Type and Scope of services to be performed:

EXECUTIVE SUMMARY

This contract with Mile High United Way (MHUW) began in 2019 with \$205,000 for the administration and delivery of the city's BIO Fund (Business Impact Opportunity Fund), which was a unique program designed to serve some of Denver's smallest and most vulnerable locally owned firms in areas impacted/disrupted by development. When the COVID-19 crisis began to affect small businesses and their employees, this contract was amended in March 2020 with the addition of \$2,000,000 in city special revenue funds as the city folded the existing BIO Fund into its Small Business Emergency Relief Program.

With significant demand and accelerated application review and contracting systems in place, DEDO is actively providing grant assistance up to a maximum of \$7,500 to eligible Denver businesses experiencing economic impacts resulting from COVID-19. MHUW is consulting with and providing technical assistance to DEDO staff reviewing the program applications, and is conducting the financial review and analysis of standard accounting documentation used to determine applicants' revenue decline and financial impacts.

Upon approval, DEDO anticipates to immediately encumber \$1,500,000 of available General Fund dollars, and anticipates up to an additional \$2,000,000 of Federal funds as they become available. The additional \$3,500,000 of this amendment will bring the total maximum contract liability up to \$5,705,000. MHUW will receive up to 10% of the amended \$3,500,000 for administrative and technical assistance work.
