Executive Summary with Rationale and Impact:

Detailed description of the item and why we are doing it. This can be a separate attachment.

The Special Districts Revolving Loan Fund (11865-2590000), funded initially by a one-time \$200,000 transfer from the general fund in 2018, will support the continued creation of business improvement districts (BIDs) and general improvement districts (GIDs) in the City and County of Denver. Other sources of revenue include loan payments, interest payments, and other sources of potential revenue. BIDs and GIDs will continue to be utilized by Denver as a formal mechanism to compel community financial support in furtherance of key aspects such as the promotion of businesses in targeted districts through specific marketing and placemaking activities and providing enhanced levels of services including the acquisition, installation, maintenance, and financing of enhancements in the public right of way. These enhancements can include specialized cross walks, improved sidewalks, additional pedestrian lighting, wayfinding signs, planters and bus shelters. After the initial one-time transfer
