REQUEST FOR REVOCATION OF REVOCABLE ENCROACHMENT PERMIT

TO: Caroline Martin, City Attorney's Office

FROM: Matt Bryner

Senior Engineer Manager

Public Works, Right of Way Services

ROW NO.: 2017-ENCROACHMENT-0000065

DATE: September 26, 2017

SUBJECT: Request for revocation of Ordinance #65, Series of 1968 which granted a revocable

permit to Union Pacific Railroad Company, their successors and assigns, to encroach into the right of way with standard gauge railroad crossings over portions of 40th

Street and Franklin St.

It is requested that the above subject item be placed on the next available Mayor Council Agenda.

This office has investigated the request from Sam Stevens, dated 9/12/2017, on behalf of Union Pacific Railroad Company for revocation of the above-subject permit. The reason for the revocation is the track lines, and crossings are no longer there.

This matter has been checked by this office and has been coordinated with DES Construction Engineering to ensure the encumbrance in question has been removed.

As a result of the investigations, it has been determined that there is no objection to revocation of the revocable permit.

Therefore, you are requested to initiate Council action for the revocation of a revocable permit granted by Ordinance # 65, Series of 1684.

(2) To cross the following described portions of Franklin
Street and 40th Avenue with one standard gauge track:

A strip of 40th Avenue and Franklin Street, 17 feet wide, and lying 8.5 feet on each side of a centerline described as follows:

Beginning at a point on the West line of Franklin Street and

9 feet Southeasterly by perpendicular measurement of the Southeasterly
line of Walnut Street:

thence Northeasterly on a line which is parallel with the said Southeasterly line to a point of tangency which is 2.58 feet East of the West line of Franklin Street and 93.2 feet South of the North line of the South one-half of the Southeast one-quarter of Section 23, Township 3 South, Range 68 West of the Sixth Principal Meridian;

thence Northeasterly on the arc of a circle, convex to the Northwest and having a radius of 338.27 feet to the said North line of the said South one-half of the Southeast one-quarter.

Section 2. That all said trackage shall be constructed so as to conform to the established grade, if any, of said street and in the future conform to the official grade thereof as the same may be established or maintained by the City and County of Denver, and said licensee, its successors and assigns in all matters relating to said track shall at all times conform to the general ordinance now existing or that may in the future be adopted concerning the public health, welfare, safety and convenience.

Section 3. That the revocable permit or license is granted upon the express conditions that the licensee shall:

(a) Construct the street to the top of the rails with surfacing in accordance with standardd requirements of the City and as staked by the City Engineer of the City and County of Denver;

- (b) Acquire and always carry insurance or post a bond in the amount of \$50,000.00 to indemnify and save harmless the City and County of Denver in all claims and damages arising out of, or which may result from the construction, operation and maintenance of the said tracks, which are not caused by or contributed to by negligence on the part of the City. The insurance policy shall be approved by the City Attorney and shall name the City and County of Denver as the insured. A certified copy of the said policy shall be filed with the Manager of Public Works. This bond or insurance policy is not to be construed as releasing or limiting the liability of the licensee to always save and hold harmless the City in all claims or damages arising out of the construction, operation and maintenance of said tracks:
- (c) Install, repair, and maintain the said crossings in accordance with the specifications of the City Engineer;
- (d) Bear all expense incurred by affected utilities in repairing, changing, moving or altering their installations when said repairing, changing, moving or altering are caused by the construction, operation and maintenance of the said track;
- (e) Protect these crossings by flagmen during the period of construction of said tracks;
- (f) Provide proper drainage for said crossings and said tracks without expense to the City;
- (g) Install traffic-control devices without cost to the City and County of Denver within a reasonable time after having received a directive or order of the Mayor stating that such devices are required.

Provided that before any such order or directive is issued, the said licenses shall be given reasonable notice of the Mayor's intended action and be afforded an opportunity to be heard.

- (h) Provide an employee to flag the crossings when a train of cars is moving onto the said crossings except in cases where the leading vehicle of the train is equipped with a warning whistle. In such case the said whistle shall be sounded in time to provide an adequate warning of the train movement before any part of the train moves onto the said crossings. If automatic warning devices are in operation at crossings, flagmen are not required;
- (i) Upon completion of the said tracks at each crossing, the section of the streets adjoining said crossing shall be repaired and returned to its original condition and made usable for traffic;
- (j) Do all the work required herein in accordance with plans and specifications of the City Engineer;
- (k) Install a reinforced concrete slab over the 120-inch storm sewer in 40th Street of a size and strength specified by the City Engineer.
- (1) This revocable permit or license shall not operate to restrict, limit or impair the right of the utility companies to use the streets for the installations.

Section 4. This permit or license is revocable and the right to revoke is expressly reserved to the City and County of Denver.

Section 5. The Council finds this Ordinance is necessary for the immediate preservation of the public health and public safety and determines that it shall take effect immediately upon its final passage and publication.
