

Denver Zoning Code Text Amendment #8

GROUP LIVING TEXT AMENDMENT

City Council Strikethrough Draft - 01/07/21

This document contains a draft of proposed text amendment to overhaul the Zoning Code's regulations for residential uses. Key changes include updates to the way the code regulates households, consolidation of all Residential Care uses into a single system regulated by size, rather than by population served, and addition of a new Congregate Living category that allows for the evolution of residential uses that are not in conventional dwelling units. City and community leaders have requested these amendments to modernize the code, update regulations that have not kept pace with how Denver residents live, and remove regulations that exclude populations or preclude the establishment of needed residential uses and facilities. These amendments are the culmination of a nearly three-year process, during which the project team worked closely with a diverse advisory committee of people whose occupational or lived experience highlighted issues with the current code. Additional information, including a slide deck summarizing the changes proposed and a set of frequently asked questions and answers, can be viewed and downloaded on the Group Living project webpage: www.denvergov.org/groupliving.

This review draft is organized in the same order in which the pages and sections appear in the Zoning Code. The first section contains use tables that show permitted zone districts and required parking and review processes for Household, Residential Care and Congregate Living uses in each Neighborhood Context of the Zoning Code, followed by proposed changes related to parking in Article 10. These sections are followed by proposed amendments to Article 11 to add new use definitions and limitations; and finally updates to Article 12 related to the required Community Information Meeting and administration of residential uses. The City Council Strike-through Draft reflects revisions to the Planning Board draft developed in response to requests from City Council members during consideration of these amendments at the Council's Land Use, Transportation and Infrastructure (LUTI) Committee. It reflects the same amendments that are shown in the Dec. 17 2020 LUTI draft, but eliminates the green text style used to show changes made during LUTI discussion -- all changes are shown in red.

Public Review Draft Document Conventions

- Text in red underline is proposed new language.
- Text in ~~red-strikethrough~~ is proposed deleted language.
- This document has more pages than previous drafts -- additional pages reflect updated cross-references in building form intent statements, etc.
- Only pages with changes relevant to this text amendment are included in the review file. You may wish to look at other sections for additional context. You may read or download the full Denver Zoning Code at [this link](#).
- While efforts are made to ensure document quality, cross-referenced section numbers, figure numbers, page numbers, and amendment numbers may appear incorrect since both new and old text appears in a review draft. These will be corrected in the final, "clean" version of the text amendment that is filed for adoption by City Council.
- Additionally, please note that coordination will continue throughout the process to ensure constancy of approach and administration with other ongoing text amendments.

Please send any questions or comments to Andrew Webb at andrew.webb@denvergov.org

- 5. Apartment**
Establish standards for Multi-Unit Dwelling development in a variety of layouts. Also accommodates, where permitted, appropriately scaled ~~Group Living~~, ~~Congregate Living~~, ~~Residential Care~~, Civic, and Nonresidential development.

B. Commercial Mixed Use Zone Districts Building Form Intent

- 1. Drive Thru Services**
To allow more flexible design standards to accommodate unique circumstances of automobile service uses and primary uses with an accessory drive-thru lane.
 - a. MX: Eliminate the build-to requirement and require a garden wall along street frontages.
 - b. MS: Allow a decrease in the percentage of build-to required along the Primary Street, allow a garden wall and canopy combination to meet a portion of the build-to and allow surface parking between a building and the Side Street.
- 2. Drive Thru Restaurant**
To allow more flexible design standards to accommodate unique circumstances of eating/drinking establishments with an accessory drive-thru lane.
 - a. CC and MX: No change to standards contained within the General building form.
 - b. MS: Allow a reduced build-to requirement and a drive-thru lane to be located between the building and the Primary Street and Side Street.
- 3. General**
Establish the base set of standards for the zone district from which all other building forms deviate for specific situations.
- 4. Shopfront**
Establish the base set of standards for the zone district from which all other building forms deviate for specific situations.

DIVISION 3.4 USES AND REQUIRED MINIMUM PARKING

SECTION 3.4.1 APPLICABILITY

- 3.4.1.1 This Division 3.4 sets forth the land uses permitted, the required zoning procedure and the required minimum parking for all the Suburban Neighborhood Context zone districts.
- 3.4.1.2 Uses not listed are prohibited, unless the Zoning Administrator specifically permits the unlisted use according to Section 12.4.6, Code Interpretations and Determination of Unlisted Uses.
- 3.4.1.3 For number of primary and accessory uses allowed per Zone Lot, see Section 1.2.3.5, Number of Structures and Uses Allowed per Zone Lot.

SECTION 3.4.2 ORGANIZATION

3.4.2.1 Organized by Primary, Accessory and Temporary Uses

The Use and Parking Table first presents all primary uses, then all accessory uses, and finally all temporary uses. Primary uses are arranged hierarchically within the table by use classification, category of primary uses, and then by specific use type. Accessory uses are organized by whether such use is accessory to a primary residential use or to a primary nonresidential use. Temporary uses are presented alphabetically ordered in the last division of the table.

3.4.2.2 Primary Use Classifications, Categories & Specific Use Types

A. Primary Use Classifications

All primary land uses in the Use and Parking Table are organized into one of the following five general land use classifications:

1. Residential Uses
2. Civic, Public & Institutional Uses
3. Commercial Sales, Service & Repair Uses
4. Industrial, Manufacturing & Wholesale Uses
5. Agriculture

B. Primary Use Categories & Specific Use Types

Primary uses are further organized into use categories and specific use types listed under each general primary land use classification. The Use and Parking Table is organized into the above five general land use classifications, use categories and specific use types.

C. Classifications & Categories Are Mutually Exclusive

The general land use classifications and use categories listed in the Use and Parking Table are intended to be mutually exclusive; that is, a use classified into one use category, such as “lodging accommodations,” cannot be classified in a different use category, such as “~~group living~~congre-gate living,” unless otherwise expressly permitted by this Code.

SECTION 3.4.3 EXPLANATION OF TABLE ABBREVIATIONS

3.4.3.1 General Explanation of Table Cell Entries

In each of the table cells, the entry will indicate first whether use limitations apply to the specific use, and then separated by a hyphen, the type of zoning review required prior to establishment of the use under this Code. For example, as described in more detail below, a cell entry “L-ZPIN” means, first, the use is subject to use limitations (the “L”), and, second, that the use is subject to zoning permit review with information notice (the “ZPIN”) prior to its establishment.

3.4.3.2 Permitted, Limited, Not Permitted

A. Permitted Use - No Use Limitations Apply (“P”)

A “P” in a table cell indicates that the use is permitted in the respective zone district, and is not subject to use limitations.

B. Permitted Use - Subject to Use Limitations (“L”)

“L” in a table cell indicates the use is permitted in the zone district subject to compliance with the use limitations referenced in the last column of the use table (“Applicable Use Limitations”).

C. Uses Not Permitted (“NP”)

“NP” in a table cell indicates that the use is not permitted in the specific zone district.

3.4.3.3 Zoning Procedure

A. Use Subject to Zoning Permit Review (“ZP”)

“ZP” in a table cell indicates that the use is permitted in the respective zone district only if reviewed and approved according to the requirements in Section 12.4.1, Zoning Permit Review.

B. Use Subject to Zoning Permit Review with Informational Notice (“ZPIN”)

“ZPIN” in a table cell indicates that the use is permitted in the respective zone district only if reviewed and approved according to the public notice and procedural requirements in Section 12.4.2, Zoning Permit Review with Informational Notice. Such uses shall comply with any applicable use limitations noted in the last column of the use table (“Applicable Use Limitations”), as well as the review criteria stated in Section 12.4.2, Zoning Permit Review with Informational Notice.

C. Use Subject to Zoning Permit Review with Community Information Meeting (“ZPCIM”)

“ZPCIM” in a table cell indicates that the use is permitted in the respective zone district only if reviewed and approved according to the public notice and procedural requirements in Section 12.4.1, Zoning Permit Review. Prior to formal application, an applicant shall schedule a community information meeting and provide public notice of the community information meeting according to Section 12.3.4.6, Community Information Meeting.

D. Use Subject to Zoning Permit with Special Exception Review (“ZPSE”)

“ZPSE” in a table cell indicates that use is generally appropriate in the neighborhood context and zone district, yet may have the potential for limited impacts on adjacent properties or on the established character of the neighborhood context or zone district. “ZPSE” uses are subject to a Board of Adjustments public hearing according to Section 12.4.9, Zoning Permit with Special Exception Review, which grants the Board of Adjustment the authority to impose conditions on the specified use to mitigate any potential impacts. Such uses shall comply with any applicable use limitations noted in the last column of the use table (“Applicable Use Limitations”), as well as the review criteria stated in Section 12.4.9, Zoning Permit with Special Exception Review.

E. Uses Where More Than One Zoning Procedure Is Indicated

Where a table cell shows more than one zoning procedure applies to a use, for example “L-ZP/ZPIN”, the referenced use limitation (last table column) will indicate which zoning procedure applies in a specific case. For example, a table cell may indicate “L-ZPIN/ZPSE” for a use. This means that the ZPIN zoning procedure will apply, unless the applicable use limitation specifies the ZPSE zoning procedure is triggered (e.g., by proximity to a Protected District).

3.4.3.4 Enclosure of Uses

All primary, accessory and temporary uses must be established, operated and maintained within a completely enclosed structure, unless otherwise specifically allowed by this Code. The Use and Parking Tables in Articles 3-9 indicate when a use may be established, operated or maintained outside a completely enclosed structure by including an asterisk “*” next to the specific use type. 4.3.2.4 Specific Building Form Intent

A. Residential Zone Districts

1. Suburban House

Establish standards for Single Unit Dwelling development that allows more height in the rear of a lot but with a more restrictive bulk plane over the entire lot, as compared to Urban House. Also accommodates, where permitted, appropriately scaled ~~Group Living~~, ~~Congregate Living~~, ~~Residential Care~~, Civic, and Nonresidential development.

2. Urban House

Establish standards for Single Unit Dwelling development. Also accommodates, where permitted, appropriately scaled ~~Group Living~~, ~~Congregate Living~~, ~~Residential Care~~, Civic, and Nonresidential development.

3. Duplex

Establish standards for Two Unit Dwelling development within a single primary structure, allowing side-by-side and up-down configurations. Also accommodates, where permitted, appropriately scaled ~~Group Living~~, ~~Congregate Living~~, ~~Residential Care~~, Civic, and Nonresidential development.

4. Tandem House

Establish standards for two dwelling units on a single zone lot, but occurring in two separate primary structures with a single unit in each structure.

5. Row House

Establish standards for buildings containing Side-by-Side Dwelling Units to require each Dwelling Unit to Orient to the Street and have a street-facing entrance. No Dwelling Units are located behind the Dwelling Units Oriented to the Street. Accommodates Multi-Unit Dwelling development.

6. Garden Court

Establish standards for Multi-Unit Dwelling development where dwelling entrances may be oriented around a common, central Garden Court with landscaping, rather than exclusively orienting toward the street, as Row House requires. Off-Street Parking Areas are restricted in the front of the Zone Lot. Accommodates Two Unit and Multi-Unit Dwelling development.

7. Town House

Establish standards for buildings containing Side-by-Side Dwelling Units to require Dwelling Units located near the street to be Oriented to the Street. Compared to the Row House building form, additional Dwelling Units are permitted behind the Dwelling Units Oriented to the Street. Accommodates Two Unit and Multi-Unit Dwelling development.

8. Apartment

Establish standards for Multi-Unit Dwelling development that allows a variety of Dwelling Unit configurations, but does not allow structures containing mostly Side-by-Side Dwelling Units. The building form requires a minimum of one entrance at the street, in addition to transparency and other design elements. Also accommodates, where permitted, appropriately scaled ~~Group Living~~, ~~Congregate Living~~, ~~Residential Care~~, Civic, and Nonresidential development.

B. Commercial Mixed Use Zone Districts

1. Drive Thru Services

To allow more flexible design standards to accommodate unique circumstances of automobile service uses and primary uses with an accessory drive-thru lane.

- a. E-MX: Eliminate build-to requirement

DIVISION 4.4 USES AND REQUIRED MINIMUM PARKING

SECTION 4.4.1 APPLICABILITY

- 4.4.1.1 This Division 4.4 sets forth the land uses permitted, the required zoning procedure and the required minimum parking for all the Urban Edge Neighborhood Context zone districts.
- 4.4.1.2 Uses not listed are prohibited, unless the Zoning Administrator specifically permits the unlisted use according to Section 12.4.6, Code Interpretations and Determination of Unlisted Uses.
- 4.4.1.3 For number of primary and accessory uses allowed per Zone Lot, see Section 1.2.3.5, Number of Structures and Uses Allowed per Zone Lot.

SECTION 4.4.2 ORGANIZATION

4.4.2.1 Organized by Primary, Accessory and Temporary Uses

The Use and Parking Table first presents all primary uses, then all accessory uses, and finally all temporary uses. Primary uses are arranged hierarchically within the table by use classification, category of primary uses, and then by specific use type. Accessory uses are organized by whether such use is accessory to a primary residential use or to a primary nonresidential use. Temporary uses are presented alphabetically ordered in the last division of the table.

4.4.2.2 Primary Use Classifications, Categories & Specific Use Types

A. Primary Use Classifications

All primary land uses in the Use and Parking Table are organized into one of the following five general land use classifications:

1. Residential Uses
2. Civic, Public & Institutional Uses
3. Commercial Sales, Service & Repair Uses
4. Industrial, Manufacturing & Wholesale Uses
5. Agriculture

B. Primary Use Categories & Specific Use Types

Primary uses are further organized into use categories and specific use types listed under each general primary land use classification. The Use and Parking Table is organized into the above five general land use classifications, use categories and specific use types.

C. Classifications & Categories Are Mutually Exclusive

The general land use classifications and use categories listed in the Use and Parking Table are intended to be mutually exclusive; that is, a use classified into one use category, such as “lodging accommodations,” cannot be classified in a different use category, such as “~~group living~~congre-gate living,” unless otherwise expressly allowed by this Code.

SECTION 4.4.3 EXPLANATION OF TABLE ABBREVIATIONS

4.4.3.1 General Explanation of Table Cell Entries

In each of the table cells, the entry will indicate first whether use limitations apply to the specific use, and then separated by a hyphen, the type of zoning review required prior to establishment of the use under this Code. For example, as described in more detail below, a cell entry “L-ZPIN” means, first, the use is subject to use limitations (the “L”), and, second, that the use is subject to zoning permit review with information notice (the “ZPIN”) prior to its establishment.

4.4.3.2 Permitted, Limited, Not Permitted

A. Permitted Use - No Use Limitations Apply (“P”)

A “P” in a table cell indicates that the use is permitted in the respective zone district, and is not subject to use limitations or standards.

B. Permitted Use - Subject to Use Limitations (“L”)

“L” in a table cell indicates the use is permitted in the zone district subject to compliance with the use limitations referenced in the last column of the use table (“Applicable Use Limitations”).

C. Uses Not Permitted (“NP”)

“NP” in a table cell indicates that the use is not permitted in the specific zone district.

4.4.3.3 Zoning Procedure

A. Use Subject to Zoning Permit Review (“ZP”)

“ZP” in a table cell indicates that the use is permitted in the respective zone district only if reviewed and approved according to the requirements in Section 12.4.1, Zoning Permit Review.

B. Use Subject to Zoning Permit Review with Informational Notice (“ZPIN”)

“ZPIN” in a table cell indicates that the use is permitted in the respective zone district only if reviewed and approved according to the public notice and procedural requirements in Section 12.4.2, Zoning Permit Review with Informational Notice. Such uses shall comply with any applicable use limitations noted in the last column of the use table (“Applicable Use Limitations”), as well as the review criteria stated in Section 12.4.2, Zoning Permit Review with Informational Notice.

C. Use Subject to Zoning Permit Review with Community Information Meeting (“ZPCIM”)

“ZPCIM” in a table cell indicates that the use is permitted in the respective zone district only if reviewed and approved according to the public notice and procedural requirements in Section 12.4.1, Zoning Permit Review. Prior to formal application, an applicant shall schedule a community information meeting and provide public notice of the community information meeting according to Section 12.3.4.6, Community Information Meeting.

D. Use Subject to Zoning Permit with Special Exception Review (“ZPSE”)

“ZPSE” in a table cell indicates that use is generally appropriate in the neighborhood context and zone district, yet may have the potential for limited impacts on adjacent properties or on the established character of the neighborhood context or zone district. “ZPSE” uses are subject to a Board of Adjustments public hearing according to Section 12.4.9, Zoning Permit with Special Exception Review, which grants the Board of Adjustment the authority to impose conditions on the specified use to mitigate any potential impacts. Such uses shall comply with any applicable use limitations noted in the last column of the use table (“Applicable Use Limitations”), as well as the review criteria stated in Section 12.4.9, Zoning Permit with Special Exception Review.

E. Uses Where More Than One Zoning Procedure Is Indicated

Where a table cell shows more than one zoning procedure applies to a use, for example “L-ZP/ZPIN”, the referenced use limitation (last table column) will indicate which zoning procedure applies in a specific case. For example, a table cell may indicate “L-ZPIN/ZPSE” for a use. This means that the ZPIN zoning procedure will apply, unless the applicable use limitation specifies the ZPSE zoning procedure is triggered (e.g., by proximity to a Protected District).

4.4.3.4 Enclosure of Uses

All primary, accessory and temporary uses must be established, operated and maintained within a completely enclosed structure, unless otherwise specifically allowed by this Code. The Use and Parking Tables in Articles 3-9 indicate when a use may be established, operated or maintained outside a completely enclosed structure by including an asterisk “*” next to the specific use type.

For example, the asterisk following the “Telecommunication Tower*” use type in the tables indicates that a telecommunication tower land use need not be enclosed.

5.3.2.4 Specific building form Intent

A. Residential Zone Districts

1. Urban House

Establish standards for Single Unit Dwelling development. Also accommodates, where permitted, appropriately scaled ~~Group Living~~Congregate Living, Residential Care, Civic, and Nonresidential development.

2. Duplex

Establish standards for Two Unit Dwelling development within a single primary structure, allowing side-by-side and up-down configurations. Also accommodates, where permitted, appropriately scaled ~~Group Living~~Congregate Living, Residential Care, Civic, and Nonresidential development.

3. Tandem House

Establish standards for two dwelling units on a single zone lot, but occurring in two primary structures with a single unit in each structure.

4. Row House

Establish standards for buildings containing Side-by-Side Dwelling Units to require each Dwelling Unit to Orient to the Street and have a street-facing entrance. No Dwelling Units are located behind the Dwelling Units Oriented to the Street. Accommodates Multi-Unit Dwelling development.

5. Town House

Establish standards for buildings containing Side-by-Side Dwelling Units that requires Dwelling Units located near the street to be Oriented to the Street. Compared to the Row House building form, additional Dwelling Units are permitted behind the Dwelling Units Oriented to the Street. Accommodates Two Unit and Multi-Unit Dwelling development.

6. Apartment

Establish standards for Multi-Unit Dwelling development that allows a variety of Dwelling Unit configurations, but does not allow structures containing mostly Side-by-Side Dwelling Units. The building form requires a minimum of one entrance at the street, in addition to transparency and other design elements. Also accommodates, where permitted, appropriately scaled ~~Group Living~~Congregate Living, Residential Care, Civic, and Nonresidential development.

B. Commercial Mixed Use Zone Districts

1. Drive Thru Services

To allow more flexible design standards to accommodate unique circumstances of automobile service uses and primary uses with an accessory drive-thru lane.

- a. U-MX Option B: Limited to Gasoline Service Station, eliminate the build-to requirement, allow parking between the building and the street, and require a garden wall along street frontages.
- b. U-MX Option A: Allow a reduced build-to percentage and an increased build-to range.
- c. U-MS: Allow a reduced build-to percentage, an increased build-to range, and a garden wall and canopy combination to meet a portion of the build-to. Require a garden wall along street frontages.

2. Drive Thru Restaurant

To allow more flexible design standards to accommodate unique circumstances of eating/drinking establishments with an accessory drive-thru lane.

DIVISION 5.4 USES AND REQUIRED MINIMUM PARKING

SECTION 5.4.1 APPLICABILITY

- 5.4.1.1 This Division 5.4 sets forth the land uses permitted, the required zoning procedure and the required minimum parking for all the Urban Neighborhood Context zone districts.
- 5.4.1.2 Uses not listed are prohibited, unless the Zoning Administrator specifically permits the unlisted use according to Section 12.4.6, Code Interpretations and Determination of Unlisted Uses.
- 5.4.1.3 For number of primary and accessory uses allowed per zone lot, see Section 1.2.3.5, Number of Structures and Uses Allowed per Zone Lot.

SECTION 5.4.2 ORGANIZATION

5.4.2.1 Organized by Primary, Accessory and Temporary Uses

The Use and Parking Table first presents all primary uses, then all accessory uses, and finally all temporary uses. Primary uses are arranged hierarchically within the table by use classification, category of primary uses, and then by specific use type. Accessory uses are organized by whether such use is accessory to a primary residential use or to a primary nonresidential use. Temporary uses are presented alphabetically ordered in the last division of the table.

5.4.2.2 Primary Use Classifications, Categories & Specific Use Types

A. Primary Use Classifications

All primary land uses in the Use and Parking Table are organized into one of the following five general land use classifications:

1. Residential Uses
2. Civic, Public & Institutional Uses
3. Commercial Sales, Service & Repair Uses
4. Industrial, Manufacturing & Wholesale Uses
5. Agriculture

B. Primary Use Categories & Specific Use Types

Primary uses are further organized into use categories and specific use types listed under each general primary land use classification. The Use and Parking Table is organized into the above five general land use classifications, use categories and specific use types.

C. Classifications & Categories Are Mutually Exclusive

The general land use classifications and use categories listed in the Use and Parking Table are intended to be mutually exclusive; that is, a use classified into one use category, such as “lodging accommodations,” cannot be classified in a different use category, such as “~~group living~~congre-gate living,” unless otherwise expressly allowed by this Code.

SECTION 5.4.3 EXPLANATION OF TABLE ABBREVIATIONS

5.4.3.1 General Explanation of Table Cell Entries

In each of the table cells, the entry will indicate first whether use limitations apply to the specific use, and then separated by a hyphen, the type of zoning review required prior to establishment of the use under this Code. For example, as described in more detail below, a cell entry “L-ZPIN” means, first, the use is subject to use limitations (the “L”), and, second, that the use is subject to zoning permit review with information notice (the “ZPIN”) prior to its establishment.

5.4.3.2 Permitted, Limited, Not Permitted

A. Permitted Use - No Use Limitations Apply (“P”)

A “P” in a table cell indicates that the use is permitted in the respective zone district, and is not subject to use limitations.

B. Permitted Use - Subject to Use Limitations (“L”)

“L” in a table cell indicates the use is permitted in the zone district subject to compliance with the use limitations referenced in the last column of the use table (“Applicable Use Limitations”).

C. Uses Not Permitted (“NP”)

“NP” in a table cell indicates that the use is not permitted in the specific zone district.

5.4.3.3 Zoning Procedure

A. Use Subject to Zoning Permit Review (“ZP”)

“ZP” in a table cell indicates that the use is permitted in the respective zone district only if reviewed and approved according to the requirements in Section 12.4.1, Zoning Permit Review.

B. Use Subject to Zoning Permit Review with Informational Notice (“ZPIN”)

“ZPIN” in a table cell indicates that the use is permitted in the respective zone district only if reviewed and approved according to the public notice and procedural requirements in Section 12.4.2, Zoning Permit Review with Informational Notice. Such uses shall comply with any applicable use limitations noted in the last column of the use table (“Applicable Use Limitations”), as well as the review criteria stated in Section 12.4.2, Zoning Permit Review with Informational Notice.

C. Use Subject to Zoning Permit Review with Community Information Meeting (“ZPCIM”)

“ZPCIM” in a table cell indicates that the use is permitted in the respective zone district only if reviewed and approved according to the public notice and procedural requirements in Section 12.4.1, Zoning Permit Review. Prior to formal application, an applicant shall schedule a community information meeting and provide public notice of the community information meeting according to Section 12.3.4.6, Community Information Meeting.

D. Use Subject to Zoning Permit with Special Exception Review (“ZPSE”)

“ZPSE” in a table cell indicates that use is generally appropriate in the neighborhood context and zone district, yet may have the potential for limited impacts on adjacent properties or on the established character of the neighborhood context or zone district. “ZPSE” uses are subject to a Board of Adjustments public hearing according to Section 12.4.9, Zoning Permit with Special Exception Review, which grants the Board of Adjustment the authority to impose conditions on the specified use to mitigate any potential impacts. Such uses shall comply with any applicable use limitations noted in the last column of the use table (“Applicable Use Limitations”), as well as the review criteria stated in Section 12.4.9, Zoning Permit with Special Exception Review.

E. Uses Where More Than One Zoning Procedure Is Indicated

Where a table cell shows more than one zoning procedure applies to a use, for example “L-ZP/ZPIN”, the referenced use limitation (last table column) will indicate which zoning procedure applies in a specific case. For example, a table cell may indicate “L-ZPIN/ZPSE” for a use. This means that the ZPIN zoning procedure will apply, unless the applicable use limitation specifies the ZPSE zoning procedure is triggered (e.g., by proximity to a Protected District).

5.4.3.4 Enclosure of Uses

All primary, accessory and temporary uses must be established, operated and maintained within a completely enclosed structure, unless otherwise specifically allowed by this Code. The Use and Parking Tables in Articles 3-9 indicate when a use may be established, operated or maintained outside a completely enclosed structure by including an asterisk “*” next to the specific use type. For

example, the asterisk following the “Telecommunication Tower*” use type in the tables indicates that a telecommunication tower land use need not be enclosed.

6.3.2.4 Specific Building Form Intent

A. Residential Zone Districts

- 1. Urban House**
Establish standards for development on small zone lots, typically Single Unit Dwellings, but may be other uses permitted within the zone district.
- 2. Duplex**
Establish standards for development on small zone lots, typically Two Unit Dwellings, but may be other uses permitted within the zone district.
- 3. Row House**
Establish standards for buildings containing Side-by-Side Dwelling Units to require each Dwelling Unit to Orient to the Street and have a street-facing entrance. No Dwelling Units are located behind the Dwelling Units Oriented to the Street. Accommodates Multi-Unit Dwelling development.
- 4. Garden Court**
Establish standards for Multi Unit Dwelling development where dwelling entrances may be oriented around a common, central Garden Court with landscaping, rather than exclusively orienting toward the street, as Row House requires. Off-Street Parking Areas are restricted in the front of the Zone Lot. Accommodates Two Unit and Multi-Unit Dwelling development.
- 5. Town House**
Establish standards for buildings containing Side-by-Side Dwelling Units to require Dwelling Units located near the street to be Oriented to the Street. Compared to the Row House building form, additional Dwelling Units are permitted behind the Dwelling Units Oriented to the Street. Accommodates Two Unit and Multi-Unit Dwelling development.
- 6. Apartment**
Establish standards for Multi-Unit Dwelling development that allows a variety of Dwelling Unit configurations, but does not allow structures containing mostly Side-by-Side Dwelling Units. The building form requires a minimum of one entrance at the street, in addition to transparency and other design elements. Also accommodates, where permitted, appropriately scaled ~~Group Living~~Congregate Living, Residential Care, Civic, and Nonresidential development.

B. Commercial Mixed Use Zone Districts

- 1. Drive Thru Services**
To allow more flexible design standards to accommodate unique circumstances of automobile service uses and primary uses with an accessory drive-thru lane. Specifically, allow a reduced build-to percentage and an increased build-to range, allow a canopy and garden wall combination to meet a portion of the build-to requirement, and require a garden wall along street frontages.
- 2. Drive Thru Restaurant**
Restricted to eating and drinking establishment with an accessory drive-thru lane.
 - a. MX: Allow a reduced build-to percentage, an increased range, and a drive-thru lane to be located between the building and any street.
 - b. MS: For corner lots only, allow a reduced build-to percentage along the Primary Street, when the build-to percentage is increased along the Side Street.
- 3. General**
Establish a set of standards to define and activate the street. The building form requires a minimum of one pedestrian Entrance at the street, in addition to other design elements

DIVISION 6.4 USES AND REQUIRED MINIMUM PARKING

SECTION 6.4.1 APPLICABILITY

- 6.4.1.1 This Division 6.4 sets forth the land uses permitted, the required zoning procedure and the required minimum parking for all the General Urban Neighborhood Context zone districts.
- 6.4.1.2 Uses not listed are prohibited, unless the Zoning Administrator specifically permits the unlisted use according to Section 12.4.6, Code Interpretations and Determination of Unlisted Uses.
- 6.4.1.3 For number of primary and accessory uses allowed per Zone Lot, see Section 1.2.3.5, Number of Structures and Uses Allowed per Zone Lot.

SECTION 6.4.2 ORGANIZATION - SUMMARY USE AND PARKING TABLE

6.4.2.1 Organized by Primary, Accessory and Temporary Uses

The Use and Parking Table first presents all primary uses, then all accessory uses, and finally all temporary uses. Primary uses are arranged hierarchically within the table by use classification, category of primary uses, and then by specific use type. Accessory uses are organized by whether such use is accessory to a primary residential use or to a primary nonresidential use. Temporary uses are presented alphabetically ordered in the last division of the table.

6.4.2.2 Primary Use Classifications, Categories & Specific Use Types

A. Primary Use Classifications

All primary land uses in the Use and Parking Table are organized into one of the following five general land use classifications:

1. Residential Uses
2. Civic, Public & Institutional Uses
3. Commercial Sales, Service & Repair Uses
4. Industrial, Manufacturing & Wholesale Uses
5. Agriculture

B. Primary Use Categories & Specific Use Types

Primary uses are further organized into use categories and specific use types listed under each general primary land use classification. The Use and Parking Table is organized into the above five general land use classifications, use categories and specific use types.

C. Classifications & Categories Are Mutually Exclusive

The general land use classifications and use categories listed in the Use and Parking Table are intended to be mutually exclusive; that is, a use classified into one use category, such as “lodging accommodations,” cannot be classified in a different use category, such as “~~group living~~congre-gate living,” unless otherwise expressly allowed by this Code.

SECTION 6.4.3 EXPLANATION OF TABLE ABBREVIATIONS

6.4.3.1 General Explanation of Table Cell Entries

In each of the table cells, the entry will indicate first whether use limitations apply to the specific use, and then separated by a hyphen, the type of zoning review required prior to establishment of the use under this Code. For example, as described in more detail below, a cell entry “L-ZPIN” means, first, the use is subject to use limitations (the “L”), and, second, that the use is subject to zoning permit review with information notice (the “ZPIN”) prior to its establishment.

6.4.3.2 Permitted, Limited, Not Permitted

A. Permitted Use - No Use Limitations Apply (“P”)

A “P” in a table cell indicates that the use is permitted in the respective zone district, and is not subject to use limitations.

B. Permitted Use - Subject to Use Limitations (“L”)

“L” in a table cell indicates the use is permitted in the zone district subject to compliance with the use limitations referenced in the last column of the use table (“Applicable Use Limitations”).

C. Uses Not Permitted (“NP”)

“NP” in a table cell indicates that the use is not permitted in the specific zone district.

6.4.3.3 Zoning Procedure

A. Use Subject to Zoning Permit Review (“ZP”)

“ZP” in a table cell indicates that the use is permitted in the respective zone district only if reviewed and approved according to the requirements in Section 12.4.1, Zoning Permit Review.

B. Use Subject to Zoning Permit Review with Informational Notice (“ZPIN”)

“ZPIN” in a table cell indicates that the use is permitted in the respective zone district only if reviewed and approved according to the public notice and procedural requirements in Section 12.4.2, Zoning Permit Review with Informational Notice. Such uses shall comply with any applicable use limitations noted in the last column of the use table (“Applicable Use Limitations”), as well as the review criteria stated in Section 12.4.2, Zoning Permit Review with Informational Notice.

C. Use Subject to Zoning Permit Review with Community Information Meeting (“ZPCIM”)

“ZPCIM” in a table cell indicates that the use is permitted in the respective zone district only if reviewed and approved according to the public notice and procedural requirements in Section 12.4.1, Zoning Permit Review. Prior to formal application, an applicant shall schedule a community information meeting and provide public notice of the community information meeting according to Section 12.3.4.6, Community Information Meeting.

D. Use Subject to Zoning Permit with Special Exception Review (“ZPSE”)

“ZPSE” in a table cell indicates that use is generally appropriate in the neighborhood context and zone district, yet may have the potential for limited impacts on adjacent properties or on the established character of the neighborhood context or zone district. “ZPSE” uses are subject to a Board of Adjustments public hearing according to Section 12.4.9, Zoning Permit with Special Exception Review, which grants the Board of Adjustment the authority to impose conditions on the specified use to mitigate any potential impacts. Such uses shall comply with any applicable use limitations noted in the last column of the use table (“Applicable Use Limitations”), as well as the review criteria stated in Section 12.4.9, Zoning Permit with Special Exception Review.

E. Uses Where More Than One Zoning Procedure Is Indicated

Where a table cell shows more than one zoning procedure applies to a use, for example “L-ZP/ZPIN”, the referenced use limitation (last table column) will indicate which zoning procedure applies in a specific case. For example, a table cell may indicate “L-ZPIN/ZPSE” for a use. This means that the ZPIN zoning procedure will apply, unless the applicable use limitation specifies the ZPSE zoning procedure is triggered (e.g., by proximity to a Protected District).

6.4.3.4 Enclosure of Uses

All primary, accessory and temporary uses must be established, operated and maintained within a completely enclosed structure, unless otherwise specifically allowed by this Code. The Use and Parking Tables in Articles 3-9 indicate when a use may be established, operated or maintained outside a completely enclosed structure by including an asterisk “*” next to the specific use type. For example, the asterisk following the “Telecommunication Tower*” use type in the tables indicates that a telecommunication tower land use need not be enclosed.

DIVISION 7.4 USES AND REQUIRED MINIMUM PARKING

SECTION 7.4.1 APPLICABILITY

- 7.4.1.1 This Division 7.4 sets forth the land uses permitted, the required zoning procedure and the required minimum parking for all the Urban Center Neighborhood Context zone districts.
- 7.4.1.2 Uses not listed are prohibited, unless the Zoning Administrator specifically permits the unlisted use according to Section 12.4.6, Code Interpretations and Determination of Unlisted Uses.
- 7.4.1.3 For number of primary and accessory uses permitted per Zone Lot, see Section 1.2.3.5, Number of Structures and Uses allowed per Zone Lot.

SECTION 7.4.2 ORGANIZATION

7.4.2.1 Organized by Primary, Accessory and Temporary Uses

The Use and Parking Table first presents all primary uses, then all accessory uses, and finally all temporary uses. Primary uses are arranged hierarchically within the table by use classification, category of primary uses, and then by specific use type. Accessory uses are organized by whether such use is accessory to a primary residential use or to a primary nonresidential use. Temporary uses are presented alphabetically ordered in the last division of the table.

7.4.2.2 Primary Use Classifications, Categories & Specific Use Types

A. Primary Use Classifications

All primary land uses in the Use and Parking Table are organized into one of the following five general land use classifications:

1. Residential Uses
2. Civic, Public & Institutional Uses
3. Commercial Sales, Service & Repair Uses
4. Industrial, Manufacturing & Wholesale Uses
5. Agriculture

B. Primary Use Categories & Specific Use Types

Primary uses are further organized into use categories and specific use types listed under each general primary land use classification. The Use and Parking Table is organized into the above five general land use classifications, use categories and specific use types.

C. Classifications & Categories Are Mutually Exclusive

The general land use classifications and use categories listed in the Use and Parking Table are intended to be mutually exclusive; that is, a use classified into one use category, such as “lodging accommodations,” cannot be classified in a different use category, such as “~~group living~~congre-gate living,” unless otherwise expressly allowed by this Code.

SECTION 7.4.3 EXPLANATION OF TABLE ABBREVIATIONS

7.4.3.1 General Explanation of Table Cell Entries

In each of the table cells, the entry will indicate first whether use limitations apply to the specific use, and then separated by a hyphen, the type of zoning review required prior to establishment of the use under this Code. For example, as described in more detail below, a cell entry “L-ZPIN” means, first, the use is subject to use limitations (the “L”), and, second, that the use is subject to zoning permit review with information notice (the “ZPIN”) prior to its establishment.

7.4.3.2 Permitted, Limited, Not Permitted

A. Permitted Use - No Use Limitations Apply (“P”)

A “P” in a table cell indicates that the use is permitted in the respective zone district, and is not subject to use limitations.

B. Permitted Use - Subject to Use Limitations (“L”)

“L” in a table cell indicates the use is permitted in the zone district subject to compliance with the use limitations referenced in the last column of the use table (“Applicable Use Limitations”).

C. Uses Not Permitted (“NP”)

“NP” in a table cell indicates that the use is not permitted in the specific zone district.

7.4.3.3 Zoning Procedure

A. Use Subject to Zoning Permit Review (“ZP”)

“ZP” in a table cell indicates that the use is permitted in the respective zone district only if reviewed and approved according to the requirements in Section 12.4.1, Zoning Permit Review.

B. Use Subject to Zoning Permit Review with Informational Notice (“ZPIN”)

“ZPIN” in a table cell indicates that the use is permitted in the respective zone district only if reviewed and approved according to the public notice and procedural requirements in Section 12.4.2, Zoning Permit Review with Informational Notice. Such uses shall comply with any applicable use limitations noted in the last column of the use table (“Applicable Use Limitations”), as well as the review criteria stated in Section 12.4.2, Zoning Permit Review with Informational Notice.

C. Use Subject to Zoning Permit Review with Community Information Meeting (“ZPCIM”)

“ZPCIM” in a table cell indicates that the use is permitted in the respective zone district only if reviewed and approved according to the public notice and procedural requirements in Section 12.4.1, Zoning Permit Review. Prior to formal application, an applicant shall schedule a community information meeting and provide public notice of the community information meeting according to Section 12.3.4.6, Community Information Meeting.

D. Use Subject to Zoning Permit with Special Exception Review (“ZPSE”)

“ZPSE” in a table cell indicates that use is generally appropriate in the neighborhood context and zone district, yet may have the potential for limited impacts on adjacent properties or on the established character of the neighborhood context or zone district. “ZPSE” uses are subject to a Board of Adjustments public hearing according to Section 12.4.9, Zoning Permit with Special Exception Review, which grants the Board of Adjustment the authority to impose conditions on the specified use to mitigate any potential impacts. Such uses shall comply with any applicable use limitations noted in the last column of the use table (“Applicable Use Limitations”), as well as the review criteria stated in Section 12.4.9, Zoning Permit with Special Exception Review.

E. Uses Where More Than One Zoning Procedure Is Indicated

Where a table cell shows more than one zoning procedure applies to a use, for example “L-ZP/ZPIN”, the referenced use limitation (last table column) will indicate which zoning procedure applies in a specific case. For example, a table cell may indicate “L-ZPIN/ZPSE” for a use. This means that the ZPIN zoning procedure will apply, unless the applicable use limitation specifies the ZPSE zoning procedure is triggered (e.g., by proximity to a Protected District).

7.4.3.4 Enclosure of Uses

All primary, accessory and temporary uses must be established, operated and maintained within a completely enclosed structure, unless otherwise specifically allowed by this Code. The Use and Parking Tables in Articles 3-9 indicate when a use may be established, operated or maintained outside a completely enclosed structure by including an asterisk “*” next to the specific use type. For example, the asterisk following the “Telecommunication Tower*” use type in the tables indicates that a telecommunication tower land use need not be enclosed.

8.9.5.3 Limitation on Primary Residential Uses Above 8 Stories in the Standard Tower Building Form in the D-CPV-C Zone District

A. Intent

To promote slender buildings and preserve access to sun, sky, and views by limiting use of the Standard Tower building form to primarily non-residential uses that require greater flexibility in Tower Floor Plate design standards than is allowed in the Point Tower building form.

B. Applicability

This Section 8.9.5.3 applies to the Standard Tower building form in the D-CPV-C zone districts.

C. Limitation on Primary Residential Uses

- 1. For purposes of this standard, Primary Residential Uses include all permitted uses listed under the Residential Primary Use Classification in Section 8.11.4, including but not limited to:
 - a. Dwelling, Multi-Unit;
 - b. Dwelling, Live / Work; or
 - c. ~~Student Housing Congregate Living.~~

Note that the percentage of Gross Floor Area of Primary Residential Uses on any individual Story above 8 Stories and 110' may exceed the percentage specified in the building form table.

8.9.5.4 Limitation on Visible Parking Above Street Level in D-CPV-T, D-CPV-R, and D-CPV-C Zone Districts

A. Intent

To minimize the visibility, and impacts of structured parking and promote visual interest on upper story building facades.

DIVISION 8.11 USES AND MINIMUM/MAXIMUM PARKING REQUIREMENTS

SECTION 8.11.1 APPLICABILITY

- 8.11.1.1 This Division 8.11 sets forth the land uses permitted, the required zoning procedure, and the minimum/maximum parking requirements in all the Downtown Neighborhood Context zone districts with the exception of the D-LD zone district (see Section 8.4.1.4).
- 8.11.1.2 See Section 8.3.1.5 for more information on vehicle and bicycle parking in the D-C, D-TD and D-CV zone districts.
- 8.11.1.3 Maximum parking requirements apply only in the D-CPV-T, D-CPV-R and D-CPV-C zone districts as set forth in Section 8.11.5.
- 8.11.1.4 Note that the D-C, D-TD, D-CV, D-AS-12+, D-AS-20+, D-CPV-T, D-CPV-R and D-CPV-C zone districts have no minimum off-street vehicle parking requirement.
- 8.11.1.5 Uses not listed are prohibited, unless the Zoning Administrator specifically permits the unlisted use according to Section 12.4.6, Code Interpretations and Determination of Unlisted Uses.
- 8.11.1.6 For number of primary and accessory uses allowed per Zone Lot, see Section 1.2.3.5, Number of Uses and Structures Allowed per Zone Lot.

SECTION 8.11.2 ORGANIZATION OF USE & MINIMUM PARKING TABLE

8.11.2.1 Organized by Primary, Accessory and Temporary Uses

The Use and Minimum Parking Table first presents all primary uses, then all accessory uses, and finally all temporary uses. Primary uses are arranged hierarchically within the table by use classification, category of primary uses, and then by specific use type. Accessory uses are organized by whether such use is accessory to a primary residential use or to a primary nonresidential use. Temporary uses are presented alphabetically ordered in the last division of the table.

8.11.2.2 Primary Use Classifications, Categories & Specific Use Types

A. Primary Use Classifications

All primary land uses in the Use and Minimum Parking Table are organized into one of the following five general land use classifications:

1. Residential Uses
2. Civic, Public & Institutional Uses
3. Commercial Sales, Service & Repair Uses
4. Industrial, Manufacturing & Wholesale Uses
5. Agriculture

B. Primary Use Categories & Specific Use Types

Primary uses are further organized into use categories and specific use types listed under each general primary land use classification. The Use and Minimum Parking Table is organized into the above five general land use classifications, use categories and specific use types.

C. Classifications & Categories Are Mutually Exclusive

The general land use classifications and use categories listed in the Use and Minimum Parking Table are intended to be mutually exclusive; that is, a use classified into one use category, such as “lodging accommodations,” cannot be classified in a different use category, such as “~~group-~~livingcongregate living,” unless otherwise expressly allowed by this Code.

SECTION 8.11.3 EXPLANATION OF USE & MINIMUM PARKING TABLE ABBREVIATIONS

8.11.3.1 General Explanation of Table Cell Entries

In each of the table cells, the entry will indicate first whether use limitations apply to the specific use, and then separated by a hyphen, the type of zoning review required prior to establishment of the use under this Code. For example, as described in more detail below, a cell entry “L-ZPIN” means, first, the use is subject to use limitations (the “L”), and, second, that the use is subject to zoning permit review with information notice (the “ZPIN”) prior to its establishment.

8.11.3.2 Permitted, Limited, Not Permitted

A. Permitted Use - No Use Limitations Apply (“P”)

A “P” in a table cell indicates that the use is permitted in the respective zone district, and is not subject to use limitations.

B. Permitted Use - Subject to Use Limitations (“L”)

“L” in a table cell indicates the use is permitted in the zone district subject to compliance with the use limitations referenced in the last column of the use table (“Applicable Use Limitations”).

C. Uses Not Permitted (“NP”)

“NP” in a table cell indicates that the use is not permitted in the specific zone district.

8.11.3.3 Zoning Procedure

A. Use Subject to Zoning Permit Review (“ZP”)

“ZP” in a table cell indicates that the use is permitted in the respective zone district only if reviewed and approved according to the requirements in Section 12.4.1, Zoning Permit Review.

B. Use Subject to Zoning Permit Review with Informational Notice (“ZPIN”)

“ZPIN” in a table cell indicates that the use is permitted in the respective zone district only if reviewed and approved according to the public notice and procedural requirements in Section 12.4.2, Zoning Permit Review with Informational Notice. Such uses shall comply with any applicable use limitations noted in the last column of the use table (“Applicable Use Limitations”), as well as the review criteria stated in Section 12.4.2, Zoning Permit Review with Informational Notice.

C. Use Subject to Zoning Permit Review with Community Information Meeting (“ZPCIM”)

“ZPCIM” in a table cell indicates that the use is permitted in the respective zone district only if reviewed and approved according to the public notice and procedural requirements in Section 12.4.1, Zoning Permit Review. Prior to formal application, an applicant shall schedule a community information meeting and provide public notice of the community information meeting according to Section 12.3.4.6, Community Information Meeting.

D. Use Subject to Zoning Permit with Special Exception Review (“ZPSE”)

“ZPSE” in a table cell indicates that use is generally appropriate in the neighborhood context and zone district, yet may have the potential for limited impacts on adjacent properties or on the established character of the neighborhood context or zone district. “ZPSE” uses are subject to a Board of Adjustments public hearing according to Section 12.4.9, Zoning Permit with Special Exception Review, which grants the Board of Adjustment the authority to impose conditions on the specified use to mitigate any potential impacts. Such uses shall comply with any applicable use limitations noted in the last column of the use table (“Applicable Use Limitations”), as well as the review criteria stated in Section 12.4.9, Zoning Permit with Special Exception Review.

E. Uses Where More Than One Zoning Procedure Is Indicated

Where a table cell shows more than one zoning procedure applies to a use, for example “L-ZP/ZPIN”, the referenced use limitation (last table column) will indicate which zoning procedure applies in a specific case. For example, a table cell may indicate “L-ZPIN/ZPSE” for a use. This means that the ZPIN zoning procedure will apply, unless the applicable use limitation specifies the ZPSE zoning procedure is triggered (e.g., by proximity to a Protected District).

8.11.3.4 Enclosure of Uses

All primary, accessory and temporary uses must be established, operated and maintained within a completely enclosed structure, unless otherwise specifically allowed by this Code. The Use and Parking Tables in Articles 3-9 indicate when a use may be established, operated or maintained outside a completely enclosed structure by including an asterisk “*” next to the specific use type. For example, the asterisk following the “Telecommunication Tower*” use type in the tables indicates that a telecommunication tower land use need not be enclosed.

SECTION 9.1.5 USES AND REQUIRED MINIMUM PARKING

9.1.5.1 Applicability

- A. This Section 9.1.4 sets forth the land uses permitted, the required zoning procedure and the required minimum parking for all the Industrial Context zone districts.
- B. Uses not listed are prohibited, unless the Zoning Administrator specifically permits the unlisted use according to Section 12.4.6, Code Interpretations and Determination of Unlisted Uses.
- C. For number of primary and accessory uses allowed per Zone Lot, see Section 1.2.3.5, Number of Structures and Uses Allowed per Zone Lot.

9.1.5.2 Organization

A. Organized by Primary, Accessory and Temporary Uses

The Use and Parking Table first presents all primary uses, then all accessory uses, and finally all temporary uses. Primary uses are arranged hierarchically within the table by use classification, category of primary uses, and then by specific use type. Accessory uses are organized by whether such use is accessory to a primary residential use or to a primary nonresidential use. Temporary uses are presented alphabetically ordered in the last division of the table.

B. Primary Use Classifications, Categories & Specific Use Types

1. Primary Use Classifications

All primary land uses in the Use and Parking Table are organized into one of the following five general land use classifications:

- a. Residential Uses
- b. Civic, Public & Institutional Uses
- c. Commercial Sales, Service & Repair Uses
- d. Industrial, Manufacturing & Wholesale Uses
- e. Agriculture

2. Primary Use Categories & Specific Use Types

Primary uses are further organized into use categories and specific use types listed under each general primary land use classification. The Use and Parking Table is organized into the above five general land use classifications, use categories and specific use types.

3. Classifications & Categories Are Mutually Exclusive

The general land use classifications and use categories listed in the Use and Parking Table are intended to be mutually exclusive; that is, a use classified into one use category, such as “lodging accommodations,” cannot be classified in a different use category, such as “~~group living~~ congregate living,” unless otherwise expressly allowed by this Code.

9.1.5.3 Explanation of Table Abbreviations

A. General Explanation of Table Cell Entries

In each of the table cells, the entry will indicate first whether use limitations apply to the specific use, and then separated by a hyphen, the type of zoning review required prior to establishment of the use under this Code. For example, as described in more detail below, a cell entry “L-ZPIN” means, first, the use is subject to use standards and limitations (the “L”), and, second, that the use is subject to zoning permit review with information notice (the “ZPIN”) prior to its establishment.

B. Permitted, Limited, Not Permitted

1. Permitted Use - No Use Limitations Apply (“P”)

A “P” in a table cell indicates that the use is permitted in the respective zone district, and is not subject to use limitations.

2. Permitted Use - Subject to Use Limitations (“L”)

“L” in a table cell indicates the use is permitted in the zone district subject to compliance with the use limitations referenced in the last column of the use table (“Applicable Use Limitations”).

3. Uses Not Permitted (“NP”)

“NP” in a table cell indicates that the use is not permitted in the specific zone district.

4. Zoning Procedure Use Subject to Zoning Permit Review (“ZP”)

“ZP” in a table cell indicates that the use is permitted in the respective zone district only if reviewed and approved according to the requirements in Section 12.4.1, Zoning Permit Review.

5. Use Subject to Zoning Permit Review with Informational Notice (“ZPIN”)

“ZPIN” in a table cell indicates that the use is permitted in the respective zone district only if reviewed and approved according to the public notice and procedural requirements in Section 12.4.2, Zoning Permit Review with Informational Notice. Such uses shall comply with any applicable use limitations noted in the last column of the use table (“Applicable Use Limitations”), as well as the review criteria stated in Section 12.4.2, Zoning Permit Review with Informational Notice.

6. Use Subject to Zoning Permit Review with Community Information Meeting (“ZPCIM”)

“ZPCIM” in a table cell indicates that the use is permitted in the respective zone district only if reviewed and approved according to the public notice and procedural requirements in Section 12.4.1, Zoning Permit Review. Prior to formal application, an applicant shall schedule a community information meeting and provide public notice of the community information meeting according to Section 12.3.4.6, Community Information Meeting.

7. Use Subject to Zoning Permit with Special Exception Review (“ZPSE”)

“ZPSE” in a table cell indicates that use is generally appropriate in the neighborhood context and zone district, yet may have the potential for limited impacts on adjacent properties or on the established character of the neighborhood context or zone district. “ZPSE” uses are subject to a Board of Adjustments public hearing according to Section 12.4.9, Zoning Permit with Special Exception Review, which grants the Board of Adjustment the authority to impose conditions on the specified use to mitigate any potential impacts. Such uses shall comply with any applicable use limitations noted in the last column of the use table (“Applicable Use Limitations”), as well as the review criteria stated in Section 12.4.9, Zoning Permit with Special Exception Review.

8. Uses Where More Than One Zoning Procedure Is Indicated

Where a table cell shows more than one zoning procedure applies to a use, for example “L-ZP/ZPIN”, the referenced use limitation (last table column) will indicate which zoning procedure applies in a specific case. For example, a table cell may indicate “L-ZPIN/ZPSE” for a use. This means that the ZPIN zoning procedure will apply, unless the applicable use limitation specifies the ZPSE zoning procedure is triggered (e.g., by proximity to a Protected District).

9.1.5.4 Enclosure of Uses

All primary, accessory and temporary uses must be established, operated and maintained within a completely enclosed structure, unless otherwise specifically allowed by this Code. The Use and Parking Tables in Articles 3-9 indicate when a use may be established, operated or maintained out-

SECTION 9.2.8 USES AND REQUIRED MINIMUM PARKING

9.2.8.1 Applicability

- A. This Section 9.2.8 sets forth the land uses permitted, the required zoning procedures and the required minimum parking for all the Campus Context zone districts.
- B. Uses not listed are prohibited, unless the Zoning Administrator specifically permits the unlisted use according to Section 12.4.6, Code Interpretations and Determination of Unlisted Uses.
- C. For number of primary and accessory uses allowed per Zone Lot, see Section 1.2.3.5, Number of Structures and Uses Allowed per Zone Lot.

9.2.8.2 Organization

A. Organized by Primary, Accessory and Temporary Uses

The Use and Parking Table first presents all primary uses, then all accessory uses, and finally all temporary uses. Primary uses are arranged hierarchically within the table by use classification, category of primary uses, and then by specific use type. Accessory uses are organized by whether such use is accessory to a primary residential use or to a primary nonresidential use. Temporary uses are presented alphabetically ordered in the last division of the table.

B. Primary Use Classifications, Categories & Specific Use Types

1. Primary Use Classifications

All primary land uses in the Use and Parking Table are organized into one of the following five general land use classifications:

- a. Residential Uses
- b. Civic, Public & Institutional Uses
- c. Commercial Sales, Service & Repair Uses
- d. Industrial, Manufacturing & Wholesale Uses
- e. Agriculture

2. Primary Use Categories & Specific Use Types

Primary uses are further organized into use categories and specific use types listed under each general primary land use classification. The Use and Parking Table is organized into the above five general land use classifications, use categories and specific use types.

3. Classifications & Categories Are Mutually Exclusive

The general land use classifications and use categories listed in the Use and Parking Table are intended to be mutually exclusive; that is, a use classified into one use category, such as “lodging accommodations,” cannot be classified in a different use category, such as “~~group living~~ congregate living,” unless otherwise expressly allowed by this Code.

9.2.8.3 Explanation of Table Abbreviations

A. General Explanation of Table Cell Entries

In each of the table cells, the entry will indicate first whether use limitations apply to the specific use, and then separated by a hyphen, the type of zoning review required prior to establishment of the use under this Code. For example, as described in more detail below, a cell entry “L-ZPIN” means, first, the use is subject to use limitations (the “L”), and, second, that the use is subject to zoning permit review with information notice (the “ZPIN”) prior to its establishment.

B. Permitted, Limited, Not Permitted

1. Permitted Use - No Use Limitations Apply (“P”)

A “P” in a table cell indicates that the use is permitted in the respective zone district, and is not subject to use limitations.

2. Permitted Use - Subject to Use Limitations (“L”)

“L” in a table cell indicates the use is permitted in the zone district subject to compliance with the use limitations referenced in the last column of the use table (“Applicable Use Limitations”).

3. Uses Not Permitted (“NP”)

“NP” in a table cell indicates that the use is not permitted in the specific zone district.

C. Zoning Procedure

1. Use Subject to Zoning Permit Review (“ZP”)

“ZP” in a table cell indicates that the use is permitted in the respective zone district only if reviewed and approved according to the requirements in Section 12.4.1, Zoning Permit Review.

2. Use Subject to Zoning Permit Review with Informational Notice (“ZPIN”)

“ZPIN” in a table cell indicates that the use is permitted in the respective zone district only if reviewed and approved according to the public notice and procedural requirements in Section 12.4.2, Zoning Permit Review with Informational Notice. Such uses shall comply with any applicable use limitations noted in the last column of the use table (“Applicable Use Limitations”), as well as the review criteria stated in Section 12.4.2, Zoning Permit Review with Informational Notice.

3. Use Subject to Zoning Permit Review with Community Information Meeting (“ZPCIM”)

“ZPCIM” in a table cell indicates that the use is permitted in the respective zone district only if reviewed and approved according to the public notice and procedural requirements in Section 12.4.1, Zoning Permit Review. Prior to formal application, an applicant shall schedule a community information meeting and provide public notice of the community information meeting according to Section 12.3.4.6, Community Information Meeting.

4. Use Subject to Zoning Permit with Special Exception Review (“ZPSE”)

“ZPSE” in a table cell indicates that use is generally appropriate in the neighborhood context and zone district, yet may have the potential for limited impacts on adjacent properties or on the established character of the neighborhood context or zone district. “ZPSE” uses are subject to a Board of Adjustments public hearing according to Section 12.4.9, Zoning Permit with Special Exception Review, which grants the Board of Adjustment the authority to impose conditions on the specified use to mitigate any potential impacts. Such uses shall comply with any applicable use limitations noted in the last column of the use table (“Applicable Use Limitations”), as well as the review criteria stated in Section 12.4.9, Zoning Permit with Special Exception Review.

5. Uses Where More Than One Zoning Procedure Is Indicated

Where a table cell shows more than one zoning procedure applies to a use, for example “L-ZP/ZPIN”, the referenced use limitation (last table column) will indicate which zoning procedure applies in a specific case. For example, a table cell may indicate “L-ZPIN/ZPSE” for a use. This means that the ZPIN zoning procedure will apply, unless the applicable use limitation specifies the ZPSE zoning procedure is triggered (e.g., by proximity to a Protected District).

9.2.8.4 Enclosure of Uses

All primary, accessory and temporary uses must be established, operated and maintained within a completely enclosed structure, unless otherwise specifically allowed by this Code. The Use and Parking Tables in Articles 3-9 indicate when a use may be established, operated or maintained outside a completely enclosed structure by including an asterisk “*” next to the specific use type. B. Primary Use Classifications, Categories & Specific Use Types

1. Primary Use Classifications

All primary land uses in the Use and Parking Table are organized into one of the following five general land use classifications:

- a. Residential Uses
- b. Civic, Public & Institutional Uses
- c. Commercial Sales, Service & Repair Uses
- d. Industrial, Manufacturing & Wholesale Uses
- e. Agriculture

2. Primary Use Categories & Specific Use Types

Primary uses are further organized into use categories and specific use types listed under each general primary land use classification. The Use and Parking Table is organized into the above five general land use classifications, use categories and specific use types.

3. Classifications & Categories Are Mutually Exclusive

The general land use classifications and use categories listed in the Use and Parking Table are intended to be mutually exclusive; that is, a use classified into one use category, such as “lodging accommodations,” cannot be classified in a different use category, such as “~~group living~~congregate living,” unless otherwise expressly allowed by this Code.

9.3.4.3 Explanation of Table Abbreviations

A. General Explanation of Table Cell Entries

In each of the table cells, the entry will indicate first whether use limitations apply to the specific use, and then separated by a hyphen, the type of zoning review required prior to establishment of the use under this Code. For example, as described in more detail below, a cell entry “L-ZPIN” means, first, the use is subject to use limitations (the “L”), and, second, that the use is subject to zoning permit review with information notice (the “ZPIN”) prior to its establishment.

B. Permitted, Limited, Not Permitted

1. Permitted Use - No Use Limitations Apply (“P”)

A “P” in a table cell indicates that the use is permitted in the respective zone district, and is not subject to use limitations.

2. Permitted Use - Subject to Use Limitations (“L”)

“L” in a table cell indicates the use is permitted in the zone district subject to compliance with the use limitations referenced in the last column of the use table (“Applicable Use Limitations”).

3. Uses Not Permitted (“NP”)

“NP” in a table cell indicates that the use is not permitted in the specific zone district.

C. Zoning Procedure

1. Use Subject to Zoning Permit Review (“ZP”)

“ZP” in a table cell indicates that the use is permitted in the respective zone district only if reviewed and approved according to the requirements in Section 12.4.1, Zoning Permit Review.

2. Use Subject to Zoning Permit Review with Informational Notice (“ZPIN”)

“ZPIN” in a table cell indicates that the use is permitted in the respective zone district only if reviewed and approved according to the public notice and procedural requirements in Section 12.4.2, Zoning Permit Review with Informational Notice. Such uses shall comply with any applicable use limitations noted in the last column of the use table (“Ap-

plicable Use Limitations”), as well as the review criteria stated in Section 12.4.2, Zoning Permit Review with Informational Notice.

3. Use Subject to Zoning Permit Review with Community Information Meeting (“ZPCIM”)

“ZPCIM” in a table cell indicates that the use is permitted in the respective zone district only if reviewed and approved according to the public notice and procedural requirements in Section 12.4.1, Zoning Permit Review. Prior to formal application, an applicant shall schedule a community information meeting and provide public notice of the community information meeting according to Section 12.3.4.6, Community Information Meeting.

4. Use Subject to Zoning Permit with Special Exception Review (“ZPSE”)

“ZPSE” in a table cell indicates that use is generally appropriate in the neighborhood context and zone district, yet may have the potential for limited impacts on adjacent properties or on the established character of the neighborhood context or zone district. “ZPSE” uses are subject to a Board of Adjustments public hearing according to Section 12.4.9, Zoning Permit with Special Exception Review, which grants the Board of Adjustment the authority to impose conditions on the specified use to mitigate any potential impacts. Such uses shall comply with any applicable use limitations noted in the last column of the use table (“Applicable Use Limitations”), as well as the review criteria stated in Section 12.4.9, Zoning Permit with Special Exception Review.

5. Uses Where More Than One Zoning Procedure Is Indicated

Where a table cell shows more than one zoning procedure applies to a use, for example “L-ZP/ZPIN”, the referenced use limitation (last table column) will indicate which zoning procedure applies in a specific case. For example, a table cell may indicate “L-ZPIN/ZPSE” for a use. This means that the ZPIN zoning procedure will apply, unless the applicable use limitation specifies the ZPSE zoning procedure is triggered (e.g., by proximity to a Protected District).

9.3.4.4 Enclosure of Uses

All primary, accessory and temporary uses must be established, operated and maintained within a completely enclosed structure, unless otherwise specifically allowed by this Code. The Use and Parking Tables in Articles 3-9 indicate when a use may be established, operated or maintained outside a completely enclosed structure by including an asterisk “*” next to the specific use type. For example, the asterisk following the “Telecommunication Tower*” use type in the tables indicates that a telecommunication tower land use need not be enclosed.

DIVISION 9.5 DENVER INTERNATIONAL AIRPORT ZONE DISTRICTS AND O-1 ZONE DISTRICT

SECTION 9.5.1 DISTRICTS ESTABLISHED

To carry out the provisions of this Code, the following zone districts have been established and are applied to property as set forth on the Official Map.

DIA	Denver International Airport Zone
AIO	DIA Influence Area Overlay Zone
O-1	O-1 Zone District

9.5.1.1 Purpose

The following paragraphs explain the general purpose and intent of the individual zone districts.

A. Denver International Airport Zone (DIA)

The Denver International Airport (DIA) encompasses 53 square miles of land. This large land area is designed to limit the impacts of airport activity on the airport's neighbors and provides room for the airport to expand and grow. The enormous potential of DIA to serve a prominent role in the global aviation system is due primarily to the airport's room to grow. With this ability to grow in a city that is otherwise landlocked, development within the DIA zone district provides a path to markets around the world and providing a stimulus for economic growth in the region. Accordingly, the intent of the DIA zone district is to:

1. Ensure public safety and security.
2. Reduce exposure of residential and other sensitive land uses to airport operations.
3. Minimize noise impacts of the airport on residential or sensitive land uses in the DIA Influence Area
4. Maintain consistency with DIA's vision, mission and goals
5. Maintain consistent and coordinated development patterns that match City and regional development plans
6. Minimize impacts to airport operations
7. Optimize airport operational efficiency and flexibility
8. Allow the airport to respond to the changing needs of a dynamic aviation industry
9. Continue to support DIA's role as the key economic engine for the region and the state
10. Reserve and maintain land uses on and near the airport to permit logical, phased development that is both flexible and responsive to airport and public needs

B. DIA Influence Area Overlay Zone (-AIO)

The Denver International Airport is the largest airport in North America. This large land area is designed to limit the impacts of airport activity on the airport's neighbors and provides room for the airport to expand and grow. However, even at its extensive size, the influence of the airport extends beyond the property owned as part of the airport itself (see the Denver International Airport zone district). Accordingly, the intent of the DIA Influence Area Overlay Zone is to:

1. Reduce exposure of residential and other sensitive land uses to airport operations.
2. Minimize noise impacts of the airport on residential or sensitive land uses in the DIA Influence Area.

9.5.3.2 Effective Date of Overlay District Standards

The standards and limitations applicable in the DIA Influence Area Overlay Zone District shall apply only to properties rezoned according to this Code after June 25, 2010.

9.5.3.3 Land Use Restrictions

- A. Single unit and two unit dwellings are not permitted in the DIA Influence Area Overlay Zone District.
- B. Multi-unit dwellings, live/work dwellings, all uses categorized as group living congregate living and residential care uses in this Code, hospitals, bed and breakfasts, and all educational uses that include residential accommodations are not permitted in the DIA Influence Area Overlay Zone District north of 64th Avenue.
- C. Surface parking of vehicles is not permitted as a primary use of land in the DIA Influence Area Overlay Zone District. Garage parking is permitted.

9.5.3.4 Easement and Right-of-Way Required

On or before the date of approval of an official map amendment or approval of a site development plan for development in the DIA Influence Area Overlay Zone District, the property owner shall be required to grant an avigation easement and right-of-way to DIA for passage of aircraft in a form established by DIA and recorded in the Office of the Denver Clerk and Recorder.

9.5.3.5 Airport Disclosure Notice

See D.R.M.C. Chapter 5, Article IV, for disclosure notice requirements for residential dwelling units.

9.5.3.6 Noise Level Reduction Measures

See the Building Code of the City and County of Denver for noise mitigation construction requirements for multi-unit dwellings and schools.

B. O-1 Zone District

1. This Section 9.5.5 sets forth the land uses permitted, the required zoning procedure and the required minimum parking for the O-1 zone district.
2. Uses not listed are prohibited, unless the Zoning Administrator specifically permits the unlisted use according to Section 12.4.6, Code Interpretations and Determination of Unlisted Uses.
3. For number of primary and accessory uses allowed per Zone Lot, see Section 1.2.3.5, Number of Structures and Uses Allowed per Zone Lot.

9.5.5.2 Organization

A. Organized by Primary, Accessory and Temporary Uses

The Use and Parking Table first presents all primary uses, then all accessory uses, and finally all temporary uses. Primary uses are arranged hierarchically within the table by use classification, category of primary uses, and then by specific use type. Accessory uses are organized by whether such use is accessory to a primary residential use or to a primary nonresidential use. Temporary uses are presented alphabetically ordered in the last division of the table.

B. Primary Use Classifications, Categories & Specific Use Types

1. Primary Use Classifications

All primary land uses in the Use and Parking Table are organized into one of the following five general land use classifications:

- a. Residential Uses
- b. Civic, Public & Institutional Uses
- c. Commercial Sales, Service & Repair Uses
- d. Industrial, Manufacturing & Wholesale Uses
- e. Agriculture

2. Primary Use Categories & Specific Use Types

Primary uses are further organized into use categories and specific use types listed under each general primary land use classification. The Use and Parking Table is organized into the above five general land use classifications, use categories and specific use types.

3. Classifications & Categories Are Mutually Exclusive

The general land use classifications and use categories listed in the Use and Parking Table are intended to be mutually exclusive; that is, a use classified into one use category, such as “lodging accommodations,” cannot be classified in a different use category, such as “~~group living~~ congregate living,” unless otherwise expressly allowed by this Code.

9.5.5.3 Explanation of Table Abbreviations

A. General Explanation of Table Cell Entries

In each of the table cells, the entry will indicate first whether use limitations apply to the specific use, and then separated by a hyphen, the type of zoning review required prior to establishment of the use under this Code. For example, as described in more detail below, a cell entry “L-ZPIN” means, first, the use is subject to use limitations (the “L”), and, second, that the use is subject to zoning permit review with information notice (the “ZPIN”) prior to its establishment.

B. Permitted, Limited, Not Permitted

1. Permitted Use - No Use Limitations Apply (“P”)

A “P” in a table cell indicates that the use is permitted in the respective zone district, and is not subject to use limitations.

2. Permitted Use - Subject to Use Limitations (“L”)

“L” in a table cell indicates the use is permitted in the zone district subject to compliance with the use limitations referenced in the last column of the use table (“Applicable Use Limitations”).

3. Uses Not Permitted (“NP”)

“NP” in a table cell indicates that the use is not permitted in the specific zone district.

C. Zoning Procedure

1. Use Subject to Zoning Permit Review (“ZP”)

“ZP” in a table cell indicates that the use is permitted in the respective zone district only if reviewed and approved according to the requirements in Section 12.4.1, Zoning Permit Review.

2. Use Subject to Zoning Permit Review with Informational Notice (“ZPIN”)

“ZPIN” in a table cell indicates that the use is permitted in the respective zone district only if reviewed and approved according to the public notice and procedural requirements in Section 12.4.2, Zoning Permit Review with Informational Notice. Such uses shall comply with any applicable use limitations noted in the last column of the use table (“Applicable Use Limitations”), as well as the review criteria stated in Section 12.4.2, Zoning Permit Review with Informational Notice.

3. Use Subject to Zoning Permit Review with Community Information Meeting (“ZPCIM”)

“ZPCIM” in a table cell indicates that the use is permitted in the respective zone district only if reviewed and approved according to the public notice and procedural requirements in Section 12.4.1, Zoning Permit Review. Prior to formal application, an applicant shall schedule a community information meeting and provide public notice of the community information meeting according to Section 12.3.4.6, Community Information Meeting.

4. Use Subject to Zoning Permit with Special Exception Review (“ZPSE”)

“ZPSE” in a table cell indicates that use is generally appropriate in the neighborhood context and zone district, yet may have the potential for limited impacts on adjacent properties or on the established character of the neighborhood context or zone district. “ZPSE” uses are subject to a Board of Adjustments public hearing according to Section 12.4.9, Zoning Permit with Special Exception Review, which grants the Board of Adjustment the authority to impose conditions on the specified use to mitigate any potential impacts. Such uses shall comply with any applicable use limitations noted in the last column of the use table (“Applicable Use Limitations”), as well as the review criteria stated in Section 12.4.9, Zoning Permit with Special Exception Review.

5. Uses Where More Than One Zoning Procedure Is Indicated

Where a table cell shows more than one zoning procedure applies to a use, for example “L-ZP/ZPIN”, the referenced use limitation (last table column) will indicate which zoning procedure applies in a specific case. For example, a table cell may indicate “L-ZPIN/ZPSE” for a use. This means that the ZPIN zoning procedure will apply, unless the applicable use limitation specifies the ZPSE zoning procedure is triggered (e.g., by proximity to a Protected District).

9.5.5.4 Enclosure of Uses

All primary, accessory and temporary uses must be established, operated and maintained within a completely enclosed structure, unless otherwise specifically allowed by this Code. The Use and Parking Tables in Articles 3-9 indicate when a use may be established, operated or maintained outside a completely enclosed structure by including an asterisk “*” next to the specific use type. For

example, the asterisk following the “Telecommunication Tower*” use type in the tables indicates that a telecommunication tower land use need not be enclosed.

See Section 9.7.9 Uses and Parking

SECTION 9.7.9 USES AND REQUIRED MINIMUM PARKING

9.7.9.1 Applicability

- A. This Section 9.7.9 sets forth the land uses permitted, the required zoning procedure and the required minimum parking for all the Master Planned Context zone district.
- B. Uses not listed are prohibited, unless the Zoning Administrator specifically permits the unlisted use according to Section 12.4.6, Code Interpretations and Determination of Unlisted Uses.
- C. For number of primary and accessory uses allowed per Zone Lot, see Section 1.2.3.5, Number of Structures and Uses Allowed per Zone Lot.

9.7.9.2 Organization

A. Organized by Primary, Accessory and Temporary Uses

The Use and Parking Table first presents all primary uses, then all accessory uses, and finally all temporary uses. Primary uses are arranged hierarchically within the table by use classification, category of primary uses, and then by specific use type. Accessory uses are organized by whether such use is accessory to a primary residential use or to a primary nonresidential use. Temporary uses are presented alphabetically ordered in the last division of the table.

B. Primary Use Classifications, Categories & Specific Use Types

1. Primary Use Classifications

All primary land uses in the Use and Parking Table are organized into one of the following five general land use classifications:

- a. Residential Uses
- b. Civic, Public & Institutional Uses
- c. Commercial Sales, Service & Repair Uses
- d. Industrial, Manufacturing & Wholesale Uses
- e. Agriculture

2. Primary Use Categories & Specific Use Types

Primary uses are further organized into use categories and specific use types listed under each general primary land use classification. The Use and Parking Table is organized into the above five general land use classifications, use categories and specific use types.

3. Classifications & Categories Are Mutually Exclusive

The general land use classifications and use categories listed in the Use and Parking Table are intended to be mutually exclusive; that is, a use classified into one use category, such as “lodging accommodations,” cannot be classified in a different use category, such as “~~group living~~congregate living,” unless otherwise expressly allowed by this Code.

9.7.9.3 Explanation of Table Abbreviations

A. General Explanation of Table Cell Entries

In each of the table cells, the entry will indicate first whether use limitations apply to the specific use, and then separated by a hyphen, the type of zoning review required prior to establishment of the use under this Code. For example, as described in more detail below, a cell entry “L-ZPIN” means, first, the use is subject to use limitations (the “L”), and, second, that the use is subject to zoning permit review with information notice (the “ZPIN”) prior to its establishment.

B. Permitted, Limited, Not Permitted

1. Permitted Use - No Use Limitations Apply (“P”)

A “P” in a table cell indicates that the use is permitted in the respective zone district, and is not subject to use limitations.

2. Permitted Use - Subject to Use Limitations (“L”)

“L” in a table cell indicates the use is permitted in the zone district subject to compliance with the use limitations referenced in the last column of the use table (“Applicable Use Limitations”).

3. Uses Not Permitted (“NP”)

“NP” in a table cell indicates that the use is not permitted in the specific zone district.

C. Zoning Procedure

1. Use Subject to Zoning Permit Review (“ZP”)

“ZP” in a table cell indicates that the use is permitted in the respective zone district only if reviewed and approved according to the requirements in Section 12.4.1, Zoning Permit Review.

2. Use Subject to Zoning Permit Review with Informational Notice (“ZPIN”)

“ZPIN” in a table cell indicates that the use is permitted in the respective zone district only if reviewed and approved according to the public notice and procedural requirements in Section 12.4.2, Zoning Permit Review with Informational Notice. Such uses shall comply with any applicable use limitations noted in the last column of the use table (“Applicable Use Limitations”), as well as the review criteria stated in Section 12.4.2, Zoning Permit Review with Informational Notice.

3. Use Subject to Zoning Permit Review with Community Information Meeting (“ZP-CIM”)

“ZPCIM” in a table cell indicates that the use is permitted in the respective zone district only if reviewed and approved according to the public notice and procedural requirements in Section 12.4.1, Zoning Permit Review. Prior to formal application, an applicant shall schedule a community information meeting and provide public notice of the community information meeting according to Section 12.3.4.6., Community Information Meeting.

4. Use Subject to Zoning Permit with Special Exception Review (“ZPSE”)

“ZPSE” in a table cell indicates that use is generally appropriate in the neighborhood context and zone district, yet may have the potential for limited impacts on adjacent properties or on the established character of the neighborhood context or zone district. “ZPSE” uses are subject to a Board of Adjustments public hearing according to Section 12.4.9, Zoning Permit with Special Exception Review, which grants the Board of Adjustment the authority to impose conditions on the specified use to mitigate any potential impacts. Such uses shall comply with any applicable use limitations noted in the last column of the use table (“Applicable Use Limitations”), as well as the review criteria stated in Section 12.4.9, Zoning Permit with Special Exception Review.

5. Uses Where More Than One Zoning Procedure Is Indicated

Where a table cell shows more than one zoning procedure applies to a use, for example “L-ZP/ZPIN”, the referenced use limitation (last table column) will indicate which zoning procedure applies in a specific case. For example, a table cell may indicate “L-ZPIN/ZPSE” for a use. This means that the ZPIN zoning procedure will apply, unless the applicable use limitation specifies the ZPSE zoning procedure is triggered (e.g., by proximity to a Protected District).

9.7.9.4 Enclosure of Uses

All primary, accessory and temporary uses must be established, operated and maintained within a completely enclosed structure, unless otherwise specifically allowed by this Code. The Use and Parking Tables in Articles 3-9 indicate when a use may be established, operated or maintained outside a completely enclosed structure by including an asterisk “*” next to the specific use type. For example, the asterisk following the “Telecommunication Tower*” use type in the tables indicates that a telecommunication tower land use need not be enclosed.

3. Vehicle queuing spaces serving permitted fuel pumps where the spaces meet the dimensional standards for a 0° parking space as required in Section 10.4.6, may count toward the minimum required number of vehicle parking spaces.

B. Gross Floor Area for Purposes of Calculating Parking Amounts

For the purposes of complying with minimum and maximum parking requirements, gross floor area shall mean the sum of the gross horizontal areas of all of the floors of a building, including interior balconies and mezzanines, but excluding exterior balconies. All horizontal dimensions of each floor are to be measured by the exterior faces of walls of each such floor. The floor area of a building shall include the floor area of accessory buildings on the same zone lot, measured the same way. In computing gross floor area, the following shall be excluded:

1. Any floor area devoted to mechanical equipment serving the building, provided that the floor area of such use occupies not less than 75 percent of the floor area of the story in which such mechanical equipment is located;
2. Any floor area used exclusively as parking space for vehicles or bicycles; and
3. Any floor area that serves as a pedestrian mall or public access way to shops and stores.

C. "Unit" for Purposes of Calculating Parking Amounts

For the purposes of complying with minimum and maximum parking requirements, the term "unit" shall mean, as applicable, either:

1. A dwelling unit in a household living use, as "dwelling unit" is defined in Article 11, Use Limitations and Definitions; or
2. A habitable room, which may or may not contain kitchen or bathing facilities, intended for occupancy by a resident or guest in a group living Residential Care or Congregate Living use.

D. Guest Parking in Districts with Maximum Vehicle Parking Standards

1. Intent

To allow flexibility for a limited amount of guest parking in zone districts with maximum vehicle parking standards.

2. Applicability

This Section 10.4.4.2.D applies to all residential primary uses in zone districts where maximum vehicle parking standards apply.

3. Standards

- a. On a zone lot containing at least 3 and no more than 19 dwelling units, one additional vehicle parking space may be provided for guest parking.
- b. On a zone lot containing 20 or more dwelling units, one additional vehicle parking space may be provided for guest parking for every 20 dwelling units. For example, a 42-unit development may provide two additional parking spaces for guest parking.
- c. Except when shared parking is being provided on a separate zone lot according to Section 10.4.5.4, Shared Vehicle Parking, all guest parking must be located on the same zone lot as the residential primary use for which it is being provided.

10.4.4.3 Accessible Vehicle Parking

All primary uses subject to this Division 10.4 shall provide accessible parking for disabled persons that complies with the Denver Building and Fire Code and with the Americans with Disabilities Act (ADA) standards, provided, however, that the amount of accessible parking provided for multi-unit dwelling uses shall be no less than one (1) space for each dwelling unit constructed for occupancy by a disabled person.

D. Preservation of Existing Trees

If, in order to comply with standards in this Article 10 for the landscaping of parking areas and with this Division 10.4. Parking and Loading, it would be necessary to remove mature, existing trees, the Zoning Administrator may allow reasonable reductions in either (1) the size of required landscaped areas (for the purpose of accommodating the required parking), or (2) the number of required parking spaces. Requests for this exception from the minimum parking requirements shall be reviewed according to Section 12.4.5, Administrative Adjustment.

10.4.5.2 Alternative Minimum Vehicle Parking Ratios

The following uses are allowed alternative minimum vehicle parking ratios instead of the minimum parking ratios otherwise required by this Code, but only to the extent specified in Section 10.4.5.2.

A. General Provisions Applicable to All Alternative Minimum Vehicle Parking Ratios

1. Alternative Minimum Vehicle Parking Ratios Not Applicable to Accessible Parking

The number of required accessible parking spaces shall be calculated based on the minimum number of vehicle parking spaces required for the subject land use in the applicable Use and Parking Table before application of an eligible alternative minimum vehicle parking ratio. The number of required accessible parking spaces shall not be calculated based on alternative minimum vehicle parking ratios.

2. No Combination with Reductions

A vehicle parking reduction permitted in accordance with Section 10.4.5.3 shall not be taken in combination with use of an alternative minimum vehicle parking ratio provided in Section 10.4.5.2.

- For example: A Zone Lot in a Main Street zone district includes 100 affordable housing units and office Primary Uses. The affordable housing use applies the alternative minimum vehicle parking ratio of 0.25 vehicle parking spaces per unit for a parking requirement of 25 required vehicle parking spaces. The vehicle parking requirement for the office Primary Use may be reduced in accordance with the vehicle parking reductions provided in Section 10.4.5.3, but the alternative minimum vehicle parking requirement for the affordable housing units may not be reduced further.

B. Alternative Minimum Vehicle Parking Ratios Allowed

The Zoning Administrator shall allow an applicant to apply an alternative minimum vehicle parking ratio upon finding that the additional requirements ~~and special review process~~ stated in the following table have been met:

TYPE OF ALTERNATIVE	APPLICABLE ZONE DISTRICTS	APPLICABLE USE	ADDITIONAL REQUIREMENTS	ALTERNATIVE ALLOWED	SPECIAL REVIEW PROCESS
Affordable Housing	All Main Street Zone Districts	Primary Residential Uses	Housing that is affordable for persons with 40 percent area median income and below	Alternative minimum vehicle parking ratio of 0.25 vehicle parking spaces per unit	n/a

Senior Housing Household Living Primary Uses	All Main Street Zone Districts	Residence for Older Adults Primary Use Household Living Primary Use	Household meets the definition under Section 11.12.2.1.B.3.a.v.	Alternative minimum vehicle parking ratio of 0.25 vehicle parking spaces per unit	n/a
Other Housing	All Main Street Zone Districts	Primary Residential Uses	Other special needs housing with similar reduced parking demands, as approved by the Zoning Administrator	Alternative minimum vehicle parking ratio of 0.25 vehicle parking spaces per unit	n/a

10.4.5.3 Vehicle Parking Reductions

A. General Provisions Applicable to All Vehicle Parking Reduction Allowances

1. Calculation

In determining the total number of required vehicle parking spaces that may be reduced through any one or combination of this Section's permitted reductions, calculations shall be based on the minimum number of required vehicle parking spaces using the ratio contained in the applicable Use and Parking Table, and not based on an alternative minimum vehicle parking ratio pursuant to Section 10.4.5.2.

2. Reductions Not Applicable to Accessible Parking

The number of required accessible parking spaces shall not be reduced, and the number of required accessible parking spaces shall be calculated based on the minimum number of vehicle parking spaces required not including any reduction.

3. No Combination with Alternative Minimum Vehicle Parking Ratios

A vehicle parking reduction permitted in accordance with Section 10.4.5.3 shall not be taken in combination with use of an alternative minimum vehicle parking ratio provided in Section 10.4.5.2.

- a. For example: A Zone Lot in a Main Street zone district includes 100 affordable housing units and office Primary Uses. The affordable housing use applies the alternative minimum vehicle parking ratio of 0.25 vehicle parking spaces per unit for a parking requirement of 25 required vehicle parking spaces. The vehicle parking requirement for the office Primary Use may be reduced in accordance with the vehicle parking reductions provided in Section 10.4.5.3, but the alternative minimum vehicle parking requirement for the affordable housing units may not be reduced further.

4. Maximum Reduction Allowed

- a. The total number of vehicle parking spaces required on a zone lot shall not be reduced by more than 50% under any one or combination of this subsection's permitted reductions, with the following exceptions:
 - i. Vehicle parking reductions for small lots in the C-CCN zone districts provided in Section 10.4.5.3.C.

- i. No more than two required loading spaces may be located on the public right-of-way;
- ii. The spaces shall not create any adverse impacts on traffic or pedestrian movement;
- iii. Public Works must approve the loading space(s); and
- iv. At least one of the following shall be provided on the subject property zone lot:

 - b) Two loading spaces that are each 10 feet wide and 20 feet long.

10.4.8.4 Maintenance

All off-street loading space shall be maintained in compliance with the regulations for the maintenance of off-street parking space according to Section 10.4.7, Use and Maintenance of Parking Areas.

SECTION 10.4.9 PARKING CATEGORIES

10.4.9.1 Vehicle Parking Categories

A. Purpose

B. Unclassified Uses

If for any reason the parking category of any primary use cannot be determined for the purpose of establishing the number of required vehicle parking spaces, the parking category of such use shall be determined by the Zoning Administrator according to Section 12.4.6, Code Interpretations and Determination of Unlisted Uses.
