Executive Summary with Rationale and Impact:

Detailed description of the item and why we are doing it. This can be a separate attachment.

A Certificate of Demolition Eligibility (CDE) application for the property at 123 Speer Blvd, was submitted to CPD on December 4, 2021. Landmark staff reviewed the property and found it had the potential to be an Individual Denver Landmark. Staff posted public notice of the CDE application. During the public notice period, three residents of Denver filed a Notice of Intent, which extended the posting period and initiated third-party facilitated stakeholder meetings. At the end of the posting period, no consensus had been reached through the stakeholder meetings and three Denver residents submitted an owner-opposed designation application. At the Landmark Preservation Commission (LPC) public hearing on April 6, 2021, the LPC found that the designation application met six of ten criteria, recommended approval, and forwarded it to City Council for their review.
