Vendor/Contractor Name (including any "DBA"): The Architerra Group, Inc

Type and Scope of services to be performed:

Amendment to increase spending capacity for services needed for planning, programming, and designing various park projects.

This contract is for Landscape Architectural consulting services, and in conjunction with the

other on-call contracts, is used to plan and design the majority of the (40-50) Capital Projects done annually. The types of projects these consultants typically work on are Neighborhood Park improvements (i.e. playgrounds, tennis and basketball courts, picnic areas and new walks and trails). DPR will be procuring a new round of on-call Landscape Architectural contracts later this year, however, due to increased project loads due to capital budget expansions and the GO Bond, DPR needs to increase the capacity of the current contracts to ensure continued work until the new contracts are in effect. These projects are important for the neighborhoods in every Council District, and impact our ability to deliver our capital projects on the schedules we've established.
