Executive Summary with Rationale and Impact:

Detailed description of the item and why we are doing it. This can be a separate attachment.

The proposed ordinance authorizes the Manager of Finance to issue a par-amount not to exceed \$500 million Airport System Senior Revenue Bonds, Series 2019A-D, for the purpose of refunding existing Airport bonds, paying for costs of terminating certain swaps and paying the costs associated with the issuance of the Series 2019A-D bonds.

Use of Series 2019A-D Bond Proceeds

The refunding of the bond series listed below, are being done as part of the ordinary course of debt administration, which requires the City to address certain mandatory tender dates on its variable rate obligations. Current market conditions are favorable to allow for fixing the rate on these bonds and terminating associated swaps. Additionally, the City is capturing the opportunity to refund currently callable bonds in order to realize interest rate savings.

The Series 2019A (AMT*)- Par Amount not to Exceed \$210 million

The Series 2019A Bonds will be designated as Alternative Minimum Tax (AMT*) bonds. These bonds will be used to refund the Series 2008C2-3 bonds, which have a mandatory tender date of August 29, 2019.

The Series 2019B (Taxable)- Par Amount not to Exceed \$30 million

The Series 2019B Bonds will be designated as taxable bonds and will be used for terminating swaps associated with the Series 2008C2-3 bonds, that were not integrated for tax purposes.

The Series 2019C (Non-AMT*)- Par Amount not to Exceed \$160 million

The Series 2019C Bonds are not subject to the Alternative Minimum Tax (AMT*) and will be used to refund the Series 2009A Bonds for interest rate savings. Based on current rates, savings are estimated to exceed \$30 million.

The Series 2019D(Non-AMT*)- Par Amount not to Exceed \$100 million

The Series 2019D bond are not subject to the Alternative Minimum Tax (AMT*) and will be used to refund the Series 2016B bonds which have a mandatory tender date of November 15, 2019 and to pay costs associated with terminating associated swaps.

* AMT bonds are tax-exempt obligations that are subject to taxation for certain higher income investors defined by Internal Revenue Service regulations. Bonds that fund governmental purpose projects, such as airfield improvements are generally not subject to AMT, while bonds issued to fund what the IRS designates as private activity projects such as terminal projects are.

This request should be read in conjunction with the ordinance request being submitted

simultaneously requesting authorization to issue subordinate airport bonds up to the same amount for the same purposes. The Department of Finance would like to preserve the flexibility to allocate between the senior and subordinate liens based on what is most financially advantageous, as we closer approach the sale of the bonds. In order to facilitate this flexibility, two ordinances for substantially the same amounts and purposes - one authorizing senior bonds and the other authorizing subordinate bonds, but the aggregate amount of senior and subordinate bonds issued under these ordinances will not exceed the maximum \$500 million par amount are being submitted. The final par amount and interest rate of the 2019A-D Bonds will be determined at the time of the bond pricing (to occur after City Council approval) but will in no event exceed the authorized amounts. The Series A-D bonds will be issued as fixed rate obligations with a term not to exceed 30 years. The term of the refunded bonds will not be extended.

The Airport's current underlying senior bond ratings are A1/A+/AA- respectively by Moody's, Standard and Poor's, and Fitch. The Series 2019A-D will be evaluated by the three major rating agencies and we expect a final rating prior to posting of the preliminary official statement, slated for 7/29/2019.

The City has by ordinance designated the Department of Aviation as an Enterprise within the meaning of the TABOR Amendment to the Colorado State Constitution. Senior Airport System Revenue Bonds are special obligations of the City, for and on behalf of the Department of Aviation, payable solely from and secured by a senior lien pledge of the Net Revenues of the Airport System. Neither the full faith and credit, nor the taxing power of the City, will be pledged in payment of Airport System Revenue Bonds.
