**BRAD WEINIG** joined Enterprise Community Partners in June 2011. Enterprise is a national non-profit organization that concentrates on bringing affordable housing expertise and investment to low-income communities. In his role as the Program Director for Transit Oriented Development, Brad is focused on creative financing solutions to ensure affordable housing and community facilities are developed and preserved near public transportation. He oversees the Denver Regional TOD Fund, a blend of public, private and philanthropic capital providing acquisition financing to mission driven borrowers for the preservation and creation of affordable housing and community facilities in proximity to high frequency transit. Brad led the expansion of the Fund from a \$15M single borrower line of credit limited to the City and County of Denver to what it is now: a \$24 multi-borrower fund utilized throughout the seven county Denver Metro Area.

Prior to joining Enterprise, Brad spent five years with Citi Community Capital in San Francisco, where he underwrote over \$600 million of loans to finance the development or acquisition/rehabilitation of low-income apartment communities nationwide. Brad is a LEED Green Associate and an active member of ULI Colorado's Workforce Housing Council.
