Work Here, Thrive Here Coalition

Denver Museum of Nature and Science

Denver Center for the Performing Arts

Denver Art Museum

* <u>Additional associations were notified and invited to participate but did not respond.</u>

Outreach Metrics

- 5 Public Town Halls (est. 300 attendees)
- 5 Sector Specific Open Houses
- **15+** Presentations
 - 62+ Individual meetings

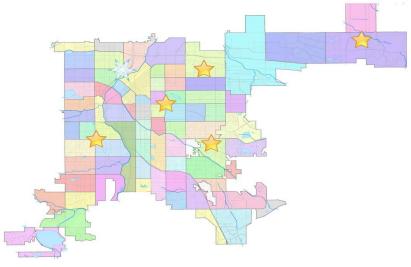

- 200+ Interactions w/ groups or constituents by email/phone
 - 37+ Media stories since September
 - **900+** Website Visitors
 - 7,600 RK blast emails announcing bill/process & inviting input

Five Town Halls Around Denver

Major Themes of Feedback Received

Supportive:

Who

- Some businesses
- Faith, community, labor coalition Work Here,
 Thrive Here including a list of endorsers
- Unrepresented individual residents, workers
- Metro Caring
- Denver Foundation
- Healthier Colorado

Why Supportive

- · Working multiple jobs impacting quality of life
- High housing costs and concern even proposed wages don't meet need
- Low wages a factor in homelessness
- A moral issue
- Some wanted more "15%" steps, before going to CPI
- Some concerned CPI not right benchmark, because it excludes housing costs

Concerned:

Who

- Small business
- Large corporations
- Restaurants/Hospitality
- Retailers
- Manufacturers (also being hit by tariffs)
- Home health care or other Medicaid dependent industries
- Large non-profits, few child care/schools
- DPS

Why Concerned

- Some opposed to any increase/wages already too high
- Others supportive of raising wage but wanted it done more gradually
- Some acknowledged the competing interests/needs of workers trying to live in city
- Many paying minimum/less than proposed, directly impacted
- Compression
- Cumulative impacts of cost of doing biz in Denver
- So soon and being so large
- Tip credit not rising with the wage

Response to Feedback: Wage Changes

- 1) Reduce the first step (dropped from \$13.80 \rightarrow \$12.85)
- 2) Spread the increases over more time (three years instead of two)

Year	Original Proposal	Revised Dollar/ Percentages	Revised Proposal
2020	\$13.80 (15% on \$12)	\$1.75 on \$11.10 (rather than \$12) = 15.7%	\$12.85
2021	\$15.87 (15% on \$13.80)	15% (\$1.92)	\$14.77
2022	СРІ	6.9%, (\$1.10)	\$15.87
2023 and beyond	44 77		CPI

Cleanup/Response to Feedback: Enforcement Changes

- Complaint-based enforcement by the Auditor's Office
 - Third parties/anonymous can also file a complaint (NEW)
 - Complaints must be filed within one year of alleged violation
 - Retaliation against a person for filing complaints is prohibited
 - Change from "shall investigate" all to prioritization and discretion (NEW)
- Auditor enforcement includes:
 - 3-year look-back period for investigation following complaint
 - Power to investigate company-wide after complaint
 - Power to give/receive referrals (NEW)
- Allows for private right of action
 - A person may file a private lawsuit
 - Concurrent or standalone from city enforcement process
 - Does not preclude city-initiated enforcement action
 - Statute of limitations same as auditor look-back (NEW)
- After 2 years
 - Where pattern of non-compliance emerges in industry or with employer, indicating likelihood of violations, ability to investigate absent a complaint (NEW)

Other Changes:

Coverage

Eliminated work performed by Independent Contractors (enforcement difficulty)

Technical

Minor wording changes

Enforcement

- Rule-making authority for auditor
- City agencies specifically authorized to receive complaints can make referrals to Auditor
- Explicit authority for Auditor to collect penalties and enforce findings

Other

- Recitals regarding monitoring economic conditions and the data
- City ability to recover costs and attorney's fees

No Change: Minors Under Age 18

- Only a small % had feedback, was not an overwhelming theme
- Fairly evenly divided among those with feedback

Opposed to different wage:

- Community who was opposed expressed very strong opposition:
- "They are doing the same job"
- "Many are helping their families survive"
- Concern that law may be exploited to pay youth of color less, exacerbating racial bias
- Some businesses: "We'll have to pay the full wage regardless to be competitive"
- Minor exemptions would be hard for enforcement

Seeking different wage:

A few requested the flexibility of lower wage for minors (but were not using the state's differential currently):

- "I will hire fewer inexperienced young people at proposed wages"
- Concern it will hurt employment prospects for youth of color
- "There is value to training that justifies a lower wage"

No Change: Tip Credit due to HB19-1210

"Local government...shall provide a tip offset for employees [of food and beverage establishments] equal to the tip offset provided in [the State Constitution]." 8-6-101(3)(a)(I)

Tip Credit in Article XVIII of the State Constitution = \$3.02

No Changes: Penalties

- Escalating penalties for non-payment of required minimum wage
 - 1st offense = \$50/day/employee
 - 2nd & 3rd offenses = \$75/day/employee plus \$2,500 fine
 - 4th & subsequent offenses = \$100/day/employee plus \$5,000 fine
- Right to remedy 1st violation without penalty if good faith error
- In addition to penalties, employees must be made whole for all underpayment of wages
- Additional enforcement considerations:
 - Failure to furnish Auditor with complete, certified payroll = \$1,000 per violation
 - False reporting = \$1,000 per violation
 - Failure to make workers whole for underpayment of wages = up to \$5,000 per violation

Companion Bill: Special Revenue Fund

- Establishes the Unclaimed Minimum Wage Special Trust Fund to temporarily maintain unclaimed wage payments made by Denver employers pursuant to the minimum wage ordinance.
- This bill request is a companion ordinance to the minimum wage ordinance submitted by the Mayor's Office. It establishes a Special Trust Fund that will hold certain payments of unclaimed wages made by Denver employers to meet minimum wage requirements for their workers. These payments may be made in lieu of penalties/fines. Employer payments will be held in the Special Trust on workers' behalf for two years. If not claimed by a worker during that time, such funds will be transferred to the General Fund on a rolling basis.
- Expenses in the fund will include reimbursements to workers for certain unclaimed wages as well as transfers to the General Fund of amounts that remain unclaimed. The expending authority will be the Auditor's Office.

Impacted Residents: 2020 Estimates

This revised proposal would give 50,000 Denverites a raise in 2020, and 90,000 a raise in total.

Overwhelmingly Adults

93.5% adults 6.5% under 18

Promotes Racial Equity

12.5% African American 51.7% Hispanic/Latino

Promotes Gender Equity

56.1% women 43.9% men

Family Impact

16% married parents10.7% single parents9% married with no children

Additional Open House Added

WHEN: 3 - 4:30 p.m. Friday, November 8.

WHERE: Webb Municipal Building (201 W. Colfax)

Room: 1B6

Legislative Schedule

- Today/November 5: Informational briefing FinGov
- November 5 12: Additional briefings/follow-up as requested between meetings
- November 12: FinGov <u>action item</u> (w/ public comment) (have half of meeting)
- November 19: First reading at City Council.
- November 25: Second reading. A courtesy public hearing.
- January 1, 2020: Effective date.

Data on Restaurants & Tipped Workers

Estimates of Restaurant and Food Service Workers as Proportion of Benefitted Workers

Estimates of Tipped Workers Impacted

2020: 3,000 (7% of all workers who would receive a raise in 2020)

2021: 9,000 (9.9% of all workers who would receive a raise by 2021)

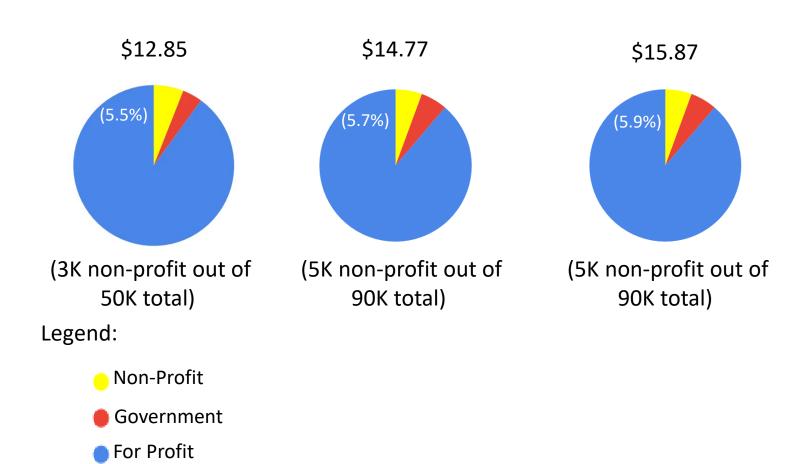

2022: 6,000 (6.5% of all workers who would receive a raise by 2022)

Year	Minimum Wage Proposal	Minimum Wage – Tip Credit (\$3.02)
2020	\$12.85	\$9.83
2021	\$14.77	\$11.75
2022	\$15.87	\$12.85

Data on Non-Profit Workers

Estimates of Non-profit Workers as Proportion of Benefitted Workers Among those who live and work in Denver

Minors Under Age 18: Research

A recent paper in the **Quarterly Journal of Economics** looked explicitly at effects of minimum wage increases on teen employment and found little to no effect.

"In the post-1992 period, there is little evidence of disemployment for teens..."

Een Zipperer and Doruk Cengiz, Arindrajit Dube, Attila Lindner, The Effect of Minimum Wages on Low-Wage Jobs, The Quarterly Journal of Economics, Volume 134, Issue 3, August 2019, Pages 1405–1454.

A review of studies beginning in the 1990s concluded that increases in the minimum wage result in small reductions in youth employment. Employment declines following a 10 percent increase in the minimum wage are very small, between -.003 and -0.6 percent, and statistically insignificant.

"It appears that if negative effects on employment are present, they are too small to be statistically detectable."

~ Dale Belman, Paul J. Wolfson, The New Minimum Wage Research. 2014.

Minors Under 18 years: What Wages Would be if Reduced by 15%?

Year	Revised Proposal	15% Reduction
2020	\$12.85	\$10.93
2021	\$14.77	\$12.56
2022	\$15.87	\$13.49
2023 and beyond	СРІ	Depends on CPI

What will these raises put in workers' pockets?*

State wage = \$12 on Jan. 1, 2020 After Denver's Increase: \$12.85 on Jan. 1, 2020 (+85¢) 85¢ X 2,080 hrs (full-time work year) = \$14.77 on Jan. 1, 2021 (+\$1.92¢) 2021 \$1.92 X 2,080 hrs (full-time work year) = \$15.87 on Jan. 1, 2022 (+\$1.09¢) \$1.09 X 2,080 hrs (full-time work year) = \$2,267

^{*} Gross Wages, actual net wages reduced by state and federal taxes, which vary by filing status and other factors

What does an extra \$1,600 buy?

An extra month of rent ¹

 Covers the average yearly back-to-school costs (\$684) with money left over for lunches and activities throughout the year ²

 40% of MSU Denver 2019-20 Resident tuition and fees per 12 credit hour semester ³

23% of 2014 per capita health spending in Colorado ⁴

12 monthly local RTD passes (w/ change); 8 monthly regional RTD passes

10 average energy bills; 9.5 average monthly phone bills ⁶

¹\$1,519.80: the overall average rent in Denver Metro (<u>Q2 2019</u>)

 $^{^2}$ The average U.S. family could spend \$684 back-to-school shopping this year and Colorado retailers are eager to get a piece of the pie Denver Post, 2018

⁵ RTD FARE PAYMENT OPTIONS

⁶ Payscale.com, <u>Cost of Living in Denver, Colorado</u>

Reminder: HB19-1210 Requirements

- Wage must apply to <u>all</u> adult employees and emancipated minors:
 - State law does not allow cities to exempt or "carve out" certain types of employers.
- Wage increases only on Jan. 1 of each year
- Wage increases up to 15% or \$1.75 per year, whichever is greater

Will the Minimum Wage Affect Benefit Eligibility?

Denver DHS and Colorado Center on Law and Policy/Bell Policy conducted separate, very high-level analysis on the original wage proposals, came to the same conclusion:*

Assuming full-time work at minimum wage, increase to \$15.87/hour would NOT impact eligibility (based on income) for most in major assistance programs.

Eligibility

- **Full-time single workers** already exceed income eligibility limits in many assistance programs at the current minimum wage.
- Most families with kids would still be eligible even after the proposed wage increases.

"Appears to be no impact in benefit eligibility for households with one parent and one or more child(ren)."

Gradually Declining Benefits (SNAP and LEAP)

- Where benefits decrease gradually with earnings, families don't drop off a "cliff." Would likely either be a *net-neutral* impact to overall resources (income + benefits), or a net increase in overall resources.
- Some benefit eligibility could be lost for example for either: a 1-person full-time income household, or a 4-person household (two parent, two child) with two full-time incomes, but the gain in income likely exceeds the loss in benefits.

Earnings from Work Among those with Disability Benefits

• The number of work hours folks with disabilities who are allowed to earn a limited amount but are not eligible to exceed those earnings will continue to be variable based on wage levels.

Can Denver Raise the Wage in 2020? Excerpts from HB1210

"This act takes effect January 1, 2020"	
"Before enactinga local government shall consult with surrounding local governments and engage stakeholders"	
"A local governmentmust specify that an increase in the local minimum wage must take effect on the same date as a scheduled increase to the statewide minimum wage" Under the voter-approved measure of 2016 is January 1 of each year.	

Comparison of CO and Denver Wages

Month/Year	State MW	Denver City Contractor MW	Denver Citywide Minimum Wage (proposed)
Jan 1, 2020	\$12	No change (\$13 since July 1, 2019	\$12.85
July 1, 2020	No change (\$12)	\$14	No change
Jan 1, 2021	\$12 + CPI (range of possible historical CPI: 12.14- 12.44, average 12.29)	No change (\$14)	\$14.77
July 1, 2021	No change (\$12 + 2020 CPI)	\$15	No change
Jan 1, 2022	2021 wage + CPI (est range \$12.30-12.90)	No change (\$15)	\$15.87
July 2, 2022	No change	\$15+ CPI (est range \$15.18-15.55, average \$15.36)	No change
Jan 1, 2023	2022 wage + CPI	No change	\$15.87 + CPI
July 1, 2023	No change	2022 wage + CPI	No Change

Research

Many studies show that increasing the minimum wage has minimal or beneficial impacts citywide:

- Little to no impact on total employment
- Stimulates the local economy
- Reduces turnover and recruitment costs
- Improves worker productivity
- Improves public health outcomes
