Executive Summary with Rationale and Impact:

Detailed description of the item and why we are doing it. This can be a separate attachment.

This ordinance approves an amendment to the St. Anthony Urban Redevelopment Plan for the Sloans Block 9 Project proposed for the portion of Block 9 within the St. Anthony Redevelopment Area, generally fronting West Colfax Avenue between Quitman and Perry Streets.

The Denver Urban Renewal Authority is seeking approval of the Block 9 project through an amendment to the St. Anthony Urban Redevelopment Plan (the "Plan"). Staff of the City and DURA have agreed to an Urban Redevelopment Plan Amendment and the use of TIF by DURA, subject to City Council Approval.

The general objectives of the St. Anthony Redevelopment Plan ("Plan") are to reduce or eliminate blighted conditions as well as to stimulate the growth and development of the Area by redeveloping the area into a mix of uses that may include residential, commercial, office, and/or retail, and completing the related infrastructure improvements. The Plan establishes the framework for future City Council approval of public improvement projects and private redevelopment projects and the use of Property and/or Sales Tax Increment for those approved projects. The Plan amendment will approve the Sloans Block 9 Project; the construction of a 5 and 7 story mixed use building who's uses will include approximately 176 units of income restricted permanently affordable senior/disable housing, up to 20,000 square feet of ground floor medical office/clinic space, 6,500 square feet of senior activity center, a publically accessible 5,000 square foot amenity deck and 125 parking spaces

(the "Project"). Eligible Project costs will be reimbursed from a portion of the property tax increment currently being generated from the existing St. Anthony Property Tax Increment Area approved by City Council in August, 2013. The incremental revenues will be used for the purpose of financing the Project for the benefit of the Urban Redevelopment Area.
