## **EXECUTIVE SUMMARY**

The purpose of the ordinance is to approve the Service Plan for the formation and establishment of one (1) Title 32 metropolitan district: First Creek Village Metropolitan District.

The boundaries of the district will eventually encompass roughly 93 acres located at the southeast corner of the future Telluride St. and 56<sup>th</sup> Ave. The project location sits along the Pena Blvd. corridor and is currently a green-field development site.

Per the typical City Council process, this topic will be sent through the City Council process twice. The first part is to act on a resolution setting August 15<sup>th</sup> as the date of a public hearing at City Council. The second part will be to act on an ordinance approving the proposed Service Plans after the public hearing.

State law requires that a public hearing be conducted prior to City Council approving a service plan, with publication to commence a minimum of 20 days prior to the hearing. Attached is a proposed schedule for both legislative processes to comply with State Statutes. The schedule assumes a presentation to Finance and Services Committee on July 26<sup>th</sup> and a public hearing at City Council on August 15<sup>th</sup>. It will be important to be complete with the City Council process by the dates indicated in the schedule to allow enough time for the deadlines associated with a November 2016 election.

	To be completed by Mayor's Legislative Team:
