With this amendment, there have also been updates to the prevailing wage requirements, progress payments for work orders, add compliance with Denver wage laws, examination of records and audits, security provision, and replace disputes contract language. There is no additional time or money included in the amendment.

In 2023 the Department of Transportation and Infrastructure procured multiple On-Call construction services contracts to establish a new group of qualified On-Call general contractors to respond to proposal requests with bidding and execution of construction work on municipal building projects. Scopes may consist of a roof replacement, mechanical upgrades (HVAC controls), lighting retrofit, concrete/asphalt replacement, or other.
