Other notes
Fair housing laws could probably cover some of this
NGO asssitance is also available, viz. Needlink; https://www.needlink.org/
Concerned about the fact that it is a tax freeze so families are at risk of having to sell to meet needs after owner death
NGO assistance is also available, viz. Rebuilding
Together; https://www.rtnashville.org/
Unclear about what this means.

Need more data to understand the need here

Advocates would like to see permitting expedited

Many residents are conceerned about this; while the
transit referendum failed, TODDs are still

Tenant protections								
Rent stabilization/rent control		Y	Marginally effective; historical rent increases average under 5% cap allowed in Apartment Rent Ordinance, but utility spikes now also included.	Renters in buildings of 3+ units built before 1979; population is disporprotionately Latino, low-income, lower educational attainment & Limited english proficiency.	Proposition 10 on the Nov. CA ballot would repeal State Costa Hawkins Law.	http://www.sanjoseca.gov/DocumentCenter/View/73543 http://www.sanjoseca.gov/DocumentCenter/View/62894	State Costa Hawkins law prevents San José from expanding rent control beyond units built after 1979 or from continuing to control rents upon vacancy.	
Just cause eviction protection		Y	Effective at eliminating no- cause evictions; data collected on notices do not necessarily indicate actual evictions	Tenant Protection Ordinance covers all renters in properties with 3+ units (does not cover duplexes)	No.	http://www.sanjoseca.gov/i ndex.aspx?nid=5518		Tenants mostly don't have attorneys. Courts are unsympathetic to tenants - ex/ Case when a tenant was evicted for keeping a toolbox in their backyard as a material lease violation even when he moved the toolbox somewhere else.
Source of income non- discrimination (e.g. Section 8)		In progress	Time for voucher holders to find an apartment - but that is affected by many factors	Low-income tenants with Section 8 or rapid rehousing coupons from City or Co. Voucher holders are disp. Black, Latino, women, disabled, and families.	Creating; framework going to Council in 8/2018	Not available.		
Right to legal counsel for tenants facing evictions		N	1440 tenants assisted per year.	Low-income tenants, primarily ARO tenants.	No new policy, but City is funding \$500K in CDBG for legal services for each of next 2 years	http://www.sanjoseca.gov/index.aspx?nid=4662	Prop F for right to legal council in eviction proceedings pass in San Francisco passed June 2018.
