**Affected Council District(s) or citywide?** Citywide

**Contract Control Number:** TECHS-201101011-07

**Vendor/Contractor Name (including any "DBA"):** LexisNexis Claims Solutions, Inc.

**Type and Scope of services to be performed:**

The Denver Police Department (DPD) replaced their outdated Offense Reporting System with the LexisNexis application named "DeskOfficer Online Reporting System" back in 2012; this system remains as DPD's main online Citizen Reporting tool. In 2016, DPD added the Request A Report functionality to the online reporting tool. This new functionality will allow citizens to request and pay for a report via denvergov.org (types of reports include, but are not limited to: accident, offense, arrest, and 911 call recordings). This contract amendment will allow for continued use and vendor support of the DeskOfficer Online Reporting tool including the Request A Report functionality. Support includes issue resolution assistance to ensure the application is functioning at its maximum capacity.

The process to amend this contract was initiated in September of 2017 in an effort to have the amendment completed prior to the expiration date. There were several legal terms that needed to be clarified during this process that delayed the signing of the amendment. The City and vendor were able to agree upon the terms and the vendor has signed the contract.
