Executive Summary with Rationale and Impact:

Detailed description of the item and why we are doing it. This can be a separate attachment.

This ordinance makes various changes to Excise and Licenses' existing regulations surrounding licensed security guards and private businesses who employ security guards. The changes are largely centered on requiring basic standards for training, enhanced FBI background check procedures, defining specific duties that require licensure, and removing antiquated ordinance language, such as renaming the existing "merchant guard license" to "security guard license". The ordinance also provides more clarity to certain duties and job functions that are exempt from licensure.
