The legal description and map of the Initial District Boundaries are attached hereto and incorporated herein as **Exhibit A** and **Exhibit B**, respectively.

It is anticipated that the District's boundaries may change from time to time as the District undertakes inclusions or exclusions pursuant to the Special District Act and subject to the limitations set forth in the Authorized and Prohibited Powers, Section VIII, of this Service Plan. The entirety of the anticipated Service Area to be included within the boundaries of one of the Districts in the future is also located entirely within the City, as more particularly described in the map of the Inclusion Area Boundaries, attached hereto and incorporated herein as <u>Exhibit C</u>. The Inclusion Area Boundaries and the Service Area are comprised of the same property and contain approximately Four Hundred and Seven (407) acres.

# IV. DESCRIPTION OF PROJECT AND PLANNED DEVELOPMENT

The Project is anticipated to be developed in multiple phases with construction to begin in 2018 and to be completed in 2040, as development warrants. The Districts will provide for construction, financing, operation and maintenance of Public Improvements that are necessary to develop the Project in accordance with a general development plan to be approved by the City and the zoning of the Service Area, as the same may be changed from time-to-time. In accordance with the City's 2007 Downtown Area Plan, as may be amended, the Service Area is anticipated to be developed as a high-rise, multi-use urban design community that is walkable, transit-oriented, diversely populated, and designed to capitalize on the recreational and aesthetic opportunities associated with the Platte River, with a strong focus on energy efficiency, water conservation, and sustainability. Accordingly, the Project includes improvements that provide street connectivity and a pedestrian-friendly building design.

# V. INCLUSION OF LAND

The District shall not include any property outside the Inclusion Area Boundaries except as set forth in the Special District Act and with the Manager of Finance's written approval.

# VI. <u>DISTRICT RATIONALE</u>

There are currently no other governmental entities located in the immediate vicinity of the District, including the City, that consider it desirable, feasible, or practical to undertake the planning, design, acquisition, construction, installation, relocation, redevelopment, or financing of Public Improvements needed for the Planned Development. Therefore, formation of the District is necessary for the provision of the Public Improvements required for the Planned Development.

# VII. <u>DISTRICT GOVERNANCE</u>

The Board shall be comprised of eligible electors residing within or owning property within the District. It is anticipated that over time, End Users will assume direct electoral control of the Board as development progresses.

# VIII. AUTHORIZED AND PROHIBITED POWERS

# A. <u>Authorized Powers.</u>

The District shall have the power and authority to provide all Public Improvements, and related operation and maintenance services, within and without the District Boundaries as such powers and authorities are described in C.R.S. as amended from time to time, other applicable statutes, common law and the Colorado Constitution, subject to the limitations set forth herein. In addition to the foregoing, it is expressly intended that the District shall have the following powers and authorities:

1. <u>Special Improvement District</u>.

Pursuant to Section 32-1-1101.7, C.R.S. (the "SID Statute"), and to encourage use and installation of improvements in accordance with the Developer and the City's vision for sustainable community development associated with the Project, the Districts shall have the power to form a special improvement district or districts (the "Green SID") within the boundaries of the Districts to encourage, accommodate, and finance "Renewable Energy Improvements," as defined by Section 31-25-501(4)(a), C.R.S., and "Energy Efficiency Improvements," as defined by Section 31-25-501(1.9) (collectively referred to herein as the "Green Improvements"). The SID Statute and Section 31-25-500.2, *et seq.*, C.R.S. provide a means by which the Districts can incentivize the use and installation of Green Improvements through the organization of one or more Green SIDs to finance such Green Improvements with a repayment period of up to twenty (20) years through special assessments. Pursuant to the SID Statute, the Districts will only levy assessments within the Green SID with the written consent of one hundred percent (100%) of the owners of the property to be assessed or upon approval of a majority of the eligible electors of the Green SID. Upon formation of the Green SID and approval of the levying of assessments by the Green SID property owners, as described above, the Green SID may issue assessment bonds payable from assessment revenue (the "SID Bonds"). As more particularly detailed in Section X below, any SID Bonds shall be subject to applicable parameters for bonded debt issuance of the Districts. Prior written approval of the Manager of Finance shall be required before the Districts may organize a Green SID.

2. <u>Covenant Enforcement</u>.

The District shall have the power to provide covenant enforcement and design review services within the Service Area if the District and the governing body of the owners association, a master association or similar body contract for such services, or if the declaration, rules and regulations, or any similar document containing the covenants to be enforced name the District as the enforcement or design review entity.

#### B. <u>Prohibited Services, Restrictions, and Limitations</u>.

1. <u>Eminent Domain Restriction</u>.

The District is not authorized to exercise the power of eminent domain except upon prior approval by City Council.

2. <u>Fee Limitation</u>.

All Fees related to the repayment of Debt shall be authorized to be imposed by the District upon all property within the District Boundaries for repaying Debt only if such Fees are due and payable no later than upon the issuance of a building permit by the City. Notwithstanding any of the foregoing, this Fee limitation shall not apply to any Fee imposed to fund the operation, maintenance, repair, or replacement of Public Improvements or the administration of the District, nor shall this Fee limitation apply if the majority of the District Board is composed of End Users.

3. Fire Protection Restriction.

The District is not authorized to plan for, design, acquire, construct, install, relocate, redevelop, finance, operate or maintain fire protection facilities or services, unless such facilities and services are provided

pursuant to an intergovernmental agreement with the City. The authority to plan for, design, acquire, construct, install, relocate, redevelop, finance, operate or maintain fire hydrants and related improvements installed as part of the water system shall not be limited by this subsection.

4. <u>Public Safety Services</u>.

The District is not authorized to provide policing or safety enforcement services. However, the District may, pursuant to C.R.S. §32-1-1004(7), as amended, furnish security services pursuant to an intergovernmental agreement with the City.

5. Grants from Governmental Agencies Restriction.

The District will not apply for funds distributed by any agency of the United States Government or the State without the prior written approval of the Manager of Finance. This does not restrict the collection of Fees for services provided by the District to the Unites States Government or the State.

6. <u>Golf Course Construction Restriction</u>.

Acknowledging that the City has financed public golf courses and desires to coordinate the construction of public golf courses within the City's boundaries, the District shall not be authorized to plan, design, acquire, construct, install, relocate, redevelop, finance, operate or maintain a golf course unless such activity is pursuant to an intergovernmental agreement with the City.

7. <u>Residential Solid Waste Collection Restriction</u>.

The District shall not provide directly or indirectly, solid waste collection services for residential properties unless (a) the property in question is excluded from solid waste collection services provided by the City or (b) such activity is pursuant to an intergovernmental agreement with the City.

8. <u>Sales and Use Tax Exemption Limitation</u>.

The District shall not exercise any sales and use tax exemption in the D.R.M.C.

9. <u>Sub-district Restriction</u>.

The District shall not create any sub-district pursuant to the Special District Act without the prior written approval of the Manager of Finance.

#### 10. <u>Water Rights Restriction</u>.

The District shall not acquire, own, manage, adjudicate or develop water rights or resources except as otherwise provided pursuant to an intergovernmental agreement with Denver Water.

## IX. PUBLIC IMPROVEMENTS AND ESTIMATED COSTS

**Exhibit D** summarizes the type of Public Improvements that are projected to be constructed and/or installed by the District. The cost, scope, and definition of such Public Improvements may vary over time. The total estimated costs of Public Improvements, as set forth in **Exhibit E**, including improvements paid for by the Regional Mill Levy necessary to serve the Planned Development, are approximately \$665,000,000 in 2018 dollars. The cost estimates are based upon preliminary engineering, architectural surveys, and reviews of the Public Improvements set forth in **Exhibit E** and include all construction cost estimates together with estimates of costs such as land acquisition, engineering services, legal expenses, and other associated expenses. Maps of the anticipated location, operation, and maintenance of Public Improvements are attached hereto as **Exhibit F**. The list of Public Improvements may be modified as part of the City review process.

The design, phasing of construction, location, and completion of Public Improvements will be determined by the District to coincide with the phasing and development of the Planned Development and the availability of funding sources. The District may, in its discretion, phase the construction, completion, operation, and maintenance of Public Improvements or defer, delay, reschedule, rephrase, relocate, or determine not to proceed with the construction, completion, operation, and maintenance of Public Improvements, and such actions or determinations shall not constitute material modifications of this Service Plan.

The District will ensure that Public Improvements to be funded by the District are designed and constructed in accordance with the standards and specifications of the City and of other entities having jurisdiction. The District will obtain all required approvals of plans, specifications, and permits for construction, operation, maintenance, installation, repair, and replacement of such Public Improvements prior to performing such work.

The Public Improvements set forth in this Service Plan and its Exhibits are listed in the ownership, operation and maintenance matrix in <u>Exhibit G</u> herein, either individually or categorically, which identifies the ownership and maintenance responsibilities of the Public Improvements.

The City has ordinances relating to the payment of prevailing wages, public art, and small or disadvantaged business enterprises' participation in the City contracting for construction, installation, and certain maintenance activities. The District shall comply with the following requirements:

#### A. <u>Contracting</u>.

The District shall comply with all applicable state and local legal requirements concerning public bidding and construction contracting.

#### B. Land Acquisition and Conveyance.

The District shall not condemn property or easement without the prior approval of City Council. The purchase price of any land or improvements acquired by the District from the Developer shall be no more than the then-current fair market value as confirmed by an independent MAI appraisal for land and an independent engineer for improvements. Land, easements, improvement, and facilities conveyed to the City shall be free and clear of all liens, encumbrances, and easements, unless otherwise approved by the City prior to conveyance. All conveyances to the City shall be by special warranty deed, shall be conveyed at no cost to the City, shall include an ALTA title policy issued to the City, shall meet the environmental standards of the City, and shall comply with any other conveyance laws.

#### C. Prevailing Wages Requirement.

For any District contract relating to the acquisition, construction, installation, repair, replacement, operation, or maintenance of any Public Improvements, the District shall comply with the wage provisions of the D.R.M.C. as amended, that are applicable to City contracts relating to the payment of prevailing wages. However, where the District is required to comply with Davis-Bacon or other federal wage requirements, the District shall not be required to comply with the wage provisions of the D.R.M.C.

#### D. <u>Small or Disadvantaged Business Enterprises</u>.

To the extent the District is not required to comply with more restrictive provisions in accordance with a project funding source, as determined by the Director of the Division of Small Business Opportunity Office, or its successor agency, the District shall comply with the City's then-current ordinances relating to: (a) minority and women business enterprise participation as currently set forth in Division 1 and Division 3 of Article III, Title 28 of the D.R.M.C. as the same may be amended or recodified from time to time; and (b) small business enterprise participation as currently set forth in Article VII, Title 28 of the D.R.M.C., as the same may be amended or recodified or recodified from time to time; and (c) any small or disadvantage business enterprise ordinances that may subsequently be adopted by the City Council with respect to construction work that is not under contract at the time of adoption of such ordinance.

#### E. Equal Employment and Discrimination.

In connection with the performance of all acts or activities hereunder, the District shall not discriminate against any person otherwise qualified with respect to its hiring, discharging, promoting or demoting or in matters of compensation solely because of race, color, religion, national origin, gender, age, military status, sexual orientation, gender identity or gender expression, marital status, or physical or mental disability, and further shall insert the foregoing provision in

contracts or subcontracts of the District to accomplish the purposes of this Service Plan.

#### F. <u>Public Art Requirement</u>.

The District shall initiate and implement a public art program as currently set forth in Sections 20-85 through 20-89 of the D.R.M.C., as amended, or any applicable ordinances subsequently adopted.

#### X. <u>FINANCING PLAN/PROPOSED INDEBTEDNESS</u>

This section of the Service Plan describes the nature, basis, method of funding and financing limitations associated with the acquisition, construction, completion, repair, replacement, operation, and maintenance of Public Improvements. This section also describes any obligation of the District to help finance certain Regional Improvements.

#### A. <u>Financing Plan</u>.

The District's Financing Plan reflects its anticipated schedule for incurring Debt to fund Public Improvements in support of the Project. The Financing Plan also reflects the schedule of all anticipated revenues flowing to the District derived from District mill levies, Fees levied by the District, specific ownership taxes, and all other anticipated legally available revenues. The Financing Plan incorporates all of the provisions of this Section X of the Service Plan.

Based upon the assumptions contained therein, the Financing Plan projects the issuance of bonds to fund Public Improvements and anticipated Debt repayment based on the development assumptions and absorptions of the property in the Inclusion Area Boundaries by End Users. The Financing Plan anticipates that the District will acquire, construct, and complete all Public Improvements needed to serve the Service Area.

The Financing Plan demonstrates that the District will have the financial ability to discharge all Debt to be issued as part of the Financing Plan on a reasonable basis.

B. <u>Mill Levies</u>.

It is anticipated that the District will impose an Operating Mill Levy and a Debt Mill Levy on all property within the District Boundaries.

1. Aggregate Mill Levy Maximum.

The Aggregate Mill Levy Maximum is the maximum combined amount that the District may impose for its Debt Mill Levy and its Operating Mill Levy in any year. The Aggregate Mill Levy Maximum is sixty (60) mills.

#### 2. <u>Regional Mill Levy Not Included in Other Mill Levies</u>.

The Regional Mill Levy shall not be counted against the Aggregate Mill Levy, Aggregate Mill Levy Maximum, Debt Mill Levy, nor Operating Mill Levy levied by the District.

#### 3. <u>Operating Mill Levy</u>.

The District may impose an Operating Mill Levy of up to sixty (60) mills until the District imposes a Debt Mill Levy. Once the District imposes a Debt Mill Levy, the District's Operating Mill Levy cannot exceed ten (10) mills.

#### 4. Assessed Value and Mill Levies.

At such time as the Debt is equal to or less than fifty percent (50%) of the District's assessed valuation, either on the date of issuance or at any time thereafter, the Debt Mill Levy to be imposed to pay on the Debt, shall not be subject to the Aggregate Mill Levy Maximum and may be unlimited as to rate and may be levied at the rate necessary to pay the Debt service on such Debt, provided however that the District shall not issue additional Debt that would cause the aggregate Debt to exceed fifty percent (50%) of the District's then assessed value. For the purposes of the forgoing, the District may provide that such Debt shall remain secured by such unlimited mill levy, notwithstanding any subsequent change in the District's Debt to assessed valuation ratio. All Debt issued by the District must be issued in compliance with the requirements of the Special District Act and all other state legal requirements.

#### 5. <u>Gallagher Adjustments</u>.

In the event the State's method of calculating assessed valuation changes from the date of the approval of this Service Plan, the District's Aggregate Mill Levy, Debt Mill Levy, Operating Mill Levy, and Aggregate Mill Levy Maximum amounts herein provided may be increased or decreased to reflect such changes; such increases or decreases shall be determined by the District's Board of Directors in good faith so that to the extent possible, the actual tax revenues generated by such mill levies, as adjusted, are neither enhanced nor diminished as a result of such change.

#### 6. <u>Excessive Mill Levy Pledges</u>.

Any Debt, issued with a pledge or which results in a mill levy pledge, that exceeds the Aggregate Mill Levy Maximum shall be deemed a material modification of this Service Plan and shall not be an authorized issuance of Debt unless and until such material modification has been approved by the City as part of a service plan amendment. C. Interest Rate and Underwriting Terms Certification.

The interest rate on any Debt shall be set at a market rate at the time the Debt is issued. The District shall retain an Independent Registered Municipal Advisor to provide an opinion on the market reasonableness of the interest rate on any Debt and any underwriter discount payed by the District as part of a Debt financing transaction. Debt, when issued, will comply with all relevant requirements of this Service Plan.

#### D. <u>Disclosure to Land Purchasers</u>.

The District will use reasonable efforts to assure that all End Users purchasing property within the District Boundaries and Inclusion Area Boundaries receive a written notice regarding the Maximum Debt Mill Levy, as well as a general description of the District's authority to impose and collect Fees.

#### E. Independent Registered Municipal Advisor.

At the time of Debt issuance, if the total amount of Debt exceeds Five Million Dollars (\$5,000,000), the District shall retain an Independent Registered Municipal Advisor ("Advisor") to provide an opinion regarding the proposed terms of the Debt and whether conditions are reasonable based on the following considerations: (a) the status of development within the District; (b) the projected tax base increase in the District; (c) the security offered; and (d) any other reasonable considerations as may be identified by the Advisor.

Debt shall not be undertaken by the District if found to be unreasonable by the Advisor.

#### F. Disclosure to Bond Purchasers.

District Debt shall set forth a statement in substantially the following form:

"By acceptance of this instrument, the owner of this Debt agrees and consents to all of the limitations with respect to the payment of the principal and interest on this Debt contained herein, in the resolution of the District authorizing the issuance of this Debt and in the Service Plan of the District. This Debt is not and cannot be a Debt of the City and County of Denver."

Similar language describing the limitations with respect to the payment of the principal and interest on Debt set forth in this Service Plan shall be included in any document used for the offering of the Debt for sale to persons, including, but not limited to, a developer of property within the District Boundaries.

#### XI. <u>BANKRUPTCY LIMITATIONS</u>

All of the limitations contained in this Service Plan, including, but not limited to, those pertaining to the Aggregate Mill Levy Maximum and Fees have been established under the authority of the City to approve a service plan. It is expressly intended that such limitations:

A. <u>No Set Aside</u>.

Shall not be set aside for any reason, including by judicial action, absent a service plan amendment; and

B. <u>Bankruptcy Code Provisions</u>.

Are, together with all other requirements of Colorado law, included in the "political or governmental powers" reserved to the state under the U.S. Bankruptcy Code (11 U.S.C.) Section 903, and are also included in the "regulatory or electoral approval necessary under applicable nonbankruptcy law" as required for confirmation of a Chapter 9 Bankruptcy Plan under Bankruptcy Code Section 943(b)(6).

#### XII. <u>REGIONAL IMPROVEMENTS</u>

The District shall be authorized to provide for the planning, design, acquisition, funding, construction, installation, relocation, redevelopment, administration, and overhead costs related to the provision of Regional Improvements. The District shall impose a Regional Improvement Mill Levy on all property within the District under the following terms:

A. <u>Regional Mill Levy Authority</u>.

The District shall include the authority to impose an additional Regional Mill Levy of five (5) mills as part of the District's initial TABOR election.

Regional Mill Levy Imposition.

The District shall commence imposition of the Regional Mill Levy at a rate not to exceed five (5) mills upon issuing Debt to finance any Regional Improvements and only after one or more of the Districts executes a Regional Intergovernmental Agreement.

B. <u>City Notice Regarding Regional Improvements</u>.

Thirty (30) days prior to the commencement of construction of any Regional Improvements, the District shall provide notice to the City describing the Regional Improvements being built and an analysis regarding how such Regional Improvements will benefit property owners within the District. To the extent possible, the City shall require that any planned developments located adjacent to the District that benefit from the Regional Improvement also impose a Regional Milly Levy.

#### C. <u>Regional Improvements Authorized Under Service Plan</u>.

The Regional Improvements shall be Public Improvements that the District is otherwise authorized to design, construct, install, re-design, re-construct, repair, and/or replace pursuant to this Service Plan and applicable law.

D. <u>Expenditure of Regional Mill Levy Revenues</u>.

The City and the District shall enter into an intergovernmental agreement concerning the Regional Improvements and any Regional Mill Levy revenues shall be used in accordance with such agreement.

E. <u>Regional Mill Levy Not Included in Other Mill Levies</u>.

The Regional Mill Levy imposed shall not be applied toward the calculation of the Aggregate Mill Levy.

1. <u>Gallagher Adjustment</u>.

In the event the method of calculating assessed valuation is changed from the date of the approval of this Service Plan, the Regional Mill Levy may be increased or shall be decreased to reflect such changes; such increases or decreases shall be determined by the District in good faith so that to the extent possible, the actual tax revenues generated by the Regional Mill Levy, as adjusted, are neither enhanced nor diminished as a result of such change.

# XIII. <u>CITY FEES</u>
