**A resolution approving a proposed Amendatory Agreement between the City and County of Denver and Skidata, Inc. for parking equipment as part of the off-street Parking Access and Revenue Control System.**

**Vendor/Contractor Name (including any "DBA"):** Skidata, Inc.

**Type and Scope of services to be performed:**

Amend the current contract for PARCS (Parking Automated Revenue Control System) for Denver Performing Arts Center Garage and other City owned public garages. PARCS manages payment and access to public parking garages operated by DOTI and DAV (Denver Performing Arts Center Garage) This is a replacement system for the outdated equipment currently in use. Denver Performing Arts Center Garage will be installed first, followed by, Webb Garage, 303 Garage, Judges Garage and the Denver Cultural Center Garage. Installations will be by Skidata and will happen consecutively until fully installed, primarily in 2023. The overall PARCS project will be in use by DAV and DOTI to manage parking facilities efficiently for transient (customer), employee and longer-term parking needs.

This amendment is to add additional Skidata parking equipment to fully install the system, scope and funds. This equipment was either an oversight (missed) in the original contract or was update to the project to reflect changes made by the DAV when the group took over management of the Denver Performing Arts Center Garage in January 2022. DOTI and DAV are working collaboratively on this project to completion. The contract has an on-going yearly maintenance fee that will be paid by DOTI and DAV and will not be passed along to customers.
