Executive Summary with Rationale and Impact:

Detailed description of the item and why we are doing it. This can be a separate attachment.

In keeping with Blueprint Denver goals of encouraging the rezoning of Former Chapter 59 properties into the Denver Zoning Code, the proposed DRMC amendment removes a barrier to rezoning for property owners in Former Chapter 59 PUDs who rezone into the Denver Zoning Code. Under the current code, to submit an application to rezone a portion of a Former Chapter 59 PUD, consent from all the property owners within the entire PUD is required to submit an application. In the proposed requirement, consent from only those property owners within the portion being rezoned to a district in the Denver Zoning Code is required to submit an application. This will make the rezoning application ownership requirement for Former Chapter 59 PUDs consistent with all other rezoning application ownership requirements when rezoning under the Denver Zoning Code.
