5. General description or background of proposed request. Attach executive summary if more space needed:

Skillsoft has been the city's third-party vendor for training content for the past seven years. We identified criteria per below as criteria for the RFP process:

- Total cost
- Environmental Safety & Health (ES&H) compliance courses. We currently embed these courses into DOTI, our largest agency: 107 programs tied to Skillsoft ES&H courses, 130 planned. 12 courses
- Workday integration is a requirement
- Personalized customer service; easy escalation to engineer

The only vendor that provides the Environment and Health library is Skillsoft to meet the current required training needs for for DEN, DOTI for the 107 programs they are using Skillsoft content to fulfil training requirements in their agencies. The city is not equipped to design this specific Environmental, Health and Safety training to meet these requirements for the City and County of Denver.

Per Executive Order 8, memorandum no. 8B, section 3:

Special circumstances may include, among others: emergency situations; supplies or services indispensable to the City that are obtainable only from a single source; situations where standardization of equipment or continuity of service is required. Contract renewal conversations are underway to negotiate the best possible pricing for a three-year contract with Skillsoft.
