5. General description or background of proposed request. Attach executive summary if more space needed: (who, what, why)

The city has contracted with Skillsoft for the past 11 years. The compliance module provides required training for DPR, DOTI and DEN that are embedded and business critical to uphold safety standards for those agencies. This is not something we can easily replace or remove.

Given recent engagement survey data that indicates that employees are leaving for lack of development, providing employees with certification prep programs in relevant fields to the city is important to retain employees. Leaders now have a 3rd party vendor that offers access to employee development. We can directly address the gaps in those interested in leadership opportunities through the Leadership Development Channel to include leadership transition programs.

6. City Attorney assigned to this request (if applicable): Andrew Riester

7. City Council District: citywide
