Vendor/Contractor Name (including any "DBA"): Burns & McDonnell Engineering Company, Inc.

Type and Scope of services to be performed:

Airport Infrastructure Management seeks to establish task-based Commissioning and Quality Assurance Services contract at Denver International Airport (DEN). The contractor will provide commissioning and quality assurance services for use on airport facility and system projects on an as-needed task order basis to comply with the City and County of Denver's Standard Specifications for Construction General Contract Conditions, Title 17 requirements for quality assurance inspection, as well as International Energy Conservation Code, Denver Mayor's Executive Order 123, and Denver Building Code requirements for commissioning. Tasks may include Leadership in Energy and Environmental Design (LEED) certified projects and may be associated with the Rolling Owner Controlled Insurance Program (ROCIP). The contractor will need to demonstrate the ability to provide personnel that are experienced in both Commissioning and Quality Assurance services that will work on projects through definition, design, construction, closeout, and occupancy. This includes but is not limited to providing qualified personnel for commissioning agents, lead inspectors, and inspector personnel.

Scope of work: The mission of the Airport Infrastructure Management Development (AIM DEV) division of Denver International Airport (DEN) is to Define, Design and Build all the infrastructure and facility developments and maintenance projects at DEN.

The contractor, as deemed necessary by the Senior Director of AIM DEV, will provide personnel that are experienced in both commissioning and quality assurance services that will work on projects through definition, design, construction, closeout, and occupancy. This includes but is not limited to providing qualified personnel for commissioning agents, lead inspectors, and inspector personnel.

The contractor shall provide on-call commissioning and quality assurance services on an as-needed basis pursuant to the terms and conditions of this Agreement and related Task Orders. The contractor shall provide such services to evaluate and/or establish compliance with relevant building requirements, including but not limited to, the City and County of Denver's Standard Specifications for Construction General Contract Conditions, Title 17 requirements for quality assurance inspection, as well as International Energy Conservation Code, Denver Mayor's Executive Order 123, and Denver Building Code requirements for commissioning. Each Task Order related to this Project shall contain a scope of work that will dictate the specific commissioning and/or quality assurance services to be provided at that time.
