 3: “Create and maintain a mix of housing types and sizes that are attractive and affordable to a diversity of ages, incomes, household types, sizes, cultural and ethnic backgrounds.” (p. 33).
