**A resolution approving a proposed Contract between the City and County of Denver and Cubic Transportation Systems, Inc. concerning a service agreement for the NextStop systems for shuttle bus services at Denver International Airport.**

Approves a contract with Cubic Transportation Systems Inc. for \$1,780,369 and for three years, with two additional one-year options to extend, to provide a service agreement and warranty coverage for the DEN-owned Cubic Transportation Automatic Vehicle Location (AVL) Real Time Passenger Information system and provide the NextStop system, which is an Automatic Voice Announcement System that displays and announces upcoming location stops to bus passengers at Denver International Airport (201843845). The last regularly scheduled Council meeting within the 30-day review period is on 10-28-19. The Committee approved filing this item at its meeting on 9-25-19.

**Affected Council District(s) or citywide?** Council District 11

**Contract Control Number:** 201843845

**Vendor/Contractor Name (including any "DBA"):** Cubic Transportation Systems Inc.

**Type and Scope of services to be performed:**

This contract request is to provide a service agreement and warranty coverage for the DEN-owned Cubic Transportation Automatic Vehicle Location (AVL) Real Time Passenger Information system. This AVL system is currently installed in the shuttle bus fleet. The City and County of Denver acquired the Cubic Transportation system at DEN from the previous shuttle bus management contractor as part of a negotiated contract extension. This agreement will provide for maintenance, an extended warranty of hardware, software support and additional services, which may include: equipment for increase in shuttle bus fleet size; replacement of existing signage; and expansion of signage into additional parking lot. Additionally, Cubic Transportation will provide the NextStop system, which is an Automatic Voice Announcement System that displays and announces upcoming location stops to bus passengers. The features of the NextStop system will satisfy the compliance requirement by the Americans with Disabilities Act for public transportation vehicles. This Scope of Work includes procuring, configuring, installing, integrating, testing and warranting a fully operational and functional NextStop system. Also included is equipment removal from decommissioned shuttle buses and equipment installation in new shuttle buses during the term of the contract. The term of this contract will extend beyond the shuttle bus contract expiration date. This extension will allow time for the removal of the City-owned Cubic Transportation equipment from the contractor-owned buses.
