**Affected Council District(s) or citywide?** Citywide

**Contract Control Number:** EXCIS-201522947-00

**Vendor/Contractor Name (including any "DBA"):** PMAM Corporation

**Type and Scope of services to be performed:** PMAM provides a software as a service (SAAS) solution whereby security alarm customers can comply with Denver's alarm ordinance. PMAM facilitates the City's security alarm program. In Denver, all security alarms are required to be permitted. PMAM provides end-to-end management of the City's security alarm ordinance. The scope of work allows for the intake, payment of issuance of new and renewed permits. Once a permit is issued, PMAM maintains digital connection to 911 dispatch and DPD allowing for these agencies to know, in real time, if an active alarm is associated with an active valid permit. If a customer violates the requirements of the ordinance (with false alarms or other issues) PMAM's system allows for the issuance and adjudication of enforcement citations.
