5. General description or background of proposed request; include attached executive summary if more space needed:

This ordinance creates a five-year pilot program for a new license type in Denver for the consumption of alcohol by persons over the age of 21 in designated common consumption areas. The ordinance creates this local-only license in compliance with state law and the Colorado Liquor Code that allows for the licensure of common consumption areas within designated entertainment districts, so long as the common consumption area license is held by a promotional association that has been certified by the local licensing authority and the entertainment districts are created by City Council. The ordinance contains definitions of commonly used terms, details the application requirements for certification of a promotional association and licensure of a common consumption area, describes the requirements for a public hearing, identifies the procedures for transfers of ownership and various types of license modifications, describes causes for denial and unlawful acts, and sets fees. The ordinance requires the Director of Excise and Licenses to undergo rulemaking before the ordinance is effective.

6. City Attorney assigned to this request (if applicable): Reginald Nubine
