*These appear on the Council meeting agenda. Initially, the requesting agency will enter a 2-3 sentence description. Upon bill filling, the City Attorney's Office should enter the title above the description (the title should be in **bold** font).*

*Both the title and description must be entered between the red "title" and "body" below. Do **not** at any time delete the red "title" or "body" markers from this template.*

A resolution approving a proposed First Amendment between the City and County of Denver and TransCore, LP concerning Automated Vehicle Identification (AVI) revenue control system and Gatekeeper Software at Denver International Airport.

Amends a contract with TransCore, L.P. by adding \$1,289,144 for a new total of \$2,592,467 and two years for a new end date of 10-23-22 for support of maintenance, upgrades, and professional services for the Automated Vehicle Identification (AVI) revenue control system and the Gatekeeper software at Denver International Airport (202054279-01). The last regularly scheduled Council meeting within the 30-day review period is on 8-31-20. The Committee approved filing this item at its meeting on 8-5-20.

Affected Council District(s) or citywide? Council District 11

Contract Control Number: 202054279-01

Vendor/Contractor Name (including any "DBA"): TransCore, L.P.

Type and Scope of services to be performed:

The purpose of this amendment is to extend the current maintenance service agreement with TransCore that started on October 24, 2017. The 1.3 million contract liability will be exhausted by the end of the current term, October 23, 2020. This first amendment is requesting to exercise the 2 one-year extensions and a budget increase of \$1,289,144. The increased amounts in 2020 and 2021 are for software and hardware changes associated with the public parking facilities as they transition to NextGen. Additionally, TransCore is responsible for providing support in terms of maintenance, upgrades, and professional services for DEN's Automated Vehicle Identification (AVI) revenue control system and the Gatekeeper software. The AVI system is a critical component of both the Ground Transportation - commercial vehicles and transportation network company access process - and the DEN Parking facilities services. The system also plays a key part in reporting trip charges for invoicing of the collection of revenue. Due to the proprietary nature of the TransCore System, it is advantageous to DEN to continue the maintenance services of TransCore.

Location (if applicable):

WBE/MBE/DBE goals that were applied, if applicable (construction, design, Airport concession contracts):

Are WBE/MBE/DBE goals met (if applicable)?

Is the contract new/a renewal/extension or amendment?

Was this contractor selected by competitive process or sole source?

For New contracts

Term of initial contract:

Options for Renewal:

How many renewals (i.e. up to 2 renewals)?

Term of any renewals (i.e. 1 year each):

Cost of initial contract term:

Cost of any renewals:

Total contract value council is approving if all renewals exercised:

For Amendments/Renewals Extensions:

Is this a change to cost/pricing; length of term; terms unrelated to time or price (List all that apply)?

If length changing

What was the length of the term of the original contract?

10/24/2017 to 10/23/2020

What is the length of the extension/renewal?

Two years

What is the revised total term of the contract?

10/24/2017 to 10/23/2022

If cost changing

What was the original value of the entire contract prior to this proposed change?

\$1,303,323.00

What is the value of the proposed change?

\$1,289,144.00

What is the new/revised total value including change?

\$2,592,467.00

If terms changing

Describe the change and the reason for it (i.e. compliance with state law, different way of doing business etc.)
