**Type and Scope of services to be performed:**

CCH is providing clinical screening and triage services on-site at shelters identified by the Denver COVID-19 Joint Task Force and consists of two main components

1. Mobile training and technical assistance for shelter screening: Between the hours of 8:00 a.m. and 4:00 p.m., or alternative hours as determined by need, CCH staff will provide mobile training, technical assistance, and support to shelter staff performing screening of all guests entering auxiliary shelters operated in partnership with the City of Denver. Training and technical assistance will be provided by a medical assistant experienced in the screening process including the correct use of temperature screening and symptom-based screening questions. This resource will be mobile and available to all shelter locations based on need as determined by the Denver COVID-19 Joint Task Force. Screening questions will be developed in accordance to public health guidance, and together with input from HOST and Denver Department of Public Health and Environment (DDPHE).
2. Clinical triage and referral to testing: For guests of the shelters who were identified as experiencing symptoms of illness, they will be directed to an on-site triage/clinic for further assessment of symptoms. Next, CCH clinical staff will make decisions for best next step for treatment and housing, including referrals to protective action rooms for at-risk individuals, referrals for COVID-19 testing, and referrals to activated respite rooms for those guests in need of isolation.

CCH will provide these services at shelter sites identified by the Denver COVID-19 Joint Task Force in order to monitor possible COVID-19 symptoms in shelters and mitigate outbreak potential in shelters.
