Affected Council District(s) or citywide?

Contract Control Number: 201208638

Vendor/Contractor Name (including any "DBA"): Brown and Caldwell Inc.

Type and Scope of services to be performed:

This On-Call Environmental Services Contract provides environmental remediation technical support and administrative environmental support necessary for the redevelopment efforts of the former Stapleton Airport and as-needed environmental support for DEN. This is the third amendment to the agreement to extend the term from six years to seven years, replace Exhibit C rate schedule, and to add \$450,000.00 to the Maximum Contract Liability for a new contract amount of \$2,150,000.00. This third amendment will allow Brown and Caldwell, Inc., to provide DEN with the necessary continuity of services to meet the redevelopment schedule and the contractual requirements of the Master Lease and Disposition Agreement (MLD). DEN, City and County of Denver, Stapleton Development Corporation and the Developer, Forest City Stapleton, have agreed to allow land purchases under the existing agreements through 2019. This will allow DEN to respond to any unknown environmental remediation issues as well as supporting the timely redevelopment effort at Stapleton by providing the necessary environmental statements required in the land transfer process. The Airport's intent is to have a competitive selection for any future DEN related work.
