Executive Summary with Rationale and Impact:

Detailed description of the item and why we are doing it. This can be a separate attachment.

Modification of Article IV on Temporary General Assistance will address privacy of client records, by stating that the use and disclosure of general assistance records shall be restricted to purposes directly connected with the administration and billing/invoicing for the general assistance program. The general assistance program is county funded, and the state statute authorizing the program does not expressly address client records. The ordinance language will mirror protections under state law for client records in state run/funded programs.
