Welcome

As seen in:

1136 YUMA

The Coffee Joint and Company

Welcome to Denver's first licensed social consumption club & coffee house. We aim to provide the community with a high-class establishment that offers them a safe & social environment to consume cannabis products & learn about cannabis education. Our main goal is to offer Cannabis Entertainment & Education to all who enter.

We welcome all guests with complimentary coffee and tea for a limited time only!

The Coffee Joint is joined in partnership with Yuma Way LLC that has 1136 Yuma and Cherry Peak Dispensary locations and in a process of opening Twin Peaks Dispensary in Longmont. Walk from 1136 Yuma Dispensary directly to The Coffee Joint. There is a door that is connecting two.

1136 YUMA

A JOINT COMMUNITY

The Coffee Joint values our community and seeks to strengthen bonds in Denver through **local events, supporting research in the field, and ethical public education.**

Ethical Education comes from each of our hosts, well versed in THC & CBD benefits & Laws.

We also provide a number of **educational courses** often free to the public from reputable **Guest Speakers!**

Support for modern research is crucial: These remedies come with responsibility. Hemp/Cannabis can be an aid for many mental health concerns as well as physiological.

They are not unique in that moderation and knowing Your limit are both important.

CBD & YOU

Cannabidiol, or CBD, interacts naturally with our Endocannabinoid system to aid in stress recovery, neuroprotection, immune balance, & homeostatic regulation.

All this relaxation without the intoxication rescues thousands of people seeking medical relief for conditions spanning from neurological to skin irritation.
