Type and Scope of services to be performed:

Denver Marketing and Media Services (DMMS) conducted an RFP process in 2017 to establish multiple contracts with suppliers that will provide consulting services related to planning, managing, facilitating, and implementing marketing and branding initiatives for all City Department's programs, projects, events, and Citywide priorities. As this was the first time DMMS facilitated a procurement process of this nature, there was limited information available to establish individual contract maximums. Due to multiple City Agency requests as well as complex, multiyear marketing projects and campaigns, the current contract maximum is insufficient. The additional \$850,000 is estimated to be sufficient to be able to complete any future marketing projects throughout the duration of the contract.

Some examples of completed projects and/or projects in the queue:

- Denver Department of Public Health & Environment - Love My Air Campaign
 - o Rassman Design's expertise brought the visual, creative concept to life for the Love My Air campaign. They created the visual assets to complete a campaign brand guide that is currently on display in select DPS schools.
- Denver Department of Public Health & Environment and Department of Public Works - Vision Zero
 - o Provide the strategic framework to advance Denver's Vision Zero goals and the Vision Zero Action Plan. Outcomes include project coordination, public service announcements and technical assistance as needed.
