**Executive Summary with Rationale and Impact:**

*Detailed description of the item and why we are doing it. This can be a separate attachment.*

The proposed ordinance supports the objective of providing an interim financing vehicle for DEN by allowing the Manager of Finance to enter into a Revolving Credit Agreement with US Bank, who was selected via a competitive process, for the purpose of establishing a revolving loan to fund up to, at any given time, \$150 million of interim capital improvements, identified in the Airport's 2018-2022 Capital Improvement Plan. The revolving loan will be issued as subordinate contract obligation with a term not to exceed three years. Under the revolving loan structure, note terms, interest rates and tax status will be determined at the time of drawing funds.
