5. General description or background of proposed request. Attach executive summary if more space needed:
The purpose of this resolution is to set a public hearing to approve a request from the Santa Fe Business Improvement District ("BID") for the BID to renew and continue for another 10-year term. The BID was created and established in 2014 for an initial 10-year term. By the end of the BID's initial 10-year term, the BID's creation documents require that the BID's Board of Directors evaluate the BID's effectiveness and determine if it has been successful. If the BID's Board of Directors have determined the BID to be effective and successful, the BID is required to seek City Council approval for a 10-year extension or otherwise sunset in accordance with applicable law.

The BID held a public hearing on April 16, 2024, where property owners and the public were permitted to attend and give comment regarding the effectiveness, success, and extension of the BID. At the public hearing the BID's Board of Directors considered all public comments received and has determined the BID has been effective, efficient, and successful in providing the programs and services contemplated in the BID's creation ordinance and annual operating plans. The BID's Board of Directors has also determined that the BID should request an extension from City Council for an additional 10-year term through the end of the 2034.

This legislative item is the first of two items related to the renewal of the BID. This resolution will reserve a public hearing date on July 29. The second legislative item will be an ordinance to approve the BID's renewal request and approve an extension of the BID for an additional 10-year term.
