REVIEW CRITERIA

<p>General Review Criteria: The proposal must comply with all of the general review criteria</p> <p>DZC Sec. 12.4.10.7</p>	<p><input type="checkbox"/> Consistency with Adopted Plans: The proposed official map amendment is consistent with the City's adopted plans, or the proposed rezoning is necessary to provide land for a community need that was not anticipated at the time of adoption of the City's Plan. Please provide an attachment describing relevant adopted plans and how proposed map amendment is consistent with those plan recommendations; or, describe how the map amendment is necessary to provide for an unanticipated community need.</p> <p><input type="checkbox"/> Uniformity of District Regulations and Restrictions: The proposed official map amendment results in regulations and restrictions that are uniform for each kind of building throughout each district having the same classification and bearing the same symbol or designation on the official map, but the regulations in one district may differ from those in other districts.</p> <p><input type="checkbox"/> Public Health, Safety and General Welfare: The proposed official map amendment furthers the public health, safety, and general welfare of the City.</p>
<p>Additional Review Criteria for Non-Legislative Rezoning: The proposal must comply with both of the additional review criteria</p> <p>DZC Sec. 12.4.10.8</p>	<p>Justifying Circumstances - One of the following circumstances exists:</p> <p><input type="checkbox"/> The existing zoning of the land was the result of an error.</p> <p><input type="checkbox"/> The existing zoning of the land was based on a mistake of fact.</p> <p><input type="checkbox"/> The existing zoning of the land failed to take into account the constraints on development created by the natural characteristics of the land, including, but not limited to, steep slopes, floodplain, unstable soils, and inadequate drainage.</p> <p><input type="checkbox"/> Since the date of the approval of the existing Zone District, there has been a change to such a degree that the proposed rezoning is in the public interest. Such change may include:</p> <p style="margin-left: 20px;">a. Changed or changing conditions in a particular area, or in the city generally; or</p> <p style="margin-left: 20px;">b. A City adopted plan; or</p> <p style="margin-left: 20px;">c. That the City adopted the Denver Zoning Code and the property retained Former Chapter 59 zoning.</p> <p><input type="checkbox"/> It is in the public interest to encourage a departure from the existing zoning through application of supplemental zoning regulations that are consistent with the intent and purpose of, and meet the specific criteria stated in, Article 9, Division 9.4 (Overlay Zone Districts), of this Code. Please provide an attachment describing the justifying circumstance.</p> <p><input type="checkbox"/> The proposed official map amendment is consistent with the description of the applicable neighborhood context, and with the stated purpose and intent of the proposed Zone District. Please provide an attachment describing how the above criterion is met.</p>

REQUIRED ATTACHMENTS

Please ensure the following required attachments are submitted with this application:

- ☐ Legal Description (required to be attached in Microsoft Word document format)
- ☐ Proof of Ownership Document(s)
- ☐ Review Criteria, as identified above

ADDITIONAL ATTACHMENTS

Please identify any additional attachments provided with this application:

- ☐ Written Authorization to Represent Property Owner(s)
- ☐ Individual Authorization to Sign on Behalf of a Corporate Entity

Please list any additional attachments:

WRITTEN CONSENT OF THE PARTNERS

OF

AMERICA DEVELOPMENT & INVESTMENTS, LTD.

On this the 10th day of August, 2018, the undersigned, constituting a required percentage of the partners of America Development & Investments, Ltd. (the "Partnership"), for the purpose of taking action in lieu of a meeting, hereby consent to and adopt the following resolution(s), and direct that this consent (the "Consent"), be filed with the record of proceedings of the Partnership:

RESOLVED, that the Partnership hereby waives all notices of this action and all meeting requirements as may be required by law.

RESOLVED, that Jeffrey G. Jones ("Jones") is hereby authorized and directed, in his capacity as President of ADI Holdings, LLC, the general partner of the Partnership (the "General Partner"), to execute and deliver any and all documents in connection with any and all transactions of the Partnership.

RESOLVED, that Jones is hereby authorized and directed to execute and deliver, as Manager of the General Partner, such other documents, agreements, certificates and instruments, and to take such other actions as he deems necessary or advisable to effectuate any transactions required by Jones on behalf of the Partnership.

RESOLVED, that the Partnership hereby ratifies, authorizes, adopts, confirms and approves any and all prior actions taken or caused to be taken by Jones, the General Partner or the Partnership in connection with any and all transactions of the Partnership.

RESOLVED, that this Written Consent shall be effective as of the date set forth above.

The signing of this consent by the undersigned partners shall constitute full ratification of the actions taken as set forth in the foregoing resolutions.

REZONING APPLICATION REVIEW CRITERIA

PROPERTY ADDRESS: 4650 Central Park Blvd
NEIGHBORHOOD: Stapleton/Northfield
CITY COUNCIL DISTRICT: 8
CURRENT ZONING: M-IMX8
REQUESTED ZONING: CMP-H
EXISTING LAND USE: Vacant
Legal: Lot 1, Block1, Stapleton Filing
55

The nature of the proposed map amendment is to permit rezoning of a 4.2 acre of property located in the Northfield/Stapleton neighborhood, at a newly constructed city block with Central Park Blvd on the west, 46th Ave on the south, 47th Ave on the north and Beeler Ct on east. The block was just recently created in the Northfield Stapleton area.

The proposed rezoning is to rezone from M-IMX8 to CMP-H. The criteria for review of this rezoning application are found in DZC, Sections 12.4.10.7 and 12.4.10.8, as follows:

DZC Section 12.4.10.7

1. Consistency with Adopted Plans
2. Uniformity of District Regulations and Restrictions
3. Public Health, Safety and General Welfare

DZC Section 12.4.10.8

4. Justifying Circumstances
5. Consistency with Neighborhood Context Description, Zone District Purpose and Intent Statements

Sec. 12.4.10.7, General Review Criteria Applicable to All Zone Map Amendments

1. Consistency with Adopted Plans

The following Adopted Plans apply to the subject properties:

- Denver Comprehensive Plan 2000
- Blueprint Denver: A Land Use and Transportation Plan (2002)
- Stapleton Development Plan (1999)
- Stapleton Development GDP North Area – Minor Amendment 1 (2009)

Denver Comprehensive Plan 2000

The proposal is consistent with many Denver Comprehensive Plan strategies, including:

- Mobility Strategy 3-B – Promote transit-oriented development (TOD) as an urban design framework for urban centers and development areas. Development at transit stations should provide both higher ridership to the transit system and viability and walkability in the area.
- Mobility Strategy 9-E – Encourage parking management strategies in the development approval for new, expanded or remodeled community facilities such as schools, sports facilities, cultural

facilities and health-care centers. (p. 81)

- Economic Activity 3-B – Support retention and expansion of businesses in industries historically important to Denver, including small business, health care, manufacturing, and federal and state government. (p. 133)
- Human Services 1A - Improve access to and convenience of public transportation for work and everyday life with a special emphasis on A more accommodating public transportation system, particularly at the neighborhood level. This empowers single working parents, the elderly and persons with disabilities to reach essential destinations such as employment, grocery shopping, health care, child care and school. (p. 185) [ref: Mobility 1-A/B]
- Human Services 1-C – Expand access to needed health services in areas critical to well-being and self-sufficiency (p.185):
 - Ensure through effective outreach that individuals and families know about, understand and can access medical programs for which they are eligible, such as Medicaid, Medicare and Colorado’s Child Health Plan Plus.
 - Increase health-care services that affect employability, such as dentistry, optometry, mental health and substance-abuse services. Add rehabilitation.

Blueprint Denver

Concept Land Use: According to the Blueprint Denver Plan Map, updated by subsequent adopted plans, this site spans two Concept Land Uses.

TOD areas are unique in that they “offer an alternative to traditional development patterns by providing housing, services and employment opportunities for a diverse population in a configuration that facilitates pedestrian and transit access” (P. 44). These areas are intended to develop or redevelop with compact, mid- to high-density development featuring a pedestrian-friendly and attractive pedestrian environment. The CMP-H zone district caters to and is consistent with this future land use classification with a focus on employment.

Employment areas “contain office, warehousing, light manufacturing and high tech uses such as clean manufacturing or information technology ... These areas are distinguished from mixed-use centers in that they have few residences and typically have more extensive commercial and some industrial activity. Employment areas require access to major arterials or interstates. Those areas with manufacturing and warehousing uses must be able to accommodate extensive truck traffic and rail in some instances. Due to these special transportation requirements, attention to design, screening and buffering is necessary when employment districts are near other districts that include residential use” (p. 39). Examples of employment districts include the Denver Tech Center and portions of Stapleton and Lowry. The area of the subject site designated for Employment is further described in the Stapleton Development Plan.

This healthcare development will ultimately provide over 150 jobs to this rezoned area. Those jobs will primarily happen during the day with a portion of the jobs at night. Similar to office employee patterns.

Area of Change: The subject site is designated by Blueprint Denver as an Area of Change. The goal for Areas of Change is to “channel growth where it will be beneficial and can best improve access to jobs, housing and services with fewer and shorter auto trips” (p. 127). Rezoning to the CMP-H zone district will enable the site to accommodate new uses and services that will improve access to jobs and health services for seniors and the community at large. Therefore, the rezoning application is consistent with

the Blueprint Denver Area of Change recommendations.

The Northfield area has changed significantly over the last 5-10 years and has virtually all elements of mixed use other than medical or healthcare facilities. Current uses include residential, multi-family, office, retail, hotels, restaurants, etc. Additionally, our primary use for this property is to build a new inpatient (physical therapy) rehabilitation hospital. There are no rehabilitation hospitals in this area and only limited medical or healthcare services.

Stapleton Development Plan

The target 4.2-acre CMP-H site resides in District 5 that comprises 561 acres north of I-70 and immediately west of Havana Street. "This area has the greatest capacity to accommodate employment activity, particularly larger foot-print buildings" (p. 57).

The requested CMP-H zone district and target site remain consistent with the Stapleton adopted plan as demonstrated in the Key Elements on page 54: "Density of 1-3 story structures with surface parking".

2. Uniformity of District Regulations and Restrictions

The proposed rezoning to CMP-H will result in the uniform application of zone district building form, use and design regulations. This rezoning incorporates the criteria of the various adopted plans of the City and is consistent with nearby parcels.

3. Public Health, Safety and General Welfare

The proposed official map amendment furthers the public health, safety, and general welfare of the City by placing an increased focus on healthcare itself. In order to better service the community and provide healthcare-focused uses, this rezoning can address a vital need of the greater Stapleton neighborhood and surrounding communities in NE Denver.

Sec. 12.4.10.8 Additional Review Criteria for Non-Legislative Rezoning

4. Justifying Circumstance

The application identifies several changed or changing conditions as the Justifying Circumstance under DZC:

Section 12.4.10.8.A.4

"Since the date of the approval of the existing Zone District, there has been a change to such a degree that the proposed rezoning is in the public interest. Such change may include:

- a. Changed or changing conditions in a particular area, or in the city generally; or,
- b. A City adopted plan; or
- c. That the City adopted the Denver Zoning Code and the property retained Former Chapter 59 zoning."

Section 12.4.10.8.A.5

"It is in the public interest to encourage a departure from the existing zoning through application of supplemental zoning regulations that are consistent with the intent and purpose of, and meet the specific criteria stated in, Article 9, Division 9.4 (Overlay Zone Districts), of this Code."

Since the approval of the Stapleton Development Plan in 1999, the City and more specifically the

Stapleton Neighborhood has undergone significant change.

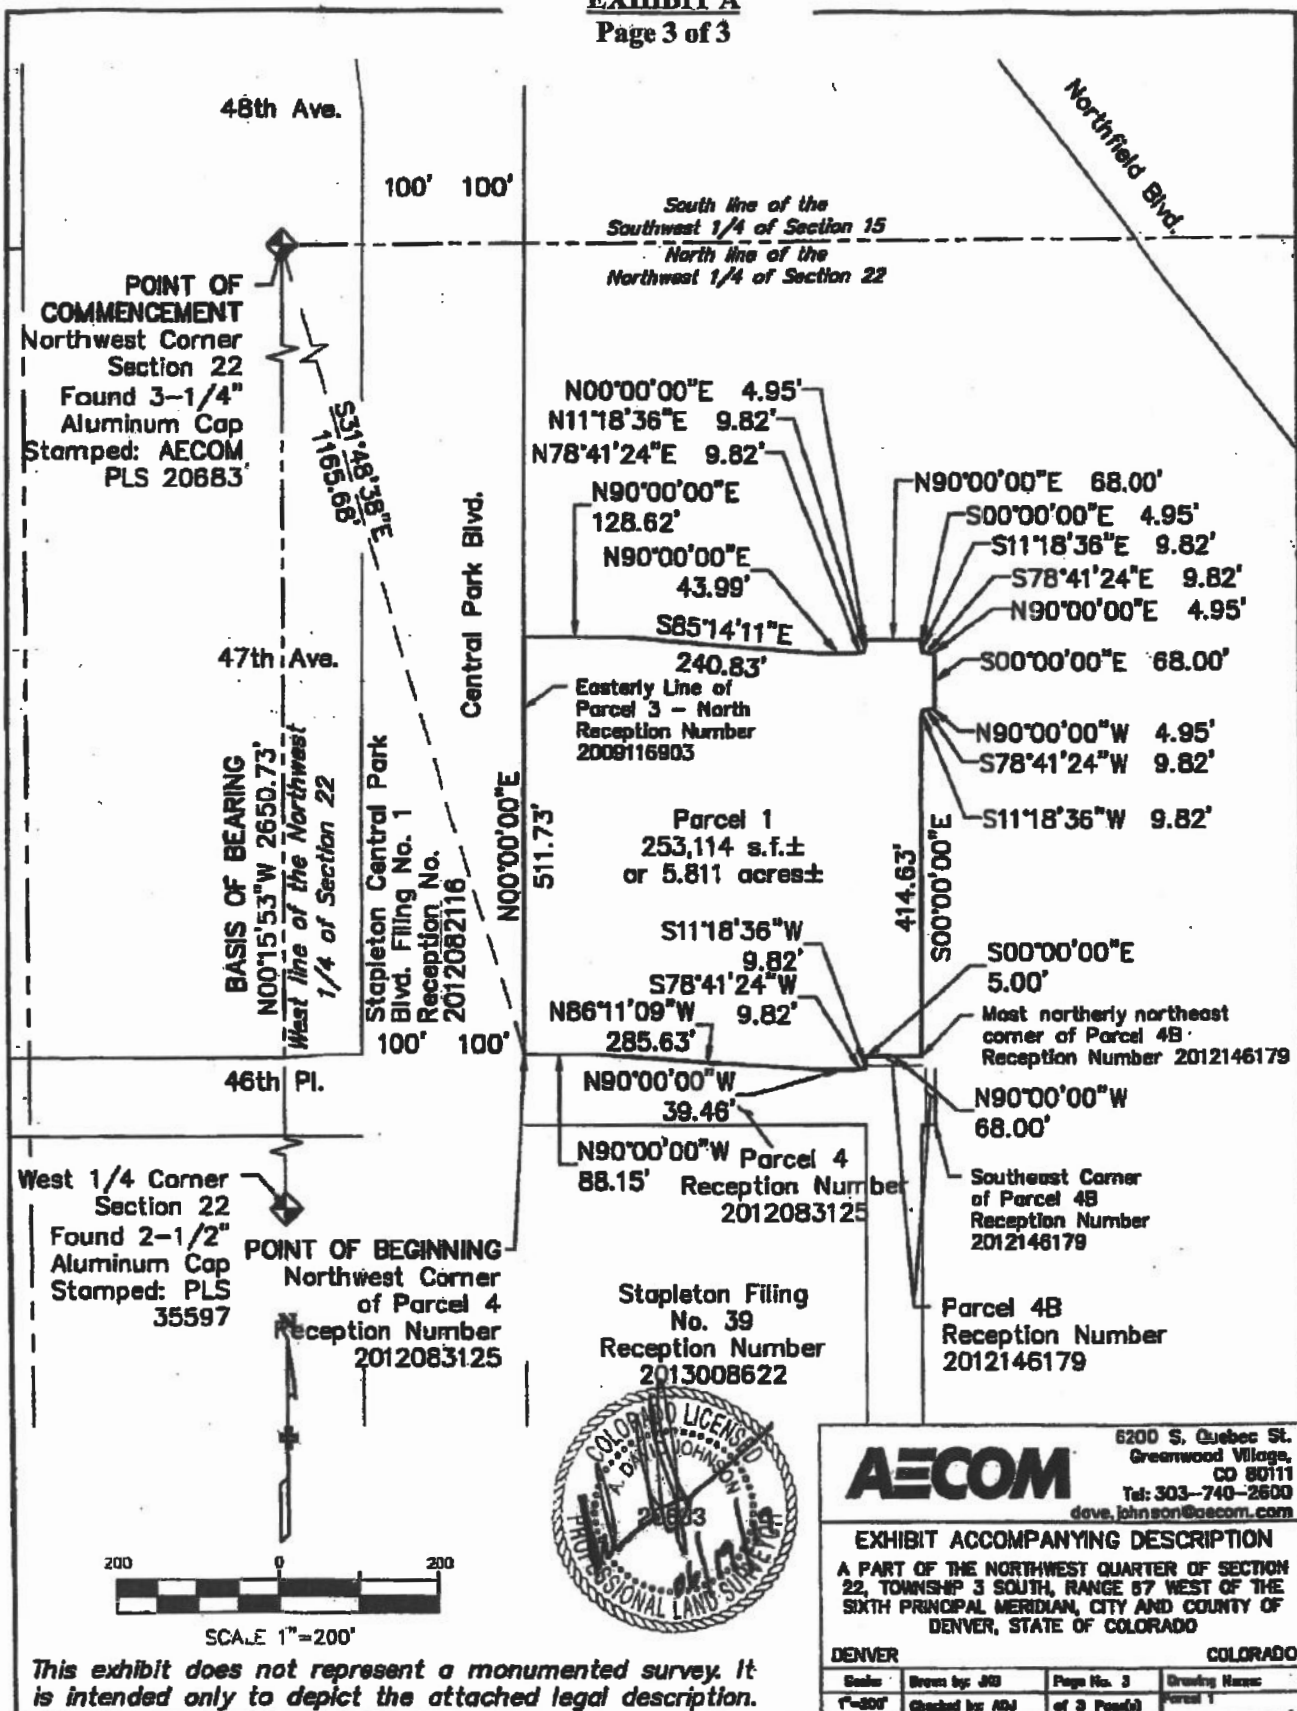

Consistency with Neighborhood Context Description, Zone District Purpose and Intent Statements
The requested CMP-H zone district is within the city's adopted land use plans and is consistent with the District 5 Neighborhood Special Context. Both the existing Master Planned Context and proposed Campus Context fall within the overall category of Special Contexts: areas that typically serve a principle use.

The neighborhood context generally consists of larger sites that accommodate multiple buildings oriented around a central use. The Healthcare Campus Zone Districts are intended to promote and encourage the maintenance and concentration of existing and proposed healthcare facilities and their related uses. The district is established to allow for flexible placement of buildings, and unified treatment of signs, open space, landscaping and other site elements while providing compatible transitions between the campus and adjacent neighborhoods. The Campus Context often has high levels of access to the multimodal transit system (DZC 9.2-1) and therefor significantly increasing its participation in the City's mobility initiatives.

The proposed rezoning to CMP-H will lead to development that is consistent with the zone district purpose and intent and will provide a very essential healthcare service to this area that does not currently exist.
