Contract Control Number: 2015-25566-02

Vendor/Contractor Name (including any "DBA"): Colorado Nonprofit Development Center

Type and Scope of services to be performed:

This resolution will authorize an amendment with Colorado Nonprofit Development Center through contract number 2015-25566-02 to add \$222,804 to their current contract. The contract extension through 12/31/2017 will allow time for a new RFP for these services. The contractor and its staff provide critical services for inmates and recently released persons from the county jail. Offenders have a history of repeated violations at the City level (Ordinance) and are sentenced to jail and/or County Misdemeanor level offenses. This effort is part of Denver's implementation of an evidence-based reentry process: The Transition from Jail to Community (TJC) model of the National Institute of Corrections/Urban Institute. The model calls for a comprehensive reentry process including but not limited to client assessment, transition and case planning, targeted services and evaluation. Reentry work in Denver is a collaborative process between the Denver County Jail management, its reentry staff and community based providers; largely those of the Community Reentry Project. This model is designed to target medium to high risk to reoffend inmates upon entrance into jail and provide services to them through transition into the community with the goal of reducing recidivism.
