EXECUTIVE SUMMARY

Gorman & Co. has secured a 99-year land lease with the Laradon Hall Society for Exceptional Children and Adults, on which they are currently constructing phase one of Laradon Homes (The Elisabetta), and are now proposing to build the second and final phase (The Stella). The Elisabetta was a 91-unit, HOME-funded project comprised of 50 one-bedrooms, 36 two-bedrooms, and 5 three-bedrooms, with 11 units at 30% AMI, another 11 at 50% AMI, 68 at 60% AMI, and one manager 2-bedroom.

The Stella consists of 132 units, 16 of which serve permanent supportive housing (PSH) tenancy with vouchers and are set-aside for households earning 30% AMI; 97 are restricted for 60% AMI, and 18 restricted for 80% AMI. All units will be restricted for 60 years. This configuration of units makes the project eligible for a cash flow loan.

Multiple bedrooms are a strong benefit of this project. The newly-designed building will contain 15 one-bedroom units, 62 two-bedroom units, 49 three-bedroom units, and 6 four-bedroom

units. As such, the project uniquely supports the needs of larger families in the Globeville neighborhood.

We are proposing a \$3,500,000 cash flow loan, with 1% simple interest, which is \$26,515.15 per unit. Total development cost is \$40,140,728 (\$304,096.42 per unit). The cash flow loan will be repaid following repayment of the deferred developer fee loan into the project, projected to begin in Year 11. The loan will have to be repaid in full at refinance or re-syndication (infusion of new Federal tax credit equity), which will likely be between Year 15 and Year 20.
