5. General description or background of proposed request. Attach executive summary if more space needed:

This ordinance requests that the City and County of Denver accept the Year 5 Securing the Cities funding allocation of \$1,000,000. This funding constitutes Year 5 of a 10 year cooperative agreement with the Department of Homeland Security. This grant provides funding for prevention and detection activities related to nuclear and radiological events and is a continuation of the STC program, which Denver OEM already administers. Due to OEM's 10 year cooperative agreement with DHS, no competitive application was required to receive this funding allocation.

6. City Attorney assigned to this request (if applicable):

Scope of work:

In 2020, DHS awarded grant funding to expand the STC Program to include the region surrounding the City and County of Denver. The DHS CWMD Office initiated the Denver STC Program with the Denver Office of Emergency Management (OEM), in initial partnership with other principal partners: Denver Fire Department, Denver Police Department, Colorado State Patrol, Denver Health, and the Denver Department of Public Health and Environment. The Program’s initial focus is on principal partner agencies and building capability by 1) identifying participant roles and responsibilities; 2) assessing current capabilities; and 3) identifying gaps in the operational capability within this scope. In subsequent years, the program will continue to build on, expand, and sustain the capabilities created during program implementation as well as focus on expanding the program operations to include other regional agencies.
