Contract Control Number: PO-00058542

Vendor/Contractor Name (including any "DBA"): Public Service Company of Colorado
d/b/a Xcel Energy

Type and Scope of services to be performed:

Approves a purchase order with Public Service Company of Colorado d/b/a Xcel Energy for the relocation of an electric transmission line residing in an Xcel easement in the general location of Steele St and E 39th Avenue for the 39th Avenue Greenway project. This easement in the general location of 39th Ave and Steele Street is the Market Leed Utility Easement and is owned by Burlington North Santa Fe Railroad and granted to Xcel in perpetuity.

The costs for a relocation of an electric transmission line is included in the City's Franchise Agreement if they are in the right of way or on City property. However, this relocation is located in a perpetual utility easement owned by BNSF and therefore the City is required to pay for the relocation. This relocation was anticipated as part of the 39th Avenue Greenway project and was included as part of the project budget.
