### 5. General description or background of proposed request. Attach executive summary if more space needed:

Jacobs Engineering Group, Inc. (Jacobs), was selected through a competitive RFP process to provide on-call airside and landside engineering services at Denver International Airport (DEN). The scope of work for each task will be defined on an individual basis and may include studies, designs, contract documents, bidding services, construction administration, testing and reporting, scheduling and cost estimating, surveying, or other airside and landside engineering services. Projects may include the rehabilitation of airfield concrete pavements and asphalt pavements, airfield electrical and lighting systems rehabilitation, improvement of the drainage within a project area, demolition, earthwork, utility construction, relocation, and rehabilitation, and the development of construction safety and phasing plans, all in accordance with FAA standards. Landside projects may include civil design, roadway, highway, and freeway design, hydraulic and stormwater design, traffic studies, electrical design, work zone traffic control design, preparation of cost estimates, preparation of specifications, field survey, project scoping, and pavement evaluation.

6. **City Attorney assigned to this request (if applicable):** Ema Medić

7. **City Council District:** District 11

8. **\*\*For all contracts, fill out and submit accompanying Key Contract Terms worksheet\*\***
