**Vendor/Contractor Name (including any "DBA"):** Allstream Business US, LLC

**Type and Scope of services to be performed:**

The existing contract with Allstream Business US, LLC (Allstream) has allowed the Business Technologies Division at Denver International Airport (DEN) to procure voice services. Allstream is a managed services company that specializes in the life cycle management of DEN's Mitel voice platform and related voice devices. Allstream provides 24 x 7 management of DEN's voice services. Their team is made up of Subject Matter Experts who work to resolve technical issues for both Hardware and Software for this platform. This includes monitoring, equipment failure, after-hours call support, upgrades, security patching, voice deployments, etc.

This contract includes a provision for a 2-year extension of Allstream's Managed Services. If DEN commits to the 2-year extension, with no reduction in services, Allstream has agreed to discount the monthly network MRR over the next 36 months for a total savings of \$197,908.56. Services procured under this contract are paid for out of the Business Technologies operation and maintenance budget. This amendment is requested to provide continuity of voice services under the current contract utilizing the term extensions as allowed for in the original contract and add dollars to the maximum contract liability for these two additional years.
