First Amendment to DEN contract with WSP USA Inc. to provide professional, technical and support staff to support the Expansion and Renewal Program with design, construction, closeout and any other support services needed for project delivery options.

Since the execution of the original contracts, the program has progressed, and the airport/airline industry has been impacted with the COVID-19 Pandemic. The airlines have signed lease agreements for the additional gates requiring us to take on additional work to move airlines. The industry impacts associated with the pandemic has driven a re-evaluation of our Capital Improvement Program as it relates to the concourse areas. To meet the needs of the Expansion and Renewal Program and the reprioritization of our Capital Improvement Program,

This amendment to the WSP USA Inc contract will increase contract capacity to accommodate the additional project requirements.
