RE: Official Zoning Map Amendment Proposal #2023I-00159 rezoning multiple properties in Berkeley, Sunnyside, and Sloan's Lake from U-SU-C; U-SU-C, CO-6, U-SU-C, CO-7, U-SU-C, CO-8, and U-SU-C, UO-3 to U-SU-C1; U-SU-C1, CO-6, U-SU-C1, CO-7, U-SU-C1, CO-8, and U-SU-C1, UO-3.

Staff Report and Recommendation

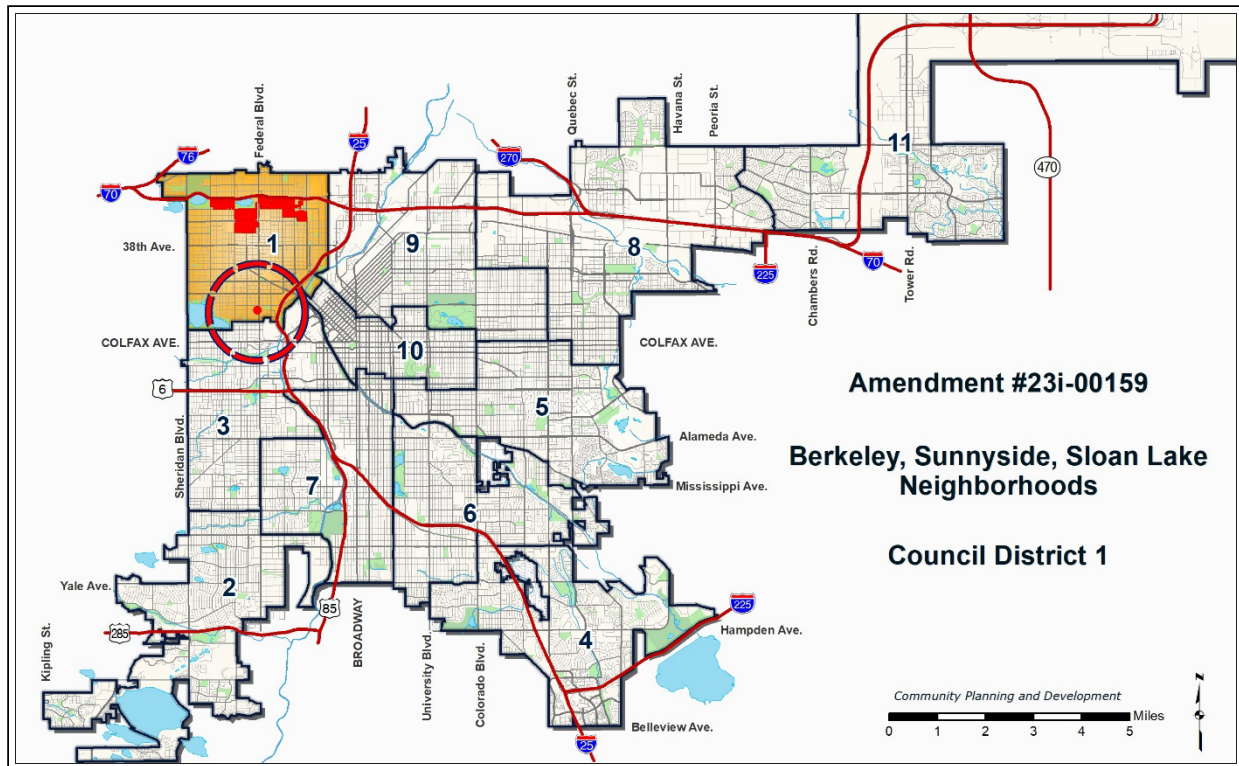

Based on the criteria for review in the Denver Zoning Code, Staff recommends **approval** for Official Zoning Map Amendment Proposal #2023I-00159.

Summary and Purpose

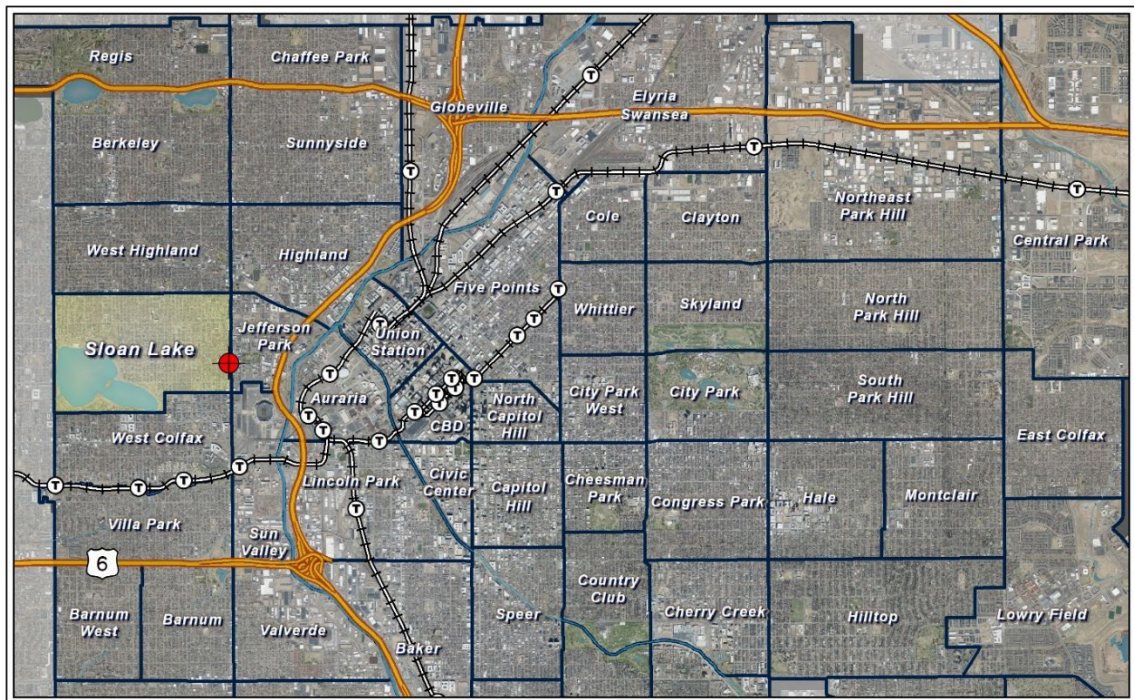

Councilmember Amanda Sandoval is sponsoring a map amendment to rezone the single-unit residential zone districts in the Berkeley, Sunnyside, and Sloan's Lake neighborhoods to allow accessory dwelling units.

- The proposed rezoning includes portions of the Berkeley, Sunnyside, and Sloan's Lake neighborhoods that have single-unit residential zoning and do not already allow for accessory dwelling units. This includes approximately 462 acres. While most of the properties are located in the Berkeley and Sunnyside neighborhoods, there is one property located in Sloan's Lake.
- The proposed rezoning includes nearly 1,700 single unit residential properties. The proposed map amendment would rezone these properties from U-SU-C; U-SU-C, CO-6; U-SU-C, CO-7; U-SU-C, CO-8, and U-SU-C, UO-3 to U-SU-C1; U-SU-C1, CO-6; U-SU-C1, CO-7; U-SU-C1, CO-8, and U-SU-C1, UO-3.
- The proposed zone districts are the same as the current districts except that they allow the accessory dwelling unit use and detached accessory dwelling unit building form. The accessory dwelling unit use is allowed either within the primary structure or in a detached accessory dwelling unit structure. Further details of the requested zone district can be found in the proposed zone district section of the staff report (below) and in Article 5 of the Denver Zoning Code (DZC).

Existing Context

Neighborhood Maps

Aerial Maps

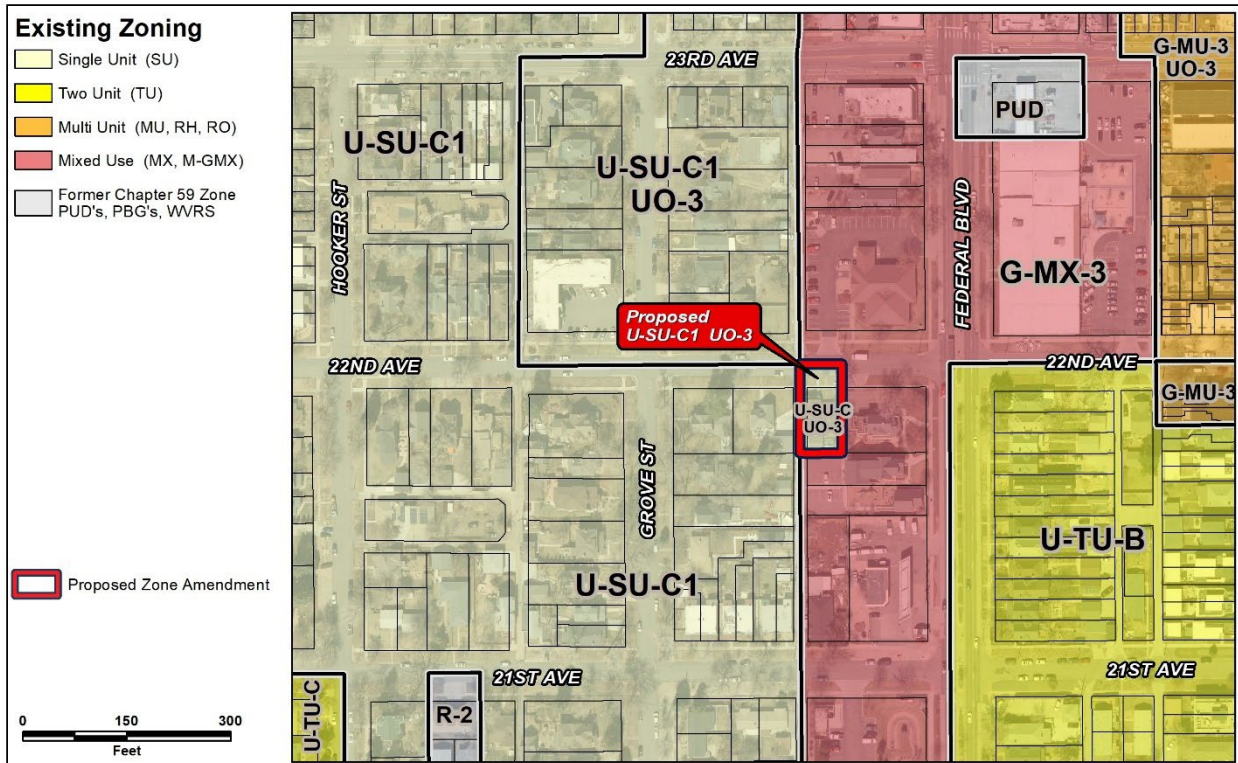

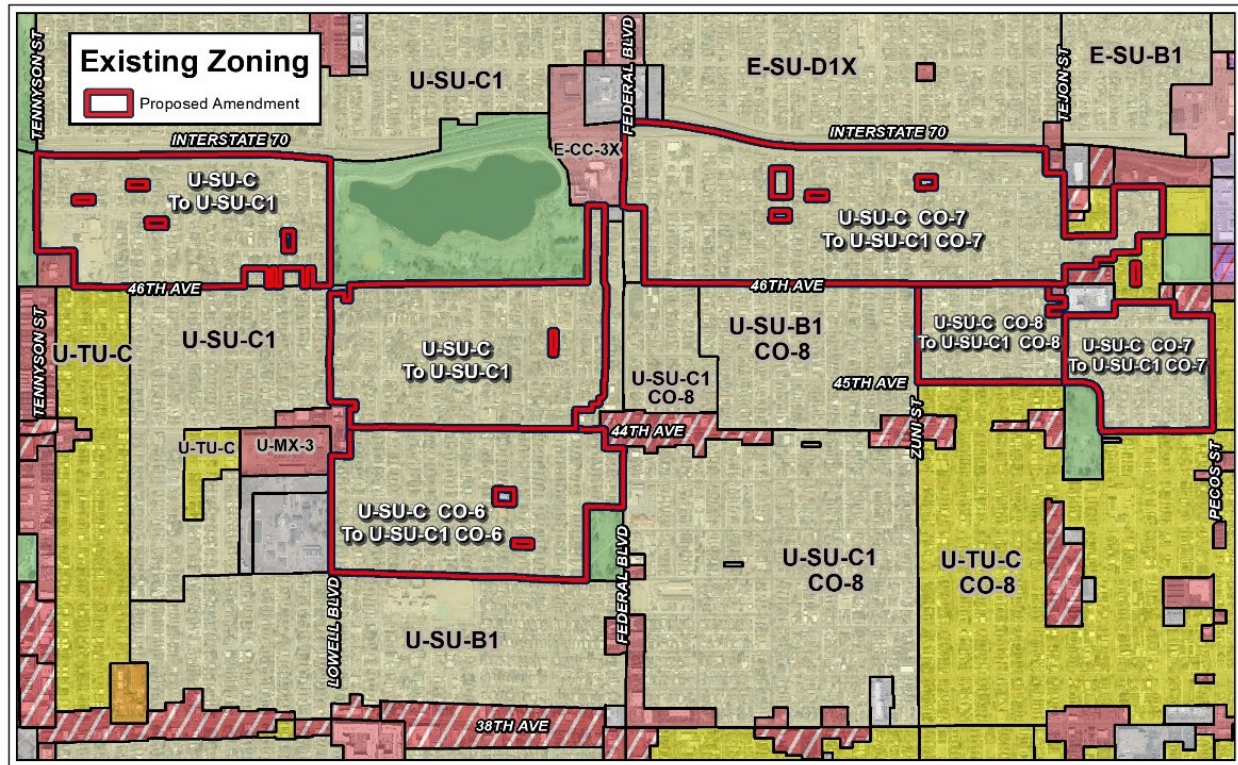

The subject properties are in the Berkeley, Sunnyside, and Sloan's Lake neighborhoods, which are primarily single-unit residential uses. Portions of these neighborhoods already allow for accessory dwelling units. Commercial districts are located along portions of 44th Ave., in Berkeley and Sunnyside and Federal Boulevard, near Sloan's Lake. There are two-unit districts located in the southern part of the Sunnyside neighborhood. There is a pattern of regular blocks surrounded by orthogonal streets within a grid.

The following table summarizes the existing context proximate to the subject rezoning area:

	Existing Zoning	Existing Land Use	Existing Building Form/Scale	Existing Block, Lot, Street Pattern
Rezoning Area	U-US-C	Single-, two-, and multi-unit residential, and public/quasi-public	One- and two-story homes with some curb cuts and a mix of attached and detached sidewalks	Generally regular grid of streets; Block sizes and shapes are consistent and rectangular. Curb cuts are often present, and sidewalks are detached.
North	OS-A, U-SU-C1, U-MS-2, and G-MX-3, B-2	Park/open space, single-, two-, and multi-unit residential, commercial/retail, office, and Industrial	One- and two-story homes, park, one-story office building with surface parking lot, multi-story multi-unit residential buildings, and one-story retail buildings	
South	U-SU-C1, U-SU-B1, U-TU-C, CO-8; OS-A, G-MX-3	Single-, two-, and multi-unit residential, and public/quasi-public, and office	One- and two-story homes and duplexes, park, and 1-story retail strip center, two-story office buildings	
East	OS-A, U-SU-C1, U-TU-C CO-7, G-MX-3	Park/open space, Single-, two-, and multi-unit residential, public/quasi-public, office, industrial, and vacant	One- and two-story homes, park, two-story office buildings, one-story school, one-story industrial buildings, and two-story multi-unit buildings	
West	U-MX-3, U-MX-2 DO-8, U-SU-B1 CO-8, U-SU-C1 UO-3	Park/open space, Single-, two-, and multi-unit residential, public/quasi-public, parking, office, commercial/retail	One- and two-story homes and duplexes, park, three-story medical office/preschool/foster care center, and one-story gas station and other retail buildings	

1. Existing Zoning

The proposed rezoning area is currently zoned U-SU-C, which is a single-unit residential district allowing the urban house primary building form with a maximum height of 30 to 35 feet. The minimum lot width is 50 feet wide, and minimum lot area is 5,500 square feet.

There are several overlays in addition to the base U-SU-C zone district, which are described below:

- **CO-6 Bungalow Conservation Overlay District:** This district applies to the Harness Heights area of Berkeley between 41st and 44th Avenues and Lowell and Federal Boulevards. The intent of this overlay is to “promote the conservation of the mass, scale and other design characteristics of low-scale residential neighborhoods” (DZC 9.4.3.11.A), and such characteristics include raised foundations, larger southern setbacks, roof forms, and front porches. The CO-6 allows a maximum height of 28 feet for buildings with a pitched roof and 22 feet for buildings with a low-slope roof.
- **CO-7 Sunnyside Conservation Overlay District:** This district applies to the northern portion of the Sunnyside neighborhood between 46th Avenue and I-70 and then from Federal Boulevard to Quivas Street. Its intent is to encourage development that is context sensitive in scale and mass through building height standards, design elements, and unenclosed porches (DZC 9.4.3.12.B). The CO-7 allows for a maximum height of 30 feet for buildings with a pitched roof and 22 feet for buildings with a low-slope roof.
- **CO-8 Sunnyside Conservation and Brick Overlay District:** This district applies to the southern portion of the Sunnyside neighborhood between 45th and 46th Avenues and then Zuni and Tejon Streets. The intent of this overlay is to encourage development that is context-sensitive in mass and scale including incorporating compatible roof forms, unenclosed porches, and promoting brick cladding on exterior walls (DZC 9.4.3.13.B). The CO-8 allows for a maximum height of 30 feet for buildings with a pitched roof and 22 feet for buildings with a low-slope roof.
- **UO-3 Historic Structure Use Overlay District:** This district applies to the one property in Sloan's Lake at 3024 West 22nd Avenue. The intent of this overlay district is to “encourage preservation, protection, adaptive use, and enhancement of Historic Structures” (DZC 9.4.4.8.B.). It allows certain commercial uses including office, art studio, and bed and breakfast lodging.

More information on the Overlays can be found in Article 9, Special Contexts and Districts.

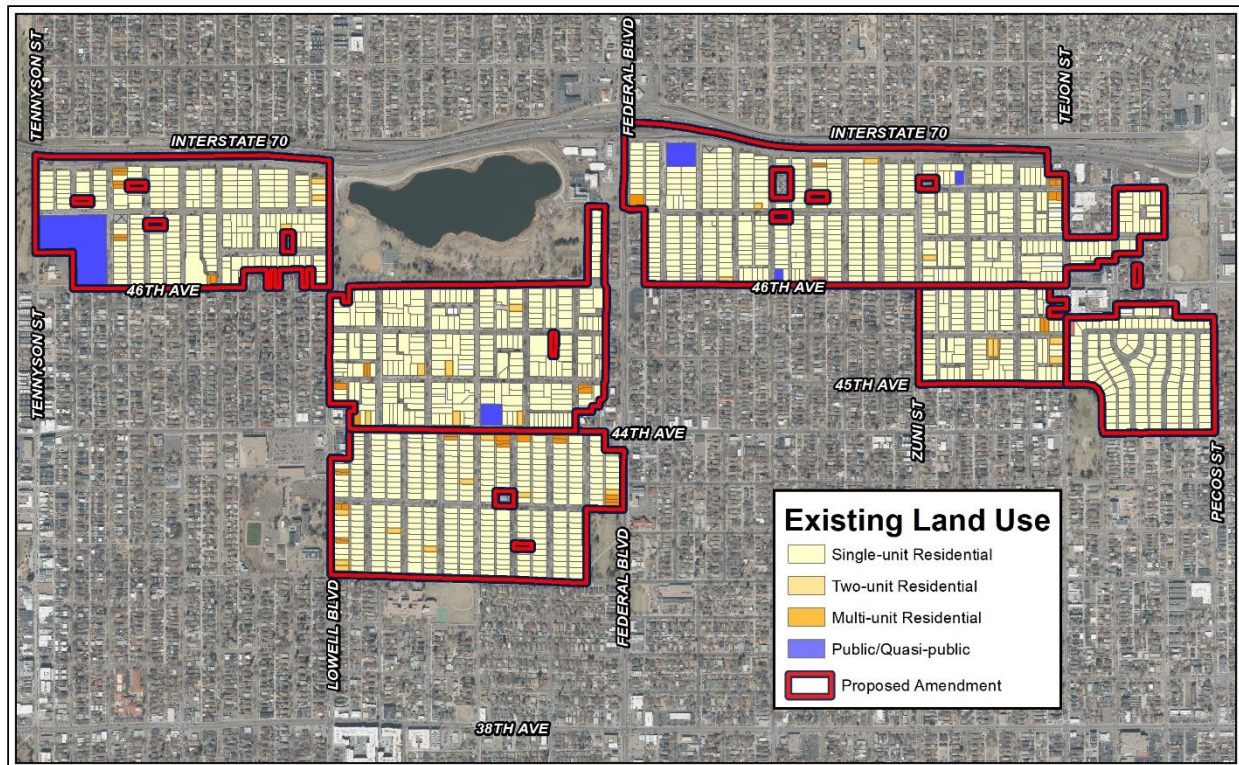

2. Large Development Review

The applicability of the large development review process is defined by DZC Section 12.4.12.2. There is no specific development concept for this legislative map amendment proposal, no adopted plan recommends use of the LDR process for this proposal, no infrastructure network or system improvements are anticipated, and there is no existing general development plan that needs to be amended. Therefore, although the area of the rezoning is larger than 5 acres, large development review was found to be inapplicable.

3. Historic Structures

There are two Historic Districts within the proposed rezoning. The first is the West 46th Avenue Parkway in Berkeley and the Witter-Cofield District in Sloan's Lake. All demolition and new construction on the property will require review and approval by the Landmark Preservation Commission to ensure changes are compatible with the historic district.

4. Existing Land Use Map

5. Existing Building Form and Scale

All images are from Google Street View.

View facing east on Vallejo Street between West Scott Pl and W 46th Avenues in Sunnyside – within proposed rezoning (U-SU-C, CO-8)

View facing south on W 22nd Avenue between Grove Street and Federal Boulevard in Sloan's Lake – within proposed rezoning (U-SU-C, UO-3)

View facing west on Zuni Street between 48th and 49th Avenues – north of proposed rezoning.

View facing west on Lowell Boulevard between W 44th and W 45th Avenues – west of proposed rezoning.

View facing east on Bryant Street between W Scott Place and W 46th Avenue – south of proposed rezoning.

View facing east on Pecos Street between W 44th and W 46th Avenues – east of proposed rezoning.

Proposed Zoning

The proposed zone district is a single-unit residential district allowing the urban house primary building form with a maximum height of 30 to 35 feet. It allows accessory dwelling units, including a detached accessory dwelling unit in the rear yard. The minimum lot width is 50 feet wide, and minimum lot area is 5,500 square feet. Setbacks and lot coverage standards accommodate front and side yards similar to the existing U-SU-C zone district. Further details of the zone districts can be found in Article 5 of the Denver Zoning Code (DZC) and the attached text amendment.

The primary building forms allowed in the proposed zone district are the same as those allowed in the existing zone district.

Summary of City Agency Referral Comments

As part of the DZC review process, the rezoning application is referred to potentially affected city agencies and departments for comment. A summary of agency referral responses follows:

Assessor: Approved – No Response

Real Estate, Asset Management: Approved – No Comments

Denver Public Schools: Approved – No Response

Department of Public Health and Environment: Approve Rezoning Only – Will require additional information at Site Plan review.

The Denver Department of Public Health and Environment, Environmental Quality Division (EQD) performed a limited search for environmental information regarding environmental conditions at the Site. This review was not intended to conform to the ASTM standard practice for environmental site assessments, nor was it designed to identify all potential environmental conditions. The EQD provides no representations or warranties regarding the accuracy, reliability, or completeness of the information provided. This review was not intended to assess environmental conditions for any property interest dedication or grant. Nor does this review constitute an approval or action by the EQD concerning any property dedication or grant associated with the project.

EQD is not aware of environmental concerns that would affect the proposed project. Although EQD is not aware of contaminated environmental media (soil, soil vapor, or groundwater) at the project Site, undocumented contamination could be encountered during ground-disturbing activities. If encountered, contaminated environmental media or underground storage tanks should be properly managed in accordance with applicable regulations.

EQD does not guarantee approval of any proposed development project at this Site by providing a response to this Official Map Amendment Referral Agency Review Request. Future development is subject to existing land use controls and other environmental requirements in accordance with applicable local, state, and federal environmental regulations and statutes. EQD recommends the Property Owner conduct an environmental site assessment to determine the potential presence, nature, and extent of possible contamination on the site and to identify specific cleanup needs associated with future development. EQD may have additional information about localized potential environmental concerns at the site. However, providing such information about a specific site is beyond the scope of these zoning application comments.

Parks and Recreation: Approved – No Comments

Department of Transportation and Infrastructure, Surveyor: Approved – See Comments Below
Please see attached redline comments.

Development Services, Project Coordination: Approved – No Response

Development Services, Fire Prevention: Approved – No Response

Development Services, Transportation: Approved – No Response

Development Services, Wastewater: Approved – See Comments Below

There is no objection to the rezone. Upon rezoning applicant will need to obtain a building permit. Independent sanitary service lines may be required, historical drainage paths must be maintained. Some parcels contain historic ditches that may require easements from the Rocky Mountain Ditch Company and prohibit ADU placement. Approval of this rezone on behalf of Wastewater does not state, or imply, public storm/sanitary infrastructure can, or cannot, support the proposed zoning. Commitment to serve proposed structure will be based on permit issuance.

Public Review Process

	Date
CPD informational notice of receipt of the rezoning application to all affected members of City Council, registered neighborhood organizations, and property owners:	03/08/2024
Property legally posted for a period of 15 days and CPD written notice of the Planning Board public hearing sent to all affected members of City Council, registered neighborhood organizations, and property owners:	04/02/2024
Planning Board public hearing (unanimously recommended approval of the request):	04/17/2024
CPD written notice of the Land Use, Transportation and Infrastructure Committee meeting sent to all affected members of City Council and registered neighborhood organizations, at least ten (10) working days before the meeting:	04/15/2022
Land Use, Transportation and Infrastructure Committee of the City Council:	04/30/2024
Property legally posted for a period of 21 days and CPD notice of the City Council public hearing sent to all affected members of City Council and registered neighborhood organizations:	05/13/2024 (tentative)
City Council Public Hearing:	06/03/2024 (tentative)

- **Public Outreach and Input**

- **Registered Neighborhood Organizations (RNOs)**

The Berkeley Regis United Neighbors (BRUN) Zoning and Planning Committee and Board voted to support the proposed rezoning to allow ADUs.

○ **General Public Comments**

As of the date of this staff report, 48 written comments were received from neighborhood residents with 40 expressing support and 7 expressing opposition for the proposal. Those commenting in support noted this rezoning would allow for gentle density, residents to age in place, and additional income to be generated on the property while retaining the character of the neighborhoods. Those opposed were concerned the rezoning will bring too much density and more congestion to the area. Another resident commenting in opposition is concerned that this rezoning will not contribute to the problems of homelessness, affordable housing, or the equity metrics in Blueprint Denver.

There was one resident who asked how this rezoning might impact the Bungalow Conservation Overlay in Berkeley. All of the overlays that exist in these areas will remain in place. The comments are attached to this staff report.

Additionally, City Council District 1 office published an online survey in English and Spanish from October 13, 2023 through February 5, 2024 seeking residents' input. Of the 319 responses received, 72% of participants said they supported the proposed rezoning to allow ADUs, 23.8% said they opposed it, and 4% answered "undecided or need more information."

Criteria for Review / Staff Evaluation

The City Attorney's Office has determined this to be a legislative map amendment proposal. Therefore, the criteria for review of this legislative rezoning proposal are found in DZC, Sections 12.4.10.7 as follows:

DZC Section 12.4.10.7

1. Consistency with Adopted Plans
2. Uniformity of District Regulations and Restrictions
3. Public Health, Safety and General Welfare

1. Consistency with Adopted Plans

The following adopted plans apply to this property:

- *Comprehensive Plan 2040* (2019)
- *Blueprint Denver* (2019)
- *Department of Housing Stability: Five Year Strategic Plan* (2021)
- *Near Northwest Area Plan* (2024)

Comprehensive Plan 2040

The proposed text amendment and rezoning are consistent with *Comprehensive Plan 2040* strategies, which are organized by vision element.

The map amendment enables ADUs in an entire neighborhood. ADUs can provide additional housing options, including for seniors and families, and they can provide residents more flexibility to remain in their houses. Therefore, the map amendment is consistent with the following Equitable, Affordable and Inclusive strategies:

- Equitable, Affordable and Inclusive Goal 2, Strategy A – Create a greater mix of housing options in every neighborhood for all individuals and families (p. 28).
- Equitable, Affordable and Inclusive Goal 2, Strategy D – Increase the development of senior-friendly and family-friendly housing, including units with multiple bedrooms in multifamily developments (p. 28).

Because ADUs are not currently allowed in portions of the Berkeley, Sunnyside, and Sloan's Lake neighborhoods, the map amendment would provide an additional housing type and is therefore consistent with the following Strong and Authentic Neighborhoods strategy:

- Strong and Authentic Neighborhoods Goal 1, Strategy B – Ensure neighborhoods offer a mix of housing types and services for a diverse population (p. 34).

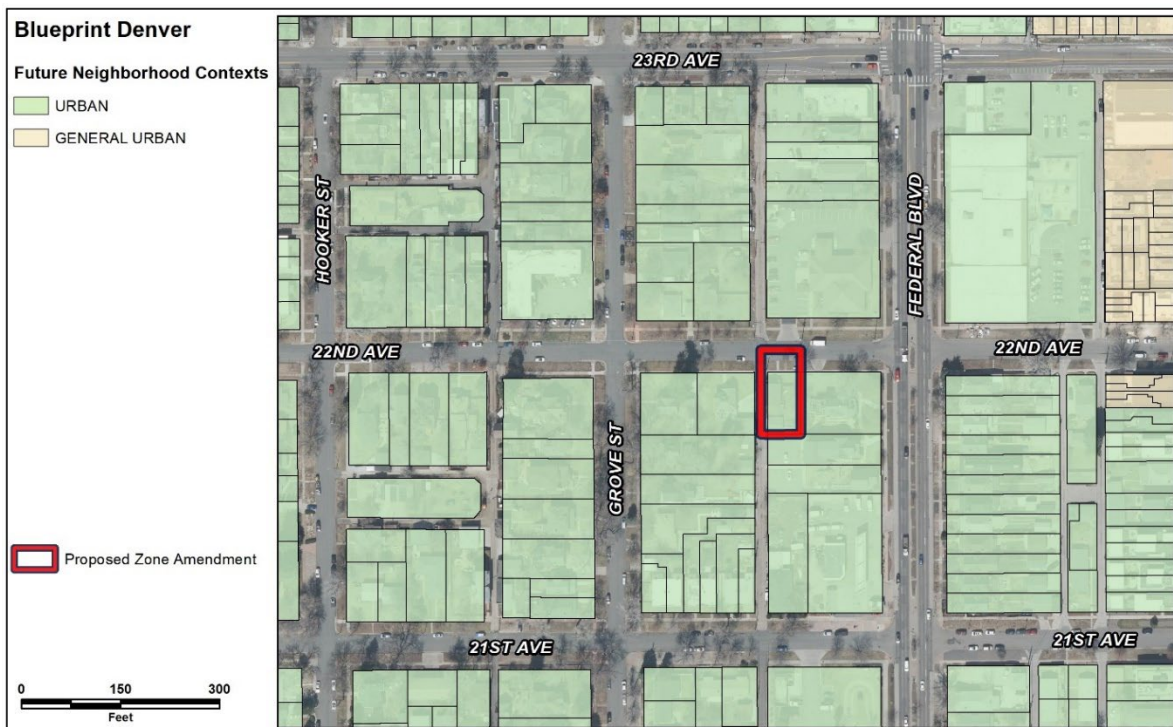

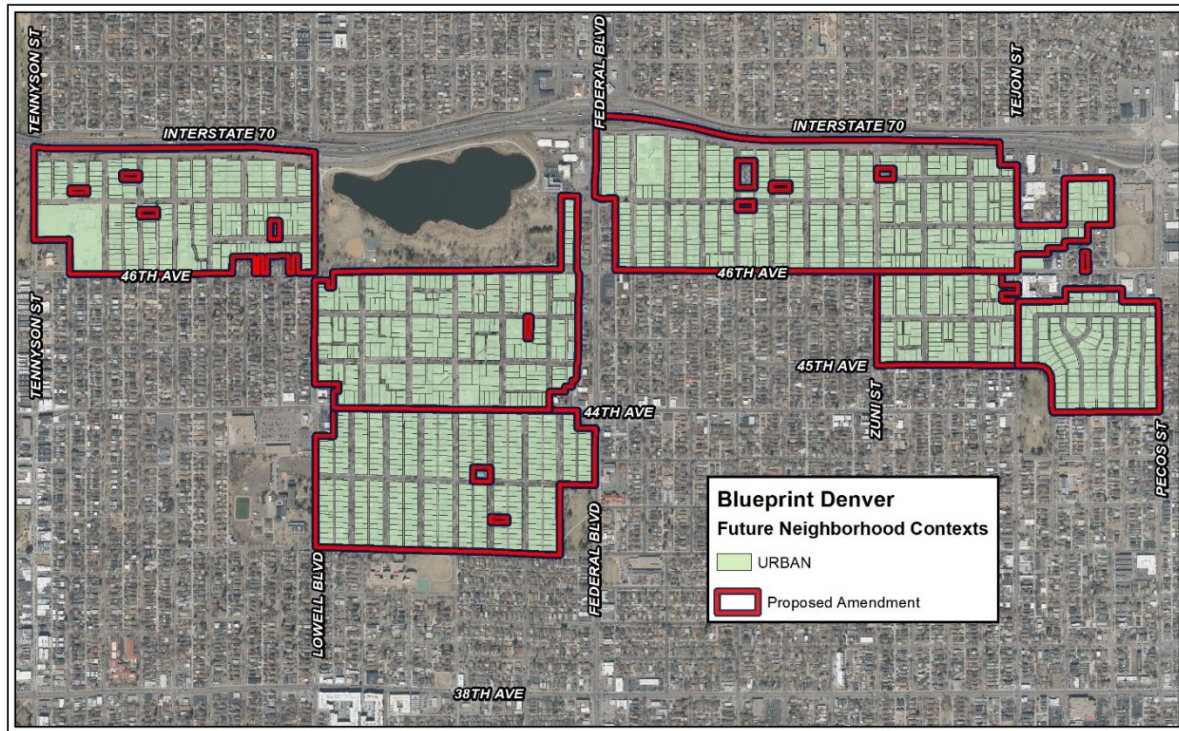

Similarly, the map amendment will allow additional housing units on lots with existing houses where infrastructure and services such as water, stormwater, and transit already exist. Therefore, the map amendment is consistent with the following Environmentally Resilient strategy:

- Environmentally Resilient Goal 8, Strategy A – Promote infill development where infrastructure and services are already in place (p. 54).

Blueprint Denver

Blueprint Denver was adopted in 2019 as a supplement to *Comprehensive Plan 2040* and establishes an integrated framework for the city's land use and transportation decisions. *Blueprint Denver* identifies the subject properties as part of a Residential Low place, with the one property in Sloan's Lake identified as Community Corridor, within the Urban Neighborhood Context and provides guidance from the future growth strategy for the city.

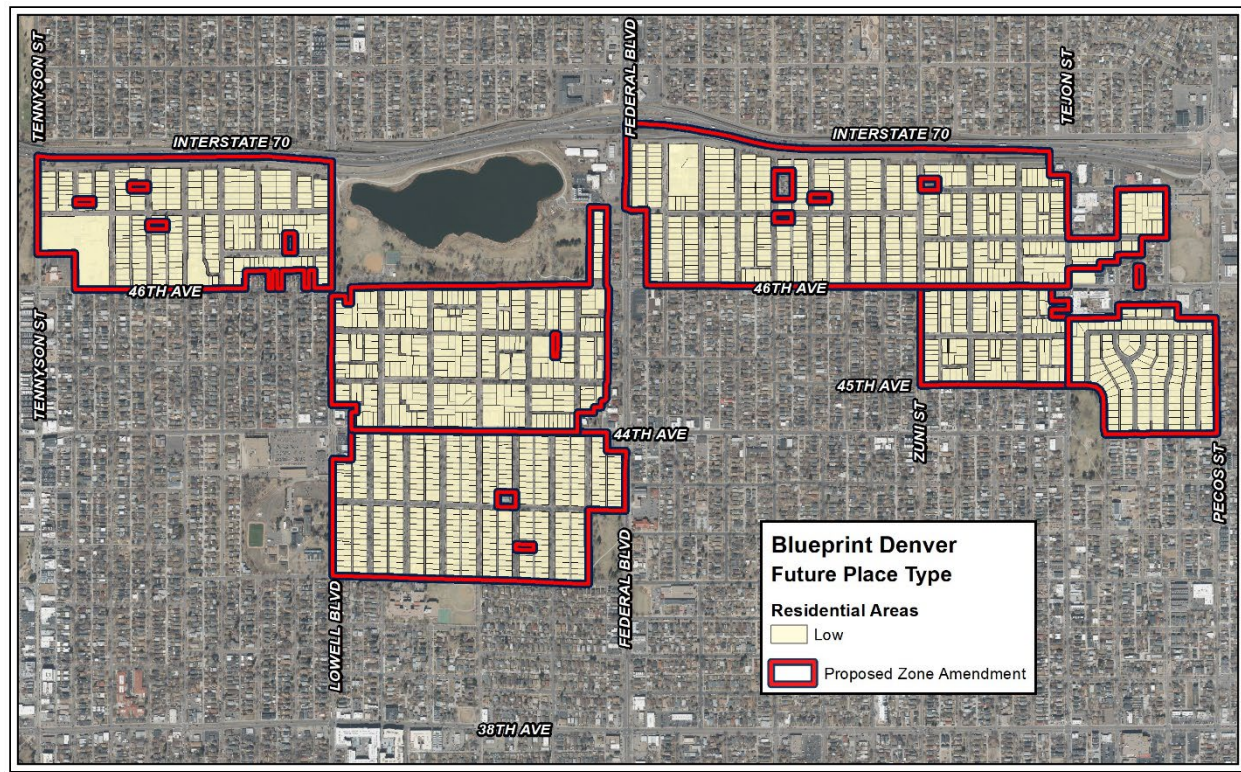

Blueprint Denver Future Neighborhood Context

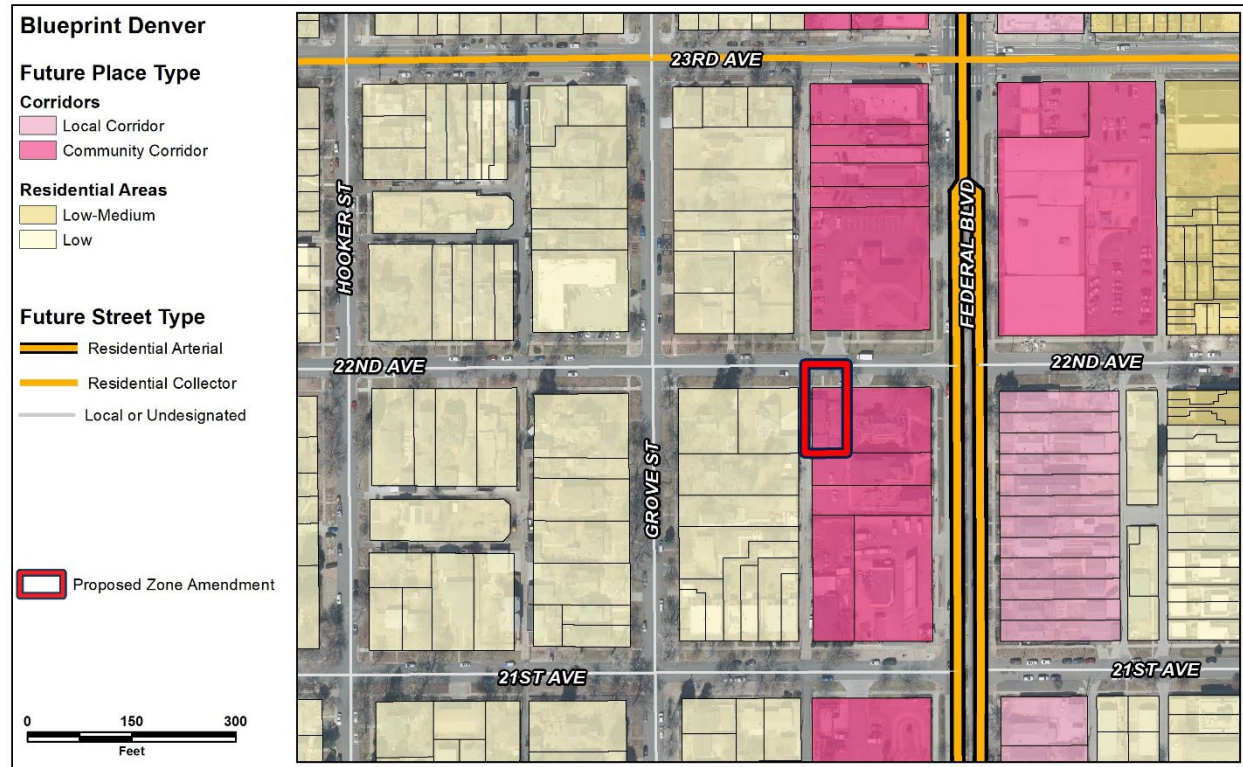

The proposed rezoning is within the Urban neighborhood context, which predominantly contains “small multi-unit residential and mixed-use areas are typically embedded in 1-unit and 2-unit residential areas” with “a high degree of walkability, bikeability, and good access to transit with less reliance on cars” (p. 136).

The U-SU-C1 zone district is within the Urban neighborhood context and are “intended to promote and protect residential neighborhoods within the character of the Urban Neighborhood Context,” further clarifying that “the building form standards, design standards and uses work together to promote desirable residential areas” (DZC 5.2.2.1). The proposed districts are consistent with the Blueprint future neighborhood context of Urban because they will promote the residential character by allowing single-unit residential uses with low-scale accessory dwelling units that will be compatible within the existing residential area.

Blueprint Denver Future Places

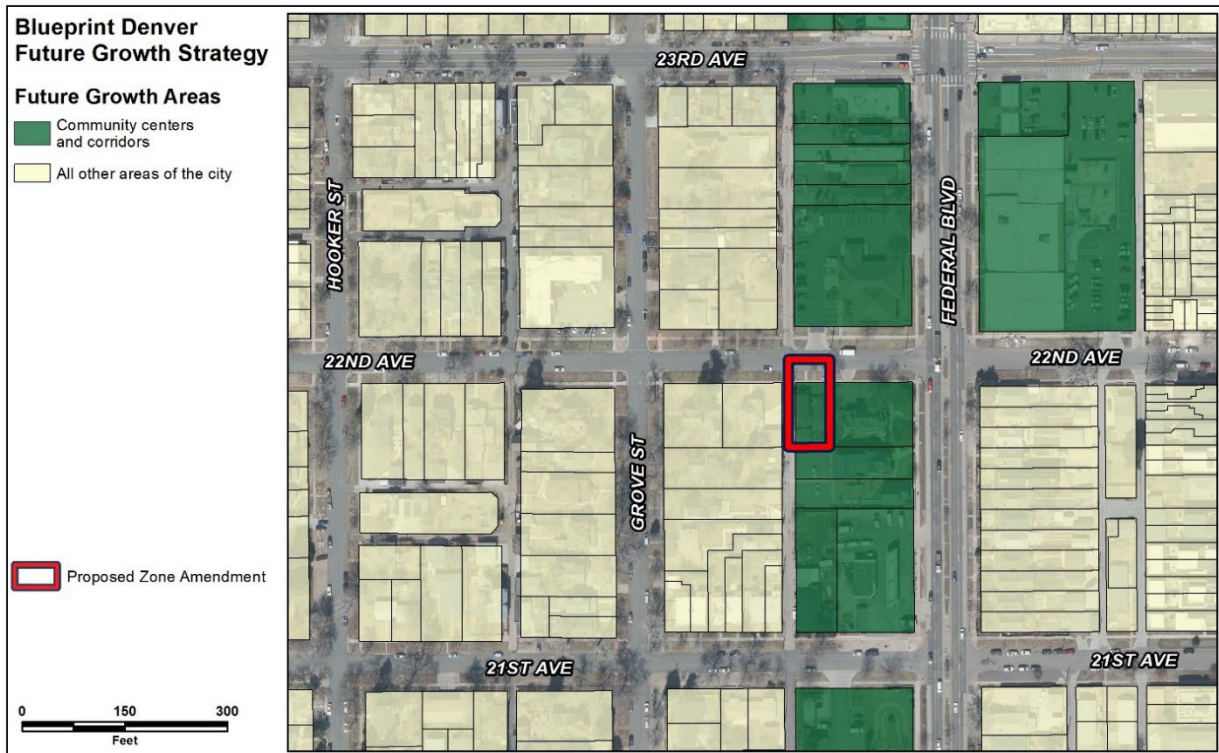

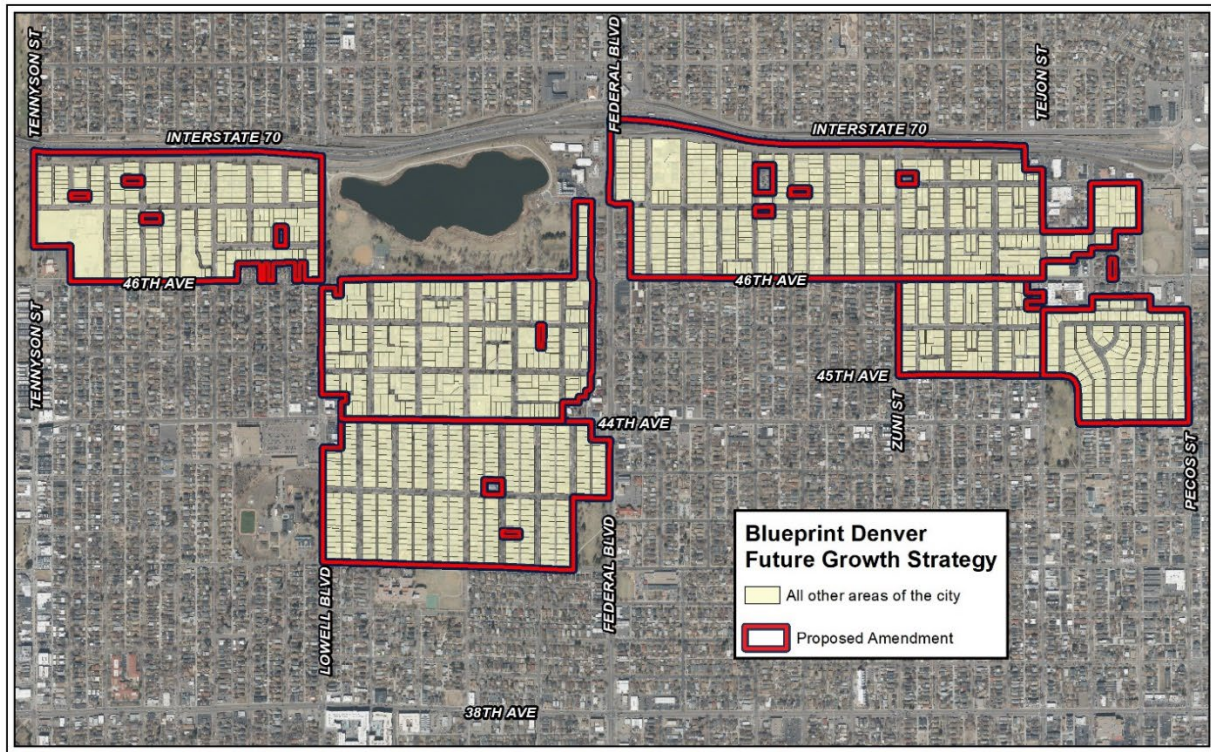

The proposed rezoning is largely within the Residential Low future place, which is “predominately single- and two-unit uses on small or medium lots. Accessory dwelling units and duplexes are appropriate and can be thoughtfully integrated where compatible,” and “buildings are generally up to 2.5 stories in height” (p. 230). The proposed map amendment is consistent with these future place designations because it allows single-unit residential uses with accessory dwelling units.

There is one property in Sloan's Lake, near Federal Blvd., designated at Community Corridor. These areas “typically provides some mix of office, commercial and residential uses” (p. 228). The proposed U-SU-C1, UO-3 district allows residential uses, some civic and institutional uses, office, art studio, and bed and breakfast lodging uses and broadens the allowable residential uses to include accessory dwelling units. Therefore, the proposed districts are consistent with the future place types.

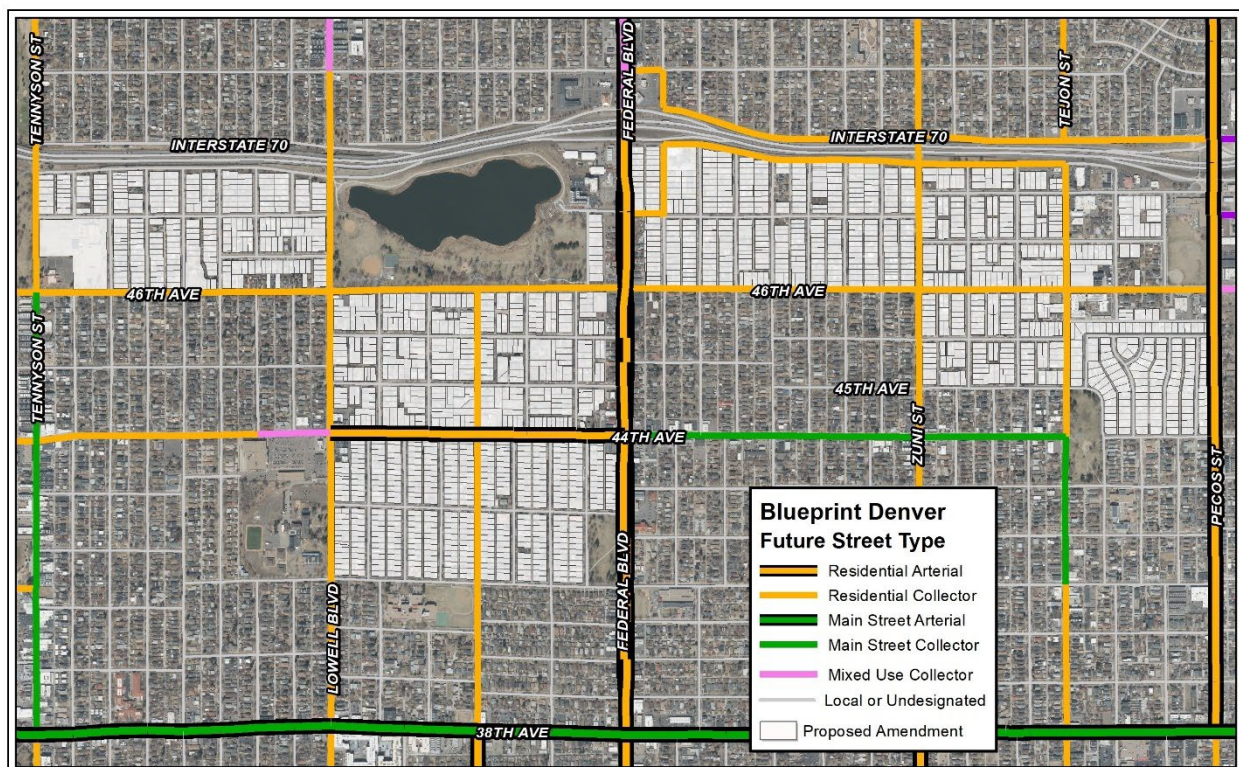

Growth Strategy

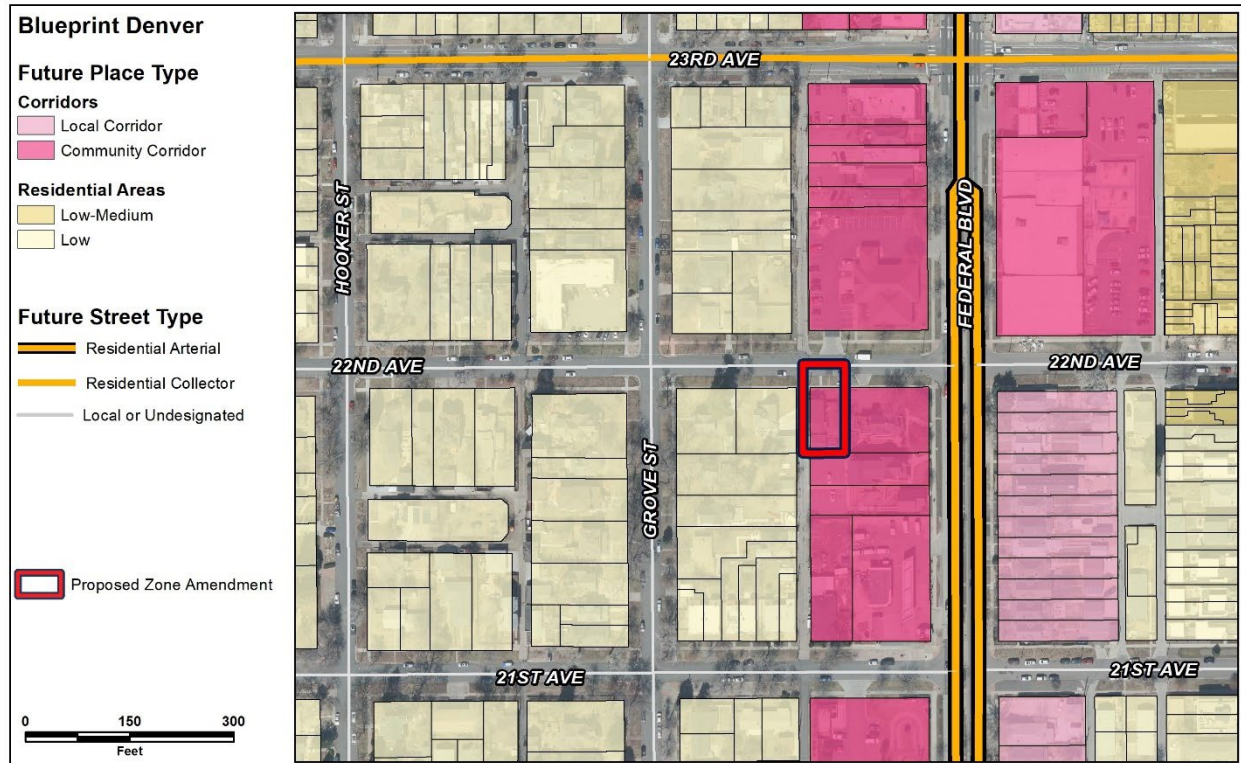

Because the properties in Berkeley and Sunnyside are designated as Residential Low in the Future Places map, the *Blueprint* Growth Strategy categorizes it as "All other areas of the city." These areas are anticipated to experience approximately 20% of new housing growth and 10% of new employment growth by 2040 (p. 51). The map amendment to allow accessory dwelling units is consistent with this growth strategy because it will allow low-intensity residential growth in this area, which is consistent with the growth strategy.

The single property in Sloan's Lake is designated as Community Centers and Corridors. These areas are expected to experience a 20% growth in employment and 25% in housing. The rezoning to allow ADUs will allow an additional unit on the property consistent with the growth strategy.

Blueprint Denver Street Types

Street types help inform the appropriate intensity of the adjacent development (p. 67). *Blueprint Denver* classifies Federal Boulevard, Pecos Street, and portions of 44th Avenue as Residential Arterials, which are “designed for the highest amount of through movement and the lowest degree of property access” (p. 154). *Blueprint Denver* classifies Tennyson Street, Lowell Boulevard, Irving Street, Zuni Street, and Tejon Street as Residential Collectors. “Collector streets are in between a local street and an arterial street; they collect movement from local streets and convey it to arterial streets” (p.159). All of the collector and arterial streets within the proposed rezoning area are designated as Residential streets, which are “primarily residential uses, but may also include schools, civic uses, parks, small retail nodes and other similar uses. Buildings on residential streets usually have a modest setback. The depth of the setback varies by neighborhood context” (p. 160). The remaining streets in the proposed rezoning are undesignated local streets, which are “most often characterized by residential uses [and] provide the lowest degree of through travel but the highest degree of property access” (p. 154).

U-US-C1 is a residential district within the Urban context consistent with the future street type designation of residential.

Blueprint Denver Strategies

Blueprint Denver includes additional recommendations that are relevant for this proposed map amendment.

Land Use & Built Form, Housing, Policy 4:

- This policy recommends "Diversify[ing] housing choice through the expansion of accessory dwelling units throughout all residential areas" (p. 84), which is consistent with the map amendment.
- The policy is aimed at a citywide approach to ADUs, and it includes several strategies for integrating accessory dwelling units, including using "an inclusive community input process to respond to unique considerations in different parts of the city", "expanding[ing] access to ADUs as a wealth-building tool for low- and moderate-income homeowners", and "identify[ing] strategies to reduce involuntary displacement – especially in areas that score high for Vulnerability to Displacement – in conjunction with expanding the allowance for ADUs" (p. 84). This legislative rezoning removes the burden on individual homeowners having to rezone their own property.

Land Use & Built Form, General, Policy 11:

- This policy is to "Implement plan recommendations through city-led legislative rezonings and text amendments" (p. 79).
- **Strategy A** recommends "prioritiz[ing] larger-scale, legislative rezonings over site-by-site rezonings to implement plan recommendations and to achieve citywide goals, including equity goals" (p. 79). Given broad interest in rezoning to allow ADUs on single properties in the subject neighborhoods, a legislative rezoning for the entire area is consistent with this strategy.
- **Strategy C** directs text amendments and city-led rezonings to utilize "a robust and inclusive community input process." A several months-long public outreach process included: two town-halls, one in person and one virtual; a survey available in English and Spanish that received 319 responses; a website with links to maps, opinion survey, information about ADUs, and contact information with 750 views as of February 5, 2024; and a mailer sent in English and Spanish to all residential properties included in the rezoning. Full details of the outreach and the input received is included in the attached rezoning proposal.

Land Use and Built Form: General, Policy 5:

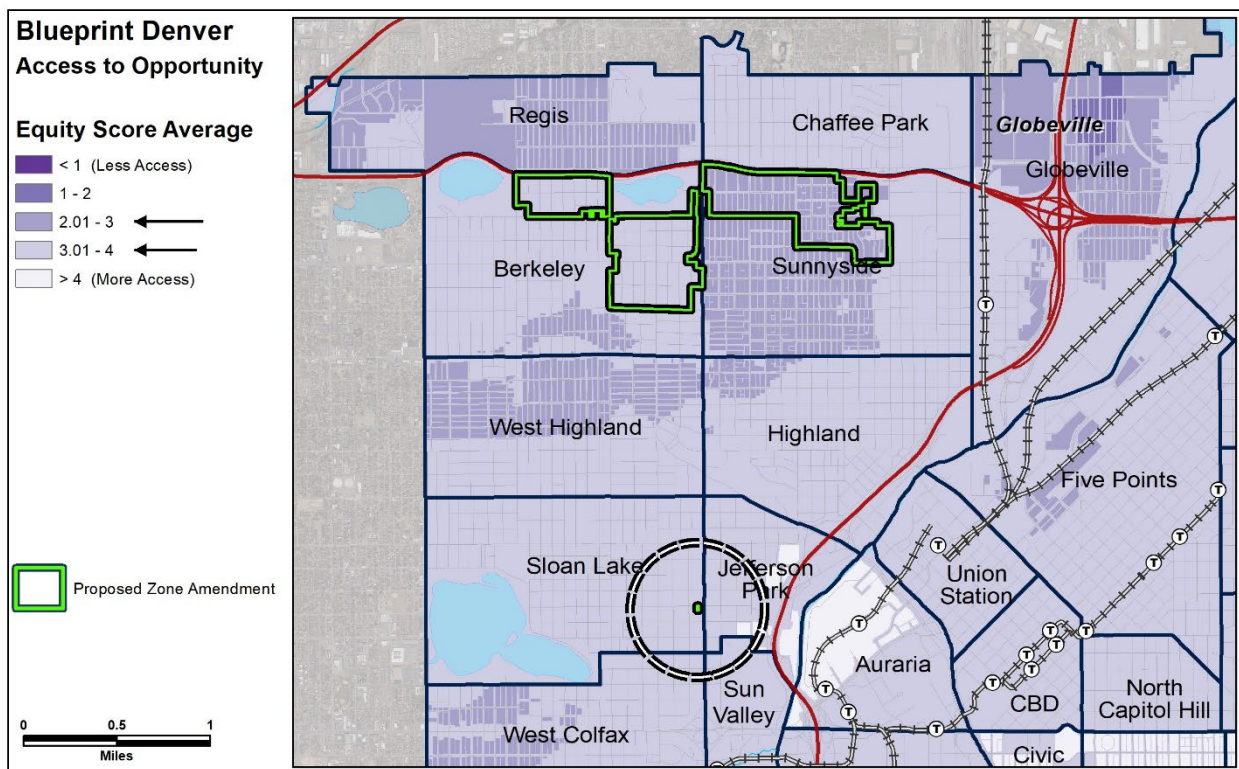

- This policy is to "Integrate mitigation of involuntary displacement of residents and/or businesses into major city projects" (p. 75)
- **Strategy B** recommends "For major city investments and projects—including regulatory changes and legislative rezonings— analyze the potential for the involuntary displacement of lower-income residents and local businesses." Discussion of impacts on involuntary displacement is included below *Blueprint Denver* equity concepts. Additionally, the use limitations of ADUs, including a requirement of single ownership of the primary house and the ADU, are designed to encourage their use by existing residents rather than speculative buyers.

Blueprint Denver Equity Concepts

Blueprint Denver identifies three equity concepts to consider for planning and implementation: improving access to opportunity, reducing vulnerability to displacement, and expanding housing and jobs diversity. These concepts and supplemental data are used to evaluate large area rezonings, such as this one, with the goal of improving equity in the surrounding area through increasing housing option and types.

In this case, the subject site scores as having moderate access to opportunity, higher vulnerability to involuntary displacement, and lower than average housing and jobs diversity. The most pronounced equity gaps identified in this area are educational attainment and median household income, which are both lower than citywide averages and are two of the three indicators which makes residents in this area more vulnerable to involuntary displacement. Accessory Dwelling Units, along with other efforts outlined later in this report, are one tool that seeks to directly address involuntary displacement.

I. Access to Opportunity

This equity concept is measured using a six-indicator index of data points for neighborhood equity and scores measuring access to amenities, services and quality transit. Generally, Berkeley, Sunnyside, and Sloan's Lake are shown as having higher access to opportunity in terms of Social Determinants to Health (lower poverty, high school diploma rates, etc.), access to healthcare, and low childhood obesity. The areas also have access to parks and open space. These areas have less access to grocery stores and transit options.

This rezoning, with its focus on allowing additional housing units, will allow more residents to live in an area with high access to opportunity with greater access to public parks and healthcare.

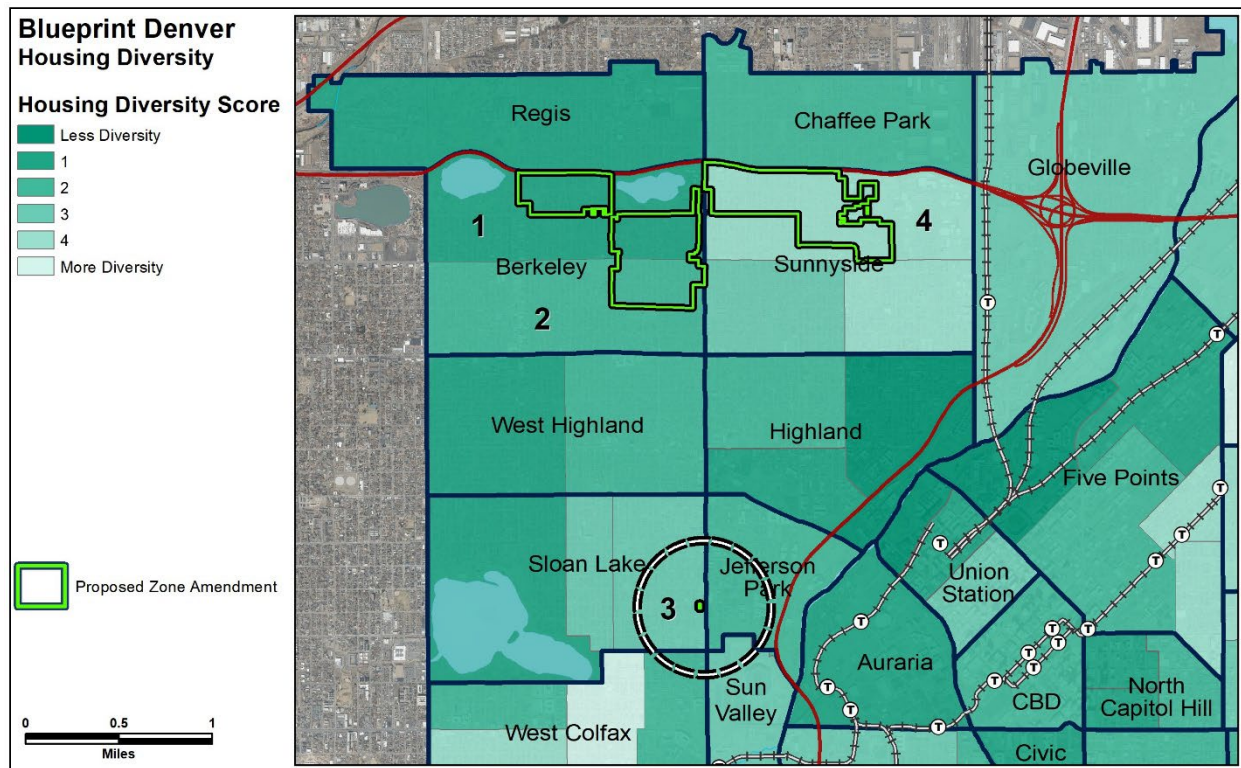

II. Vulnerability to Involuntary Displacement

This concept seeks to stabilize residents and businesses who are vulnerable to displacement due to increasing property values and rents. The basis for measuring vulnerability to involuntary displacement was developed by the Department of Housing Stability (HOST) and combines the following data points from the U.S. Census: median household income, percent of renter-occupied units and percent of residents with less than a college degree. The Berkeley and Sloan's Lake neighborhoods are considered not vulnerable to involuntary displacement based on all three of the indicators scoring higher than the citywide averages on median household income, educational attainment, and percentage of renters. Sunnyside is considered less vulnerable scoring as vulnerable on one of the three indicators, educational attainment. This rezoning will allow additional housing units in stable neighborhoods that have access to a variety of amenities. Additionally, allowing more property owners to establish an accessory dwelling unit on their property can be an opportunity to build wealth and help keep current residents in place and provide more housing options for households who are vulnerable to displacement.

III. Expanding Housing and Jobs Diversity

This concept seeks to provide a better and more inclusive range of housing and employment options in all neighborhoods. A diverse range of housing options, including different prices, sizes, types and a mix of rental and for-sale is key to encouraging complete neighborhoods and households of all types and incomes. Similarly, access to quality employment options allows residents of varying incomes and education levels to find jobs and wealth-building opportunities.

The housing diversity score combines Census tract-level data measuring the percentage of middle-density housing (housing with 2-19 units), home size diversity, ownership versus rental, housing costs, and the number of income-restricted units. There are four census tracts that are included in this rezoning and vary in their housing diversity scores. Sunnyside has the most housing diversity and only scores as not diverse on one indicator, missing middle housing. The northern portion of Berkeley is less diverse scoring as not diverse on four indicators – diversity in housing costs, missing middle housing, number of income restricted units, and mix of rented and owned homes. The area south of 44th Avenue in Berkeley scores as less diverse on three indicators – missing middle housing, low supply of rental housing, and high housing costs. Sloan's Lake scores as not diverse on two of the five indicators – housing costs and number of affordable units.

This zoning proposal will expand housing diversity by creating a new housing option that is typically smaller and at a different price point than the existing single-unit homes in the neighborhood. ADUs can accommodate households of different ages, sizes, and incomes which would also advance the goal to increase racial, ethnic and socioeconomic diversity in Denver's neighborhoods.

The map above shows the mix of jobs in areas of the city (dominant industry depicted by color). The northern portion of Berkeley has a higher concentration of manufacturing, and the southern portion has a higher concentration of retail jobs than the city as a whole. The eastern portion of the Sunnyside neighborhood has a similar job mix as the city. Sloan's Lake has a higher proportion of retail jobs than citywide. There are also areas of Berkeley and Sunnyside that do not have enough data to classify a dominant industry because there are less than 100 jobs per acre, which is typical of single-unit areas.

As the existing and proposed zone districts do not allow for commercial uses, the rezoning will not impact jobs diversity. However, the proposed district could enable residents with different incomes and education levels to live in a neighborhood with greater access to a variety of jobs and lead to wealth-building opportunities.

Department of Housing Stability: Five-Year Strategic Plan

The *Department of Housing Stability Five-Year Strategic Plan* is not adopted as a supplement to the *Comprehensive Plan 2040*, but the plan was adopted by City Council in 2021 and can be considered relevant to the review criteria for this map amendment. The map amendment is reducing regulatory barriers to developing ADUs and is therefore consistent with the following strategy in the strategic plan:

- **Goal 4: Advance Citywide and Regional Approaches, including Policy and Legislative Approaches**

Strategy: "Support efforts to advance key land use strategies to advance affordable housing outlined in *Blueprint Denver*. These include: Diversify housing choice through the expansion of accessory dwelling units and remove barriers to construction."

Near Northwest Area Plan

City Council adopted the *Near Northwest Area Plan* in January 2024, and it applies to properties in Sunnyside. The plan "covers four broad topics: Land Use and Built Form, Housing and Economy, Mobility, and Quality of Life Infrastructure" (p. 12). The goals of the plan are to "1. Support wealth building and access to housing, 2. Support health and wellbeing, 3. Improve multi-modal options and safety, 4. Grow businesses and jobs, and 5. Nurture great places" (p. 12). The following strategy from the Land Use & Built Form category is directly relevant to this rezoning:

- Land Use & Built Form, Recommendation 10, Strategy H – "Support a large-scale rezoning to allow for ADUs where not currently allowed, especially in Sunnyside" (p. 55).

This ADU rezoning is large in scale and will rezone the area of Sunnyside that currently does not allow ADUs, consistent with the above strategy. Additionally, ADUs can be a wealth building tool for families and create more access to housing, which will further the first goal of the plan to support wealth building and access to housing.

2. Uniformity of District Regulations and Restrictions

The proposed rezoning to allow ADUs will result in the uniform application of zone district building form, use, and design regulations.

3. Public Health, Safety and General Welfare

The proposed rezoning will improve public health, safety, and general welfare through implementing adopted plans.

Additionally, a rezoning to allow ADUs throughout the neighborhood introduces a new type of housing in an area, which provides several benefits. First, it expands housing diversity and opportunities to help residents at a range of income levels continue to live in the neighborhood. Second, it provides more flexibility for existing residents of Berkeley, Sunnyside, and Sloan's Lake, which can allow families to remain in place as they grow and age. This flexibility supports family cohesion and can increase economic security. Providing more flexibility can also provide additional income, which helps homeowners remain in place if they otherwise can't afford rising taxes. This can also help build generational wealth.

The proposed rezoning would also allow infill development through a minimal, context-sensitive increase in housing units. This infill, taking place where utilities, services, and a mix of uses are already in place, is more environmentally sustainable than the alternative of greenfield development. And because ADUs are either attached to the main building or behind the main building, they allow extra housing options while maintaining the character of the neighborhood.

CITY COUNCIL

City and County Building
1437 Bannock Street, Room 451
Denver, CO 80202

p: 720.337.7701
amanda.sandoval@denvergov.org

February 6, 2024

Sarah Showalter
Director of Planning Services
Community Planning and Development
City and County of Denver
201 West Colfax Avenue
Denver, CO 80202

Director Showalter,

I am asking that Community Planning and Development prepare a rezoning of the U-SU-C, U-SU-C UO-3, U-SU-C CO-6, U-SU-C CO-7, and U-SU-C CO-8 properties in the legal description of this application to U-SU-C1, U-SU-C1 UO-3, U-SU-C1 CO-6, U-SU-C1 CO-7, and U-SU-C1 CO-8 to allow for accessory dwelling units (ADUs).

Over the past few years, requests for individual rezonings to allow ADUs have come from the Berkeley and Sunnyside neighborhoods. In 2023, several homeowners in the Berkeley and Sunnyside neighborhoods approached my office to inquire about a legislative rezoning to allow ADUs by-right throughout the neighborhoods. In response, my office began outreach to gauge support for a rezoning in October of 2023. Legislative ADU rezonings not only save property owners time and money, but also benefit the City by being a more efficient use of taxpayer dollars than one-off rezonings.

To ensure there was community support, my office built on our engagement process developed and utilized for the ADU rezonings of the Chaffee Park, Sloan's Lake, Regis, and West Highland neighborhoods. I sent mailers to each property owner, hosted two town halls, conducted door-to-door flyering, sent a second mailer to both property owners and renters, and gathered input in a survey. All materials were available in English and Spanish. As of February 6th, 72% of respondents supported the rezoning. This level of support provides clear direction to move forward with the application.

I would like to extend my gratitude to the residents of the Berkeley and Sunnyside neighborhoods who brought this idea forward and organized to spread awareness and ensure community voices were heard. After months of neighborhood outreach, I am thrilled to sponsor this legislative rezoning on behalf of the neighborhood and continue to expand the right to build ADUs to more homeowners in Denver.

Respectfully,

Council President Pro-Tem Amanda P. Sandoval
City & County of Denver, District 1

Berkeley and Sunnyside ADU Rezoning Application

1. Consistency with Adopted Plans

The following adopted plans apply to this application:

- Denver Comprehensive Plan 2040 (2019)
- Blueprint Denver (2019)
- Department of Housing Stability Five-Year Strategic Plan (2021)
- Near Northwest Area Plan (2024)

Denver Comprehensive Plan 2040

The proposed rezoning is consistent with many of the adopted *Denver Comprehensive Plan 2040* strategies, including:

Equitable, Affordable and Inclusive

- ☐ *Goal 2, Strategy A – Create a greater mix of housing options in every neighborhood for all individuals and families (p. 28).*

U-SU-C1 allows for an additional dwelling unit that is accessory to the primary single-unit dwelling use and introduces a new housing type to these largely single-unit residential neighborhoods. Accessory dwelling units can provide housing for individuals or families with different incomes, ages, and needs than the single-unit homes that currently dominate the Berkeley and Sunnyside neighborhoods.

- ☐ *Goal 2, Strategy D – Increase the development of senior-friendly and family-friendly housing, including units with multiple bedrooms in multifamily developments (p. 28).*

ADUs are commonly used to house additional family members or allow seniors to age in place. These arrangements can offer cost savings and emotional/psychological benefits for families.

- ☐ *Goal 4, Strategy C – Incentivize the reuse of existing smaller and affordable homes (p. 29).*

ADUs can increase density while maintaining a neighborhood's character and avoiding impacts to the primary residence. In addition, the financial support of an ADU can help homeowners resist pressures to sell to developers who would replace modest homes with larger, more expensive single-family development.

Environmentally Resilient

- ☐ *Goal 8, Strategy A – Promote infill development where infrastructure and services are already in place (p. 54).*

The proposed map amendment will allow an additional housing unit on the site of an existing single-family home where infrastructure and services such as water, stormwater, and transit already exist. This allows Denver to grow responsibly and promotes land conservation.

Blueprint Denver

Blueprint Denver was adopted in 2019 as a supplement to *Comprehensive Plan 2040* and establishes an integrated framework for the city's land use and transportation decisions. There are four key components of *Blueprint Denver* that apply to this rezoning application:

1. Neighborhood Context
2. Place Type
3. Plan Policies and Strategies
4. Equity Concepts

Blueprint Denver Urban Neighborhood Context

In *Blueprint Denver*, future neighborhood contexts are used to help understand differences between land use, built form, and mobility at a high scale, between neighborhoods. The subject area is shown on the context map as Urban neighborhood context. The description is used to guide appropriate zone districts (p. 66).

The Urban neighborhood context predominantly contains “small, multi-unit residential and low-intensity mixed-use buildings ... embedded in single-unit and two-unit residential areas. Block patterns are a regular grid with consistent alley access.” (p. 222). U-SU-C1 is a residential zone district within the Urban neighborhood context that is “intended to promote and protect residential neighborhoods within the character of the Urban Neighborhood Context.” “The standards of the single unit districts accommodate the pattern of one to two and a half story urban house forms Lot sizes are consistent within an area and lot coverage is typically medium to high accommodating a consistent front and side yard. There are single unit districts that allow detached accessory dwelling units in the rear yard, maintaining the single unit character at the street” (DZC 5.2.2.1).

U-SU-C1 is consistent with the Blueprint future neighborhood context of Urban because it will allow single-unit residential uses with a low-scale accessory dwelling unit that will be compatible with the existing residential area.

Blueprint Denver Low Residential Places

The subject area is designated within a Low Residential future place on the *Blueprint Denver Future Places* map. This place is “predominately single- and two-unit uses on small or medium lots. Accessory dwelling units and duplexes are appropriate and can be thoughtfully integrated where compatible,” and “buildings are generally up to 2.5 stories in height” (p. 214). U-SU-C1 is a single unit residential district that allows for an additional dwelling unit accessory to an established single-family home, which is consistent with the Low Residential future place description. U-SU-C1 allows the Urban House building form, which has a maximum height of 2.5 stories and is consistent with the future places map.

Blueprint Denver Street Types

In Blueprint Denver, street types work in concert with future places to evaluate the appropriateness of the intensity of the adjacent development (p.67). Most streets within the proposed rezoning area are classified in Blueprint Denver as local or residential collector streets. Local streets are “most often characterized by residential uses [and] provide the lowest degree of through travel but the highest degree of property access” (p. 154). Residential Collectors “are in between a local street and an arterial street; they collect movement from local streets and convey it to arterial streets” (p. 154). Blueprint Denver describes residential streets as those with “primarily residential uses, but may also include schools, civic uses, parks, small retail nodes and other similar uses. Buildings on residential streets usually have a modest setback. The depth of the setback varies by neighborhood context” (p. 160). The proposed map amendment to U-SU-C1 is consistent with these street types as it will continue to allow low-intensity residential uses along these streets and does not modify front setback requirements.

Blueprint Denver Growth Strategy

Blueprint Denver’s growth strategy map is a version of the future places map, showing the aspiration for distributing future growth in Denver (p. 51). The subject area is part of the “All other areas of the city” growth area. These areas anticipate experiencing around 20% of new housing growth and 10% of new employment growth by 2040 (p. 51). This growth area is “mostly residential areas with embedded local centers and corridors, take a smaller amount of growth intended to strengthen the existing character of our neighborhoods” (p. 49). The proposed map amendment to U-SU-C1 will allow low-intensity growth to the number of households in this area by allowing an accessory dwelling unit.

Blueprint Denver ADU and Legislative Rezoning Policies

Blueprint Denver provides recommendations related to accessory dwelling units and legislative rezonings. **Land Use & Built Form, Housing, Policy 4** recommends “Diversify[ing] housing choice through the expansion of accessory dwelling units throughout all residential areas” (p. 84). The policy includes several strategies for integrating accessory dwelling units, including using “an inclusive community input process to respond to unique considerations in different parts of the city” and “identify[ing] strategies to reduce involuntary displacement” (p. 84). While Land Use & Built Form, Housing, Policy 4 Strategy E states that a “citywide approach to enable ADUs is preferred”, **Land Use & Built Form, General, Policy 11 Strategy A** recommends “prioritiz[ing] larger-scale, legislative rezonings over site-by-site rezonings to implement plan recommendations and to achieve citywide goals, including equity goals” (p. 79). This rezoning therefore clearly fulfils the directives of Policies 4 and 11.

In addition, the rezoning responds to **Land Use & Built Form, General, Policy 11 Strategy C**, which directs city-led rezonings to utilize “a robust and inclusive community input process.” Recommendation L10.H in the recently adopted Near Northwest Area Plan, also calls to “support a large-scale rezoning to allow for ADUs where not currently allowed, especially in Sunnyside.” While Berkeley lacks a neighborhood plan, the effort to rezone both neighborhoods for ADUs was community-initiated and community-driven. A months-long public outreach process included: multiple mailers to all affected property owners; an online survey with 318 responses showing majority support for the rezoning (72% in favor, 24% against); and two community town halls.

The large-scale rezoning also responds to the equity concepts called out in **Land Use & Built Form, General, Policy 11 Strategy B**, in particular, strategies to reduce vulnerability to displacement. Current residents will be able to benefit from the financial stabilization that an ADU can provide. ADUs can be rented to create supplemental income or can be used to house additional family members and allow families to pool resources. Seniors will be able to age in place. Vulnerability to displacement will be discussed in depth in the next section.

This rezoning will also increase equity around ADUs by removing the need for individual, site-by-site rezonings. While the ADU rezoning process is relatively simple, engaging with the City in this way can be intimidating and unfortunately may deter those who would most benefit from ADUs from completing the process. Importantly, this legislative rezoning will also waive the \$1,000 individual rezoning fee. This fee, which applies to any standard zone district rezoning of 1 acre or less, burdens lower-income people and is an additional barrier to the equitable distribution of ADUs throughout the city.

Blueprint Denver Equity Concepts

Blueprint Denver has three equity concepts: Improving access to opportunity; reducing vulnerability to displacement; and expanding housing and jobs diversity. *Blueprint Denver* states that equity concepts “should be used to evaluate large area rezonings” (p. 67) and therefore are applicable to this rezoning application.

Access to Opportunity

The subject area has an average score of 3.1 or “Somewhat Equitable” on Access to Opportunity, defined as access to basic goods, services, and amenities to improve quality-of-life. The area scores higher on the variables of Social Determinants to Health (lower poverty, higher school diploma rates, etc.), access to healthcare, and low child obesity. However, the total score is brought down by poorer access to grocery stores and transit options and lower life expectancy than the city as a whole. The proposed rezoning may have a positive impact on access to opportunity by moderately increasing the population density of Berkeley and Sunnyside and increasing the likelihood that goods and services (include transit) locate to the area.

Vulnerability to Displacement

The Berkeley neighborhood subject area scores as not vulnerable to displacement (0 on a scale of 0 to 3). The area has a higher proportion of owner-occupied dwelling units, higher median income, and higher rates of educational attainment than Denver as a whole. The proposed rezoning to allow ADUs would provide opportunities for new residents to enjoy this relatively stable neighborhood, especially those with lower incomes who may otherwise not be able to afford to live in the area.

However, the Sunnyside neighborhood subject areas are more vulnerable to displacement. The area north of West 44th Avenue scores as somewhat vulnerable to displacement (1 on a scale of 0 to 3) with lower rates of educational attainment than Denver as a whole. The subject area south of West 44th Avenue and east of Tejon Street scores as vulnerable on 2 of the 3 indicators (Educational attainment and median household income). The proposed rezoning to allow ADUs would provide opportunities for new residents to enjoy this neighborhood, especially those with lower incomes who may otherwise not be able to afford to live in the area.

At the same time, it is important to note that averages can obscure the many households that are more vulnerable to displacement in the areas. ADUs may be a strategy to stabilize these households and ensure they remain in the neighborhood. Unfortunately, even with the enabling zoning, there are still barriers to building ADUs that disproportionately burden lower income households. For example, building an ADU can trigger soil bores, require owners to upgrade sidewalks, or make other improvements that drive up costs well beyond the reach of many lower-income property owners. Consequently, the Councilwoman has partnered with existing ADU builders, including the West Denver Renaissance Collaborative (WDRC) and local for-profit designers, to explore modifications to the regulatory environment around ADUs.

Housing Diversity

The Berkeley subject area lacks overall housing diversity despite offering diversity in the number of bedrooms available. The Berkeley neighborhood subject areas north of West 44th Avenue score as “Not Diverse” in overall housing diversity (1 on a scale of 0 to 5). The Berkeley neighborhood subject areas south of West 44th Avenue score as “Slightly Diverse” in overall housing diversity (2 on a scale of 0 to 5) due to a greater number of income-restricted units. However, there are very few missing middle options, low supply of rental housing, and high housing costs. ADUs are a strategy to add needed housing diversity. The proposed rezoning to allow ADUs will help diversify the housing stock by encouraging the development of additional housing types in the neighborhood and by contributing to the mix of owner/renter-occupied units.

The Sunnyside subject area is more housing diverse. The subject area north of West 44th Avenue is housing diverse (4 on a scale of 0 to 5) but lacks missing middle options. The area south of West 44th Avenue and east of Tejon Street is also housing diverse, but the number of affordable (income-restricted) units is below citywide averages. ADUs are a strategy to add housing diversity. The proposed rezoning to allow ADUs will help diversify the housing stock by encouraging the development of additional housing types in the neighborhood.

Job Diversity

The proposed rezoning to residential zone districts will not have a direct impact on job diversity in the neighborhood as it does not allow for commercial uses.

Department of Housing Stability Five-Year Strategic Plan (2021)

Adopted by City Council in 2021, the *Department of Housing Stability Five-Year Strategic Plan* can be considered relevant to the review criteria for this map amendment. The plan aims to create a Denver where residents enjoy equitable access to affordable housing options, opportunities for wealth increase through homeownership, and enhanced quality of life. It also seeks to ensure residents can choose when and under what circumstances to move or stay in their homes and neighborhoods. The following plan goal is applicable to the proposed rezoning:

Plan Priorities - Cross-Departmental Operations, Goal 4: Advance Citywide and Regional Approaches, including Policy and Legislative Approaches

Support efforts to advance key land use strategies to advance affordable housing outlined in Blueprint Denver. These include:

- *Diversify housing choice through the expansion of accessory dwelling units and remove barriers to the construction. (p. 51)*

The proposed map amendment to U-SU-C1 is consistent with the *Department of Housing Stability Five-Year Strategic Plan* recommendation to diversify housing choice by allowing accessory dwelling units (ADUs) to be built. It would also remove the need for individual, site-by-site rezonings, a current barrier to the construction of ADUs.

Near Northwest Area Plan (2024)

The *Near Northwest Area Plan* addresses a geographic area that includes the Sunnyside neighborhood. It was adopted as a supplement to Comprehensive Plan 2040 and updates Blueprint Denver. The plan provides “a vision and policy guidance for land use, urban design, housing, mobility, parks, and the local economy for the next 20 years.” This plan supports the following recommendation:

Land Use & Built Form

- *Recommendation L10, Strategy H – Support a large-scale rezoning to allow for ADUs where not currently allowed, especially in Sunnyside. (p. 55).*

U-SU-C1 allows for an additional dwelling unit that is accessory to the primary single-unit dwelling use and introduces a new housing type to these largely single-unit residential neighborhoods. Accessory dwelling units can provide housing for individuals or families with different incomes, ages, and needs than the single-unit homes that currently dominate the Berkeley and Sunnyside neighborhoods.

2. Uniformity of District Regulations and Restrictions

The proposed rezoning to U-SU-C1 will result in the uniform application of zone district building form, use and design regulations.

3. Public Health, Safety and General Welfare

The proposed official map amendment furthers the public health, safety, and general welfare of the City through implementation of the city’s adopted land use plan which recommends “the expansion of accessory dwelling units throughout all residential areas” (p. 84 of *Blueprint Denver*). The proposed rezoning would also provide the benefit of additional housing units that are compatibly integrated into the surrounding neighborhood. Adding gentle density to established neighborhoods rather than pushing greenfield development supports long-term sustainability and therefore the health, safety, and welfare for all of Denver for generations. In addition, increasing access to ADUs as tools for financial stability and family cohesion can promote health and wellbeing by reducing stress-related health complications and increasing economic security.

Accessory Dwelling Units (ADUs) in the Sunnyside Neighborhood?

Accessory Dwelling Units (ADUs) are also known as granny flats, in-law units, casitas, or carriage houses. Over the past few years, many Sunnyside homeowners have expressed interest in building ADUs – however, they need to apply one-by-one to be rezoned to allow them. Councilwoman Amanda Sandoval is proposing to lead a rezoning on behalf of the community to allow ADUs throughout the areas on the map below. This would save owners time and money.

April 2, 2024

Councilwoman Amanda P. Sandoval
Denver City Council, District 1
Amanda.Sandoval@denvergov.org

Subject: Berkeley Regis neighborhood rezoning

Dear CW Sandoval:

The Berkeley Regis United Neighbors (BRUN) Zoning and Planning Committee has reviewed your request for support to rezone portions of the Berkeley and Sunnyside neighborhoods to allow for construction of ADUs by-right. Specifically in Berkeley, this would rezone three neighborhoods from U-SU-C, and U-SU-C/CO-6 to U-SU-C1 and U-SU-C1/CO-6. We note that following public outreach including property owners and renter notification and two townhall meetings, surveys taken by your office within the proposed rezoning neighborhoods show support by over 72% of the neighbors responding (over 325 responses). In light of this response by neighbors that will be affected, the BRUN ZAP Committee and BRUN Board (open to public participation) unanimously voted to approve this measure in our March ZAP and Board meetings.

Best Regards,

Bill Killam
Chair, Zoning and Planning Committee
Berkeley Regis United Neighbors

Scott Danenhauer
President
Berkeley Regis United Neighbors

To Whom It May Concern,

My name is Meghan Maxson and I live at 4610 Beach Court. I am writing to express my support of Councilwoman Amanda P. Sandoval's proposal to legislatively re-zone the Berkeley and Sunnyside neighborhoods to allow accessory dwelling units (ADUs) in our community.

I feel that Accessory Dwelling Units will be a good fit for our neighborhoods. ADUs are a form of gentle density which helps expand affordable housing options in our city and allow more people to live in our wonderful neighborhoods. In addition, ADUs can help individuals age in place and provide extra income, among many other benefits for our neighborhoods and Denver as a whole.

Thank you for your time and consideration.

To Whom It May Concern,

My name is Kristen Speth and I live at 44th and Hooker St. I am writing to express my support of Councilwoman Amanda P. Sandoval's proposal to legislatively re-zone the Berkeley and Sunnyside neighborhoods to allow accessory dwelling units (ADUs) in our community.

I feel that Accessory Dwelling Units will be a good fit for our neighborhoods. ADUs are a form of gentle density which helps expand affordable housing options in our city and allow more people to live in our wonderful neighborhoods. In addition, ADUs can help individuals age in place and provide extra income, among many other benefits for our neighborhoods and Denver as a whole.

I feel like this only makes sense for so many reason and gives property owners so many more

options with how to be creative in times of expensive property ownership (between buying house and property taxes it will allow individuals to have a place to house friends, family, and others in their home instead of forcing them to other and often more expensive options).

Thank you for your time and consideration.

To Whom It May Concern,

My name is Amy Murin and I live at 4229 Knox Ct., 80211. I am writing to express my wholehearted support of Councilwoman Amanda P. Sandoval's proposal to legislatively re-zone the Berkeley and Sunnyside neighborhoods to allow accessory dwelling units (ADUs) in our community.

As the population of Denver / Colorado grows so quickly, we simply must create denser housing as it is not sustainable to expand our any more than we already are. I appreciate Councilwoman Sandoval's thoughtful approach to this plan, incorporating lessons learned from other neighborhoods. I also appreciate the many opportunities she gave to participate and learn about this change before moving forward.

On a personal note, my mom has been struggling with health challenges for a few years, and I am thrilled at the possibility of building out my old carriage garage into an ADU for her.

Thank you for your time and consideration.

[Report Suspicious](#)

Attn Denver Dept. of Community Planning and City Council Board Members:

Sunnyside ADU Re-Zoning Position: **SUPPORT**

I am a 20-year resident of Highlands/Sunnyside, currently in a section of Sunnyside that is not zoned for ADUs. I am fully supporting the District 1 initiative to re-zone the areas of our neighborhood to allow for ADUs to be built.

We all know that buying and renting in Denver has become unaffordable for most average people.

Many of us that were able to purchase property during or before the recession are grateful to own our homes. However, in many cases, we are “stuck” in our current properties. Allowing ADUs will accomplish many things:

- Create housing for people that can’t afford to rent houses or condos
- Create housing for people that don’t want to live with multiple roommates just to afford the rent, and who don’t want to be in a crowded apartment building
- Generate rental income for existing homeowners that need more income to stay afloat of Denver’s ever-rising cost of living
- Make property adjacent to/near I-70 more marketable for sellers and more appealing to buyers
- Build density that will eventually lead to more business development in Sunnyside – restaurants, shops, offices, services, etc.

Thank you for listening, and thanks to Councilwoman Amanda Sandoval for her work on this initiative.

Regards,

Jennifer Hejaily

To Whom It May Concern,

My name is Jennifer Gauerke and I have lived at 4635 Bryant Street in Sunnyside for 24 years. I am writing to express my support of Councilwoman Amanda P. Sandoval's proposal to legislatively re-zone the Berkeley and Sunnyside neighborhoods to allow accessory dwelling units (ADUs) in our community.

Our area has been left out of the ADU zone for too long. Our family would benefit from being zoned for an ADU so that our young adult son could live independently and have a reasonable cost of living by renting the ADU from us while he looks for his first job. The rental market is unattainable for him

at this point in time. We could alternatively have our aging parents move into an ADU and give us peace of mind as they age in place.

With a wonderful program with WDSF+ ADU Pilot Program in place we could actually afford to put in an ADU. We would love to be able to add an ADU to our property.

Please make re-zone Sunnyside and Berkeley and make our dreams of 24 years come true!!!

Thank you!

To Whom It May Concern,

I am registered voter, taxpayer and resident homeowner Rudy Garcia and my family has resided at 4536 Quivas since the 70s. Our household supports Councilwoman Amanda P. Sandoval's proposal to re-zone the Berkeley and Sunnyside neighborhoods to allow accessory dwelling units (ADUs) in our community.

ADUs would be a great fit for our neighborhoods to help expand affordable housing options and allow more people to live in our wonderful neighborhoods. Most importantly, ADUs can help individuals age in place by providing them supplementary income. Councilwoman Sandoval's proposal would encourage responsible methods and a system for accomplishing that.

Gracias,
Rudy Garcia

[Report Suspicious](#)

To Whom It May Concern,

My name is **Susan Kamenar** and I live on Perry St between 46 & 47, part of what feels like the oft-forgotten Berkeley-Regis area. I am writing to express my support of Councilwoman Amanda P. Sandoval's proposal to legislatively re-zone the Berkeley and Sunnyside neighborhoods to allow accessory dwelling units (ADUs) in our community.

I feel that Accessory Dwelling Units will be a good fit for our neighborhoods. ADUs are a form of gentle density which helps expand affordable housing options in our city and allow more people to live in our wonderful neighborhoods. In addition, ADUs can help individuals age in place and provide extra income, among many other benefits for our neighborhoods and Denver as a whole.

I worked hard to be in this neighborhood but could only afford a small under 750 sqft house. If I want to build an ADU on my lot so that I, my family, my guests, or potential renters (to help offset my mortgage) can live more comfortably, I should be able to do so without complicated processes.

Thank you for your time and consideration.

I feel that Accessory Dwelling Units will be a good fit for our neighborhoods. ADUs are a form of gentle density which helps expand affordable housing options in our city and allow more people to live in our wonderful neighborhoods. In addition, ADUs can help individuals age in place and provide

extra income, among many other benefits for our neighborhoods and Denver as a whole.

Thank you for your time and consideration.

[Report Suspicious](#)

Dear District 1,

I am writing this in support of the ADU's for Sunnyside.

My name is Katie Burns and I am an resident of Sunnyside.

- I have always wanted to build a ADU myself
- It seems silly that such a small portion on the neighborhood hasn't been allowed
- I think this will be a nice way to add value to the neighborhood and create more housing for additional income or family and friends to stay

ADU's are needed in our community due to the lack of housing. I fully support this proposal.

If you have questions about this letter of support, you can contact me at 310.422.0879 or by email gtktburns@gmail.com

Sincerely,

Katie Burns

[Report Suspicious](#)

To Whom It May Concern,

My name is Barb Mahnen and I have lived at 4563 Beach Court in Sunnyside for over 20 years. I am writing to express my support of Councilwoman Amanda P. Sandoval's proposal to legislatively re-zone the Berkeley and Sunnyside neighborhoods to allow accessory dwelling units (ADUs) in our community.

Our area has been left out of the ADU zone for too long. Our neighbors and our family would benefit from being zoned for an ADU so that our young adult son or daughter could live independently and have a reasonable cost of living by renting the ADU from us while they look for their first job after

college. The rental market and housing market is unattainable for our children at this point in time. We could alternatively have my aging father move into an ADU and give us peace of mind as he ages in place and nearby to us so that we can provide care. And when we move away as will likely happen as we reach our 80's or 90's, another family will be set up for the same situation in the future.

With a wonderful program with WDSF+ ADU Pilot Program in place we could actually afford to put in an ADU. We would love to be able to add an ADU to our property.

Please re-zone Sunnyside and Berkeley and make our dreams of helping our family come true!!!

Thank you!

Dear Ms. Sandoval

I was born in Sunnyside and live in Berkley, so as a 76 year member of the North Denver community I strongly endorse your efforts to allow ADU's both in Sunnyside and the Berkley neighborhood.

The need for affordable housing grows as the prices of the neighborhood rise. ADU's seem to be a way to create additional housing with minor impact, to allow seniors to age in place, young people to live in the neighborhood with their family. To allow young couples to establish a household and prepare for home ownership.

While ADU's may not be for everyone I believe that they fill a need in my community.

Thank you for listening to an old man.
Sincerely,

Terry L Holtzinger

RE: **Zoning change:** Zoning change from U-SU-C, U-SU-C CO-6, U-SU-C CO-7, U-SU-C CO-8, U-SU-C UO-3 to U-SU-C1, U-SU-C1 CO-6, U-SU-C1 CO-7, U-SU-C1 CO-8, U-SU-C1 UO-3.

My name is Lynne Valencia. I live in the area affected by this proposed zoning change. I'm a Denver native and have lived in my neighborhood for over 20 years. I love this neighborhood and chose it because it was safe, beautiful and felt like a neighborhood.

The proposed changes concern me and I want to express my "NO" vote.

Studies have shown that higher density in cities can cause stress and anxiety and can result in frustration, anger and rage.

Denver was not planned for high density.

I want to live in a neighborhood where I can breathe clean air, find parking, ride my bike safely in the street and be surrounded by happy neighbors.

Stuffing more people into a confined space will result in:

- Less parking
- More cars, more air pollution
- More cars, causes challenges to riding bikes for families. People often run red lights and don't stop at stop signs. It's hard to see around parked cars. I'd like to see a study done on bike safety in high density areas.
- High stress. If you can't find parking, if you can't enjoy your neighborhood, if you feel crowded, how can you enjoy your family? How can you be a good neighbor?

I understand a developer's desire for more revenue at the expense of a

desirable neighborhood.

Please don't allow an open book for ADU's. I understand change is inevitable, but be thoughtful, careful and don't ruin a good thing because you want to make it easier for ADU's to pop up. Let each ADU application be reviewed separately. Have standards for healthy neighborhoods. I'm not totally opposed to ADUs.

I want to live in a healthy, happy neighborhood. The noise from I-70 is already challenging, please don't allow more noise, more pollution, less safety and more stress into our neighborhoods.

Subject: [EXTERNAL] Rezoning for ADUs in the Berkeley neighborhood
Date: Thursday, April 4, 2024 7:11:54 PM

This Message Is From an Untrusted Sender

You have not previously corresponded with this sender.

[Report Suspicious](#)

My name is Dan Morr and I have lived at 4121 Knox Court, Denver 80211 since 1992. I am totally opposed to the proposed rezoning of my Berkeley neighborhood to allow Additional Dwelling Units (ADUs.) Berkeley has been completely developed for many, many years with nicely built mostly brick homes with some limited commercial properties. Almost all of the residential houses in Berkeley are on lots measuring 50' x 125', or 6,250 sq. ft. Most of the properties have a garage in the back yard with a short driveway connected to an alley, which leaves a modest amount of space for a patio and small lawn and garden area. This doesn't leave a lot of space for an ADU. I think most people considering an ADU would opt to convert the garage space into living space. This would put the owner's vehicles (probably 2) on the street as well as the tenants of the ADU's vehicles (again, probably 2.) Since there are already a lot of cars parked on our streets, it would only take a couple of ADUs to create a parking problem on a block. One of the nicest things about living in Berkeley is that there is available parking for residents, their visitors, and service people. When I visit neighborhoods like Capitol Hill or West Washington Park, that is not the case, and it makes those neighborhoods a lot less desirable than Berkeley.

Another problem with ADUs is the increased density in the neighborhood. There is no such thing as "soft density," as the person sponsoring this rezoning likes to think. With all the construction of large condo buildings on Tennyson St., 38th Ave. and Lowell Blvd. the restaurants, grocery stores, and other businesses in our neighborhood have become hard to get into and harder to park by. It's sad that an older resident like me has to go out of my neighborhood to get a meal or buy something because the places I have patronized for most of my life have become inaccessible.

I sincerely hope that City Council will consider the well-being of the residents of Berkeley rather than the redevelopment whims of the sponsor of this rezoning request. The Berkeley neighborhood was developed a long time ago as a desirable place for all its property owners to live, not a place to over-populate for the financial benefit of a few.

Your comment:

My primary concern regarding this re-zoning is related to vehicle congestion. I have lived in the neighborhood for 30+ years. As is well known, the residential streets in these areas are narrow. Currently, when vehicles are parked on both sides of the streets, it is very difficult if not impossible for two vehicles to pass, especially considering the size of many SUVs. Street parking is already congested; this re-zoning will only increase the congestion exponentially.

Alley parking is not an option. I am also concerned about the effect on home prices. I realize housing is needed, but I do not believe this is the best option and would ultimately negatively impact these residential areas. I wanted to comment on my concerns about neighborhood traffic congestion, residential congestion, and I significantly disapproval of this re-zoning.

Your comment:

The application by Councilwoman Sandoval proposes to change the zoning designation of three areas of Denver. The areas are not homogenous among or even within the three areas (e.g. Berkeley). The Legislative Rezoning Proposal is not transparent in its purpose. The case for why the proposal is made consists of very general statements about equity and accessibility that would benefit individuals and communities, but there are no data to support how there would be more equity in housing or accessibility to more affordable housing, nor is there any supportive data as to the magnitude of the changes for individuals or communities. There is some attempt to address the "Blueprint Denver" equity concepts of Access to Opportunity, Vulnerability to Displacement, Housing Diversity, and Job Diversity. It shows good access to opportunity, no vulnerability to displacement, low housing diversity, and no impact on job diversity. On the only equity concept that would offer any support for a rezoning change, the proposal does not address how ADUs would effect housing diversity or what changes an ADU change has made in areas of Denver it has already taken place. Overall, no compelling case has been made in support of rezoning to include ADUs in these three sections of Denver. The only data mentioned was a survey of these three areas of Denver where only 319 individuals responded with 72% for and 28% against rezoning to allow ADUs. Low response rate, doesn't reflect households responding and there was not analysis offered on why people wanted the areas to be rezone. Was it to support the Blueprint Denver concepts of equity or because they liked the idea of allowing easier means of providing additional income with fewer obstacles. I would suggest the later and doubt that any or many of the respondents know about the Blueprint Denver concept of equity.

There was no mention of any drawbacks to the rezoning proposal. One that immediately came to mind as I studied the rezoning map was the on-street parking congestion and that and other related quality of life issues. For example, the rezoning would effect 32 city blocks or about 3 miles of single family homes adjacent to 46th Avenue and Lowell Blvd. . Each of these streets are major commuting streets with no parking or very restricted parking on both sides of the street. So, where do the new residents park their vehicles--yes, on the side streets connected to these main roadways. This is a problem only the western part of Berkeley currently experiences, but the rezoning proposal will ensure we have parking congestion like other areas of Denver. Driving from my house to my favorite restaurant south on Osage St. or Pecos to 32nd St. will give

you a good idea of the congestion I am referencing for our future if this rezoning proceeds.

In the final analysis, this rezoning proposal will replace the current zoning that already allows individual permits to accomplish the same thing. It will streamline permitting, reduce cost and solve a problem that doesn't exist (or if it does, the rezoning proposal does not identify the problem or offer data to support the existence of a problem that will be resolved by allowing ADUs). When the people approached the Councilwoman with a solution to a problem that doesn't exist, could have been thinking about increasing their income with rental property or B&Bs or increasing the value of their home for resale purposes?

To the City Council: Please do not vote for this rezoning amendment unless the proposal provides a more compelling reason(s) to make Denver a better, more accommodating place to live for everyone. Building ADUs will not solve or contribute in any significant way to the problems of homelessness, affordable housing, effective governance for growth nor the equity issues in "Blueprint Denver".

Your comment:

Hello,
Could someone please address whether the overlay plan for Harkness Heights has been officially enacted and how this rezoning proposal may interact with that overlay plan? Are there any methods for applying for an exception to the overlay if this rezoning is passed? Currently, the overlay plan would severely hamper the ability for homeowners to build an ADU in the rear 35% of their lot and I worry that this rezoning does not take the overlay plan into account.
Thank you,
Julian Michaels

Hi there,

I am the owner of 4135 Green Ct in Denver 80211 Eric Fitzgerald. My wife and I are in support of the proposed rezoning of our area to allow ADU's at all properties in the proposed overlay.

I think the addition of ADU's will increase values, rejuvenate the area by making it more accessible to new residents and create economic opportunities for residents. Clearly parking issues will need to be addressed, but otherwise it seems to be a positive in other ways.

Thank you.

RE: Application number:

To all concerned,

Please, for the love of common sense, STOP AMANDA SANDOVAL from continuing to destroy perfectly good residential Denver neighborhoods with her out-of-control "Build On Every Square Foot" philosophy of "managed" growth. STOP turning every block of Denver into HIGH-DENSITY RESIDENTIAL. The solution to the City Council's "All Growth is Good Growth" strategy is NOT to turn every street into an urban corridor.

ADUs are now a Denver virus that it will take us a century to recover from. The problem is not the occasional, quaint little grandma cottage. The problem is that Sandoval and her council ilk continue to allow ADUs anywhere and everywhere with no discernable size limitations, and with no concern whatever with aesthetic continuity. Sandoval believes that "anything you can build, I can build bigger." Whether it looks fully anachronistic to the primary residence or surrounding houses or not. You have turned our streets into a checkerboard laughingstock. And you have sent our property taxes skyrocketing.

And who is profiting off all of this? Besides the City of Denver, I mean? OUT-OF-STATE DEVELOPERS, not everyday Denverites. The neighbor across the alley from me sold his property to an out-of-state developer and made a reasonable nest egg from it. But the developer then built an alleyside ADU that DWARVES the size and scope of the primary residence, which, let's face it, is now the actual ADU, secondary to the massive apartment complex the developer now runs out of my alley. He's making all that money and taking it right back to Texas. Meanwhile, Sandoval endlessly congratulates herself for creating "affordable" (NOT!) housing on small, middle-of-the-block housing lots that were never designed to be apartment complexes.

Someone must show courage and stand up to Amanda Sandoval, who ... I can't believe I am saying this ... I actually voted for, several times, before I realized that she is out to destroy my quality of life for her own political aggrandizement. Never again!!!! Listen to the people and DENY this outrageous rezoning proposal. It is obscene. Thank you!

 - Watch the discussion live on [Denver 8 TV](#)

June 3 at 5:30 pm

- [City Council](#) - Public Hearing & Vote
 - Sign up to speak before City Council in-person or on Zoom. Registration is open on June 3 from 3:00 pm to 5:30 pm.
 - Watch the discussion live on [Denver 8 TV](#)

Submit a letter of support! Share your feedback on this rezoning with Planning Board and City Council. Below is a sample letter that you are welcome to use it as-is or customize. Please send your letter/comments either as an attachment or simply in the body of an email to my office at district1@denvergov.org.

As always, it is an honor to work on behalf of the residents of Northwest Denver.

With gratitude,

Councilwoman, Amanda P. Sandoval

SAMPLE LETTER

To Whom It May Concern,

My name is **[Your Name]** and I live at **[Address or Cross Streets]**. I am writing to express my support of Councilwoman Amanda P. Sandoval's proposal to legislatively re-zone the Berkeley and Sunnyside neighborhoods to allow accessory dwelling units (ADUs) in our community.

I feel that Accessory Dwelling Units will be a good fit for our neighborhoods. ADUs are a form of gentle density which helps expand affordable housing options in our city and allow more people to live in our wonderful neighborhoods. In addition, ADUs can help individuals age in place and provide extra income, among many other benefits for our neighborhoods and Denver as a whole.

Thank you for your time and consideration.

[Report Suspicious](#)

To Whom It May Concern,

My name is **Lynne Valencia** and I live at **46th and Hooker**. I am writing to express my opposition to Councilwoman Amanda P. Sandoval's proposal to legislatively re-zone the Berkeley and Sunnyside neighborhoods to allow accessory dwelling units (ADUs) in our community.

I feel that Accessory Dwelling Units will add density without solving some of our other neighborhood issues. Traffic, pollution, lack of parking, frustration, unsafe to ride bicycles are the results of higher density.

I understand the need for affordable housing options in our city, but a blanket 'allowance' to ADU's is not smart growth. We have wonderful neighborhoods and there are definitely some advantages to ADUs such as helping individuals age in place and provide extra income, but what about the safety of our families riding bikes in streets where there are many more cars, what about noise pollution, air

pollution, congestion resulting in road rage and frustration, and lack of parking.

I ask that you set HIGH standards for ADUs. Off street parking requirements. Be considerate in blocking out the sun from a neighbor's yard. Allow the neighbor to maintain some sense of backyard privacy. And that quality design and materials are used to maintain our wonderful neighborhoods.

What was done along North Tennyson is a tragedy to our wonderful neighborhoods. There is no sense of neighborhood along Tennyson between 44th and 46th. Please have HIGH standards as you move forward with thoughtful growth.

Thank you for your time and consideration.

To Whom It May Concern,

My name is **Elizabeth Silverman** and I live at **4245 N. Green Court, Denver, Colorado**. I am writing to express my support of Councilwoman Amanda P. Sandoval's proposal to legislatively re-zone the Berkeley and Sunnyside neighborhoods to allow accessory dwelling units (ADUs) in our community.

I feel that Accessory Dwelling Units will be a good fit for our neighborhoods. ADUs are a form of gentle density which helps expand affordable housing options in our city and allow more people to live in our wonderful neighborhoods. In addition, ADUs can help individuals age in place and provide extra income, among many other benefits for our neighborhoods and Denver as a whole. It is my hope that allowing ADU's will allow me to provide housing for

individuals who are unable to find and afford housing in our city. I have zero interest in short term rentals, I am focused on being part of the solution to our ongoing housing crisis in Denver. Additionally, as I approach retirement I am hoping to find a way to stay in my home, an ADU would provide this opportunity as well as assisting individuals who need affordable housing. I am extremely blessed to have my own home, but I have experienced homelessness in my past and I know the barriers that prevent people from finding secure housing. I would love to see the City acknowledge and take action on solutions that are based in simple humanity.

It is my sincere hope that the City will recognize the need to find creative solutions for our ongoing housing and financial hardships. I truly believe that all of us have a responsibility to be part of the solution and use all tools available to assist each other.

Thank you for your time and consideration.

Submit a letter of support! Share your feedback on this rezoning with Planning Board and City Council. Below is a sample letter that you are welcome to use it as-is or customize. Please send your letter/comments either as an attachment or simply in the body of an email to my office at district1@denvergov.org.

As always, it is an honor to work on behalf of the residents of Northwest Denver.

With gratitude,

Councilwoman, Amanda P. Sandoval

SAMPLE LETTER

To Whom It May Concern,

My name is **[Your Name]** and I live at **[Address or Cross Streets]**. I am writing to express my support of Councilwoman Amanda P. Sandoval's proposal to legislatively re-zone the Berkeley and Sunnyside neighborhoods to allow accessory dwelling units (ADUs) in our community.

I feel that Accessory Dwelling Units will be a good fit for our neighborhoods. ADUs are a form of gentle density which helps expand affordable housing options in our city and allow more people to live in our wonderful neighborhoods. In addition, ADUs can help individuals age in place and provide extra income, among many other benefits for our neighborhoods and Denver as a whole.

Thank you for your time and consideration.

To Whom It May Concern,

My name is Katie Waugaman and I live at Tejon & W 47th Ave. I am writing to express my support of Councilwoman Amanda P. Sandoval's proposal to legislatively re-zone the Berkeley and Sunnyside neighborhoods to allow accessory dwelling units (ADUs) in our community.

I feel that Accessory Dwelling Units will be a good fit for our neighborhoods. ADUs are a form of gentle density which helps expand affordable housing options in our city and allow more people to live in our neighborhoods. In addition, ADUs can help individuals age in place and provide extra income, among many other benefits for our neighborhoods and Denver as a whole.

With rising property taxes, sidewalks fees, and other increasing costs of living in Denver, it would be

comforting to have the option of building an ADU in the future to supplement with additional income and to increase the value of our home.

Thank you for your time and consideration.

To Whom It May Concern,

My name is Dana Bryson and I live at 45th and Hooker in Council District One.. I am writing to express my support of Councilwoman Amanda P. Sandoval's proposal to legislatively re-zone the Berkeley and Sunnyside neighborhoods to allow accessory dwelling units (ADUs) in our community.

If this had been in place 5 years ago we would have been able to build an EDU on our property to allow for our multigenerational family to all live in the same place, saving money and helping to support our intergenerational family.

I feel that Accessory Dwelling Units will be a good fit for our neighborhoods. ADUs are a form of

gentle density which helps expand affordable housing options in our city and allow more people to live in our wonderful neighborhoods. In addition, ADUs can help individuals age in place and provide extra income, among many other benefits for our neighborhoods and Denver as a whole.

[Report Suspicious](#)

To Whom It May Concern,

My name is **Lynne Valencia** and I live at **46th and Hooker**. I am writing to express my opposition to Councilwoman Amanda P. Sandoval's proposal to legislatively re-zone the Berkeley and Sunnyside neighborhoods to allow accessory dwelling units (ADUs) in our community.

I feel that Accessory Dwelling Units will add density without solving some of our other neighborhood issues. Traffic, pollution, lack of parking, frustration, unsafe to ride bicycles are the results of higher density.

I understand the need for affordable housing options in our city, but a blanket 'allowance' to ADU's is not smart growth. We have wonderful neighborhoods and there are definitely some advantages to ADUs such as helping individuals age in place and provide extra income, but what about the safety of our families riding bikes in streets where there are many more cars, what about noise pollution, air

pollution, congestion resulting in road rage and frustration, and lack of parking.

I ask that you set HIGH standards for ADUs. Off street parking requirements. Be considerate in blocking out the sun from a neighbor's yard. Allow the neighbor to maintain some sense of backyard privacy. And that quality design and materials are used to maintain our wonderful neighborhoods.

What was done along North Tennyson is a tragedy to our wonderful neighborhoods. There is no sense of neighborhood along Tennyson between 44th and 46th. Please have HIGH standards as you move forward with thoughtful growth.

Thank you for your time and consideration.

To Whom It May Concern,

My name is **Elizabeth Silverman** and I live at **4245 N. Green Court, Denver, Colorado**. I am writing to express my support of Councilwoman Amanda P. Sandoval's proposal to legislatively re-zone the Berkeley and Sunnyside neighborhoods to allow accessory dwelling units (ADUs) in our community.

I feel that Accessory Dwelling Units will be a good fit for our neighborhoods. ADUs are a form of gentle density which helps expand affordable housing options in our city and allow more people to live in our wonderful neighborhoods. In addition, ADUs can help individuals age in place and provide extra income, among many other benefits for our neighborhoods and Denver as a whole. It is my hope that allowing ADU's will allow me to provide housing for

individuals who are unable to find and afford housing in our city. I have zero interest in short term rentals, I am focused on being part of the solution to our ongoing housing crisis in Denver. Additionally, as I approach retirement I am hoping to find a way to stay in my home, an ADU would provide this opportunity as well as assisting individuals who need affordable housing. I am extremely blessed to have my own home, but I have experienced homelessness in my past and I know the barriers that prevent people from finding secure housing. I would love to see the City acknowledge and take action on solutions that are based in simple humanity.

It is my sincere hope that the City will recognize the need to find creative solutions for our ongoing housing and financial hardships. I truly believe that all of us have a responsibility to be part of the solution and use all tools available to assist each other.

Thank you for your time and consideration.

Dear District 1 Team,

Please note I just submitted a comment to the Planning Board in strong support of the rezoning application detailed below. My comment follows the application details. I'll share this comment opportunity with neighbors within the affected area, urging them to support this change.

Thank you,

Alejandra X. Castañeda
[pronouns: she / her / ella]
District 1 resident

Multiple addresses in Berkeley, Sunnyside, and Sloan's Lake

Zoning change: Zoning change from U-SU-C, U-SU-C CO-6, U-SU-C CO-7, U-SU-C CO-8, U-SU-C UO-3 to U-SU-C1, U-SU-C1 CO-6, U-SU-C1 CO-7, U-SU-C1 CO-8, U-SU-C1 UO-3.

Hello, my name is Alejandra and I live with my daughter, Violeta, a block south of one of the proposed areas for rezoning in the Berkeley neighborhood. On my block, there are several long-time residents, older adults, whose grown children had to move out of Denver because they couldn't afford to live in the city anymore. There aren't enough homes for people, and the homes that are available continue to increase in price. Many people can't afford to live in the communities where they grew up, and where their aging parents still live. As Denver continues to grow, with an expected population increase of ~25% (from 3.3M to 4.4M in 2050), we need to ensure our residential land allows for additional homes for people, instead of encouraging sprawl, which has been proven to increase living+transportation costs, hurt our environment and hinder our sustainable and climate goals. By allowing for more living units on exclusionary single-family lots, we will also help address our City's financial challenges, with more city dwellers paying for city services. Thank you in advance for voting in favor of this application to ensure our city is livable for all.

Your comment:

Adding ADU zoning in North Denver is an important step in increasing affordability in the neighborhood. I'd love to see more zoning changes like this, including further expansion to allow duplexes and multifamily buildings.

Your comment:

Just wanted to voice my support for the ADU upzoning being proposed in the NW Denver area by councilwoman Sandoval. As a property owner in the Berkeley neighborhood and a landlord in good standing with the city I feel that this upzoning is a good way to allow for owners to build more housing stock if they so choose. ADU should be allowed by right across Denver and this is a step in the right direction.

Your comment:

Zoning change from U-SU-C, U-SU-C CO-6, U-SU-C CO-7, U-SU-C CO-8, U-SU-C UO-3 to U-SU-C1, U-SU-C1 CO-6, U-SU-C1 CO-7, U-SU-C1 CO-8, U-SU-C1 UO-3.

Sending my feedback in support of rezoning to allow more density. I own a rental property at 2819 W. 43rd. The home includes an ADU. I support more ADU's across Denver. This allows for more density, more vibrant communities, customers for local businesses along corridors like 44th st., better urban planning to reduce our overall carbon footprint, and smarter development into the 21st century.

While I strongly support more ADU's, Denver needs to embrace climate smart, pedestrian smart, community smart development. We also need to preserve the historic nature of these communities.

As a property owner, I would like to also voice my strong opposition to recent rules and legislation that makes it more difficult to operate my business. The new landlord registration process is especially problematic, as are the endless list of rules being imposed on small business owners like myself. The cost is only being pushed on to renters and driving up prices. So while you tried to create a system that protects renters, in fact, you've only served to increase rents and create a senseless government bureaucracy.

Best,
Greg Benchwick

Hello, my name is Alejandra and I live with my daughter, Violeta, a block south of one of the proposed areas for rezoning in the Berkeley neighborhood. On my block, there are several long-time residents, older adults, whose grown children had to move out of Denver because they couldn't afford to live in the city anymore. There aren't enough homes for people, and the homes that are available continue to increase in price. Many people can't afford to live in the communities where they grew up, and where their aging parents still live. As Denver continues to grow, with an expected population increase of ~25% (from 3.3M to 4.4M in 2050), we need to ensure our residential land allows for additional homes for people, instead of encouraging sprawl, which has been proven to increase living+transportation costs, hurt our environment and hinder our sustainable and climate goals. By allowing for more living units on exclusionary single-family lots, we will also help address our City's financial challenges, with more city dwellers paying for city services. Thank you in advance for voting in favor of this application to ensure our city is livable for all.
