Vendor/Contractor Name (including any "DBA"): Cintas

Type and Scope of services to be performed:

Currently DEN has various contracts and purchase agreements to provide uniform and branded items to workers. It is DENs desire to have a comprehensive strategy with a single contracted vendor for uniform designs for all uniformed workers. DEN is seeking a uniform company with experience in design, production, sales, rental, and full-service maintenance services to include

rental, repairs, laundering and inventory management. The supplier will provide a blend of off the shelf and custom uniform design services to create a family of DEN brand inspired uniforms for all DEN uniformed employee workgroups. The scope of services will include approximately 15 different uniform designs for the various work groups around DEN. DEN has an agreement today with a vendor to provide rental garments to the Airport Infrastructure Management division. In additional divisions such as Customer Service, Volunteer Programs, and Airport Operations, allocate budget to purchase DEN branded clothing items for each of their work groups with various suppliers. This contract would centralize all branded clothing items into a single vendor, providing consistent branding, quality of craftsmanship, and ease of procurement and inventory management. Funding for this contract will come from the reallocation of each divisions uniform and clothing spending budgets combined as the new vendor would provide a "one shop" solution for all work groups.
