Contract Control Number: TECHS- 202263882

Vendor/Contractor Name (including any "DBA"): Slalom, LLC.

Type and Scope of services to be performed:

Slalom, LLC. will provide the City with on-call professional services related to business intelligence and information and communication technology. This purpose of this contract and Technology Services partnership with Slalom is to help eliminate silos, optimize City operations, and address some of the biggest challenges the City faces, including rationalized use of enterprise technology systems, data collection and availability.

In order to maximize the City's previous investments in partnership with Slalom, Technology Services is requesting to exceed a three-year term. The City has invested time and effort into the relationship with the vendor and their knowledge of our specific Salesforce implementation. Technology Services is currently in the early phases of defining several major initiatives for the platform and will require professional services provided by Slalom to implement these projects. Examples of these initiatives are HOST's program and case management, DOMPD case management, DOTI Volume Based Pricing and Solid Waste Management case management and customer portal systems.

The Contractor shall provide professional services to assist in the planning, development, operation and execution of technology and data projects. This includes: technology development and deployment, data analysis, and strategic development and planning that focus on sustainability, mobility, access, resilience, and transparency.
