Type and Scope of services to be performed:

Evidence strongly suggests that participation in federal nutrition programs like WIC and SNAP improves health outcomes for pregnant women, children, and families. Therefore, Denver Health and Hospital Authority will continue their programming in partnership with WIC, specialized co-enrollment, will improve Denver's suboptimal enrollment rates of these nutrition programs and reduce overall food insecurity in households with children by ensuring that eligible families become and stay enrolled in food assistance programs that increase food and economic security. This project will be an extension and expansion of a pilot project with WIC at Denver Health. This proposal will enable patients to be enrolled in and receive WIC services during pediatric and OB/GYN appointments at several Denver Health outpatient clinic locations including Eastside, Montbello, Westside, Webb Pediatrics, and Pena Clinic.
