
Waste Management of Colorado, Inc. 201842725-02

Waste Management of Colorado, Inc. is under contract to provide trash collection services throughout the City at various city facilities, excluding Denver International Airport. City facilities included under the contract consist of buildings within General Services, Wastewater, Sheriff Department, Denver Public Library, and Parks & Recreation Maintenance and Mountain Parks Divisions. One-time service requests can also be requested by the city. The second amendment will extend the contract end date from July 31, 2021 to July 31, 2022 and update the expiration date of the CARES Act of 2020 funds language. In 2020, the CARES Act of 2020 Funds language was set to expire on December 30, 2020, this amendment will extend the expiration date to December 31, 2021. Some services under this contract have already been paid for through the initial CARES grant funding the city received; services are paid through a 75% FEMA/25% CARES split. All other terms and conditions will remain the same.
