Type and Scope of services to be performed:

Shanahan Development, through its entity 3501 Chestnut Development, LLC is requesting an additional \$735,000 to supplement the approved \$2,450,000 performance loan to develop a 49-unit condominium project with 14 one-bedroom, 27 two-bedroom, 8 three-bedroom units, and three commercial spaces. Funding will be for acquisition, hard construction costs and soft costs. When certificates of occupancy are received, Elevation Community Land Trust ("ECLT") will purchase the completed land and building improvements. ECLT will sell the units to buyers with incomes at or below 80% of the area median income and retain ownership of the land. They will record their land lease which will ensure the units will remain affordable for households at or below 80% AMI for 99 years. The loan agreement, promissory note, and deed of trust will be assigned to ECLT upon their acquisition of the land and improvements. ECLT will be responsible for buyer income qualification, initial and subsequent sales, and long-term stewardship of the development. The City will monitor ECLT's income verification process and resale process to ensure compliance with the loan agreement.

On November 8, 2021 City Council approved a performance loan of \$2,450,000 to support the development of a 49-unit affordable housing project known as Chestnut Place Lofts, providing homeownership opportunities to low- to moderate-income home buyers. The increased funding through this amendment will close the gap resulting from nearly \$2.2 million in construction cost increases associated with this homeownership development. The project partner, Elevation Community Land Trust (ECLT), has agreed to contribute additional equity toward the increased construction costs so that, along with an increase in the City loan amount, all project finances sources will be committed and the project can proceed with construction.
